Book as Alphys

I can't mix their names up,can you think of something?

When me and my sister were brainstorming characters for Alphys,the first thing my sis thought was Golf Ball.I thought GB was good too,but I thought that she isn't awkward and nervous enough.So Book was a better choice.

P.S. I'm kinda tired of GB being the nerd character in crossovers.I'm really picky on who's the nerd character sometimes.

The Announcer Speaker Box as Mettaton

This is EXTREMELY obvious.They are both hosts in a game show and they are both electric!This is a perfect crossover!

Their name combined is Mettannouncer.That might be too long...

Also,question.Should he still talk in text-to-speech?And when Frisk pulls the switch,he should have Mic's voice?

Edit: For the song,instead of "Metal Crusher" for the video.I put "It's Showtime!" Cause I like it.

Microphone as Mettaton Ex

Oh Yes~

When I was thinking of an object for Mettaton Ex,I originally thought Match would be perfect for Him.But no,I was looking at the I.I. cast and found that Microphone is better.

Also,the reason why I'm choosing a female character for this role is because Mettaton looks somewhat female.I mean,some people would mistake Mettaton being a woman,I know I did.

I have like a big list of what His mix up-name would be.

Microton
Mettaphone
MettaMic

The name I am now going with is Mettannouncer (EX) I know it doesn't have Mic's name in it.Just deal with it.

Yeah.

Bow as Muffet.

When I drew this crossover,I knew Bow suited Muffet very well.

I draw this crossover waaaaay too much.I call it Bowfett.

They don't have much in common.Save for the fact that they sell things.

Does anyone know who her Spider-pet should be?

Bubble as Temmie

Hoi! I kno THIS CroSS wold BE SO perf!! I tHINK yoU shoULd thInK SO TWO!!!

DiS croSsOvR iS CaLLed TEBBLE!!

Fries as Burgerpants.

I like it.

Possible crossover names:

Burger Fries

Fries Pants

IDK seems good.

Ice Cube as Frisk

I can't really think of any other character that fit Frisk.So Ice Cube was the best choice for them.

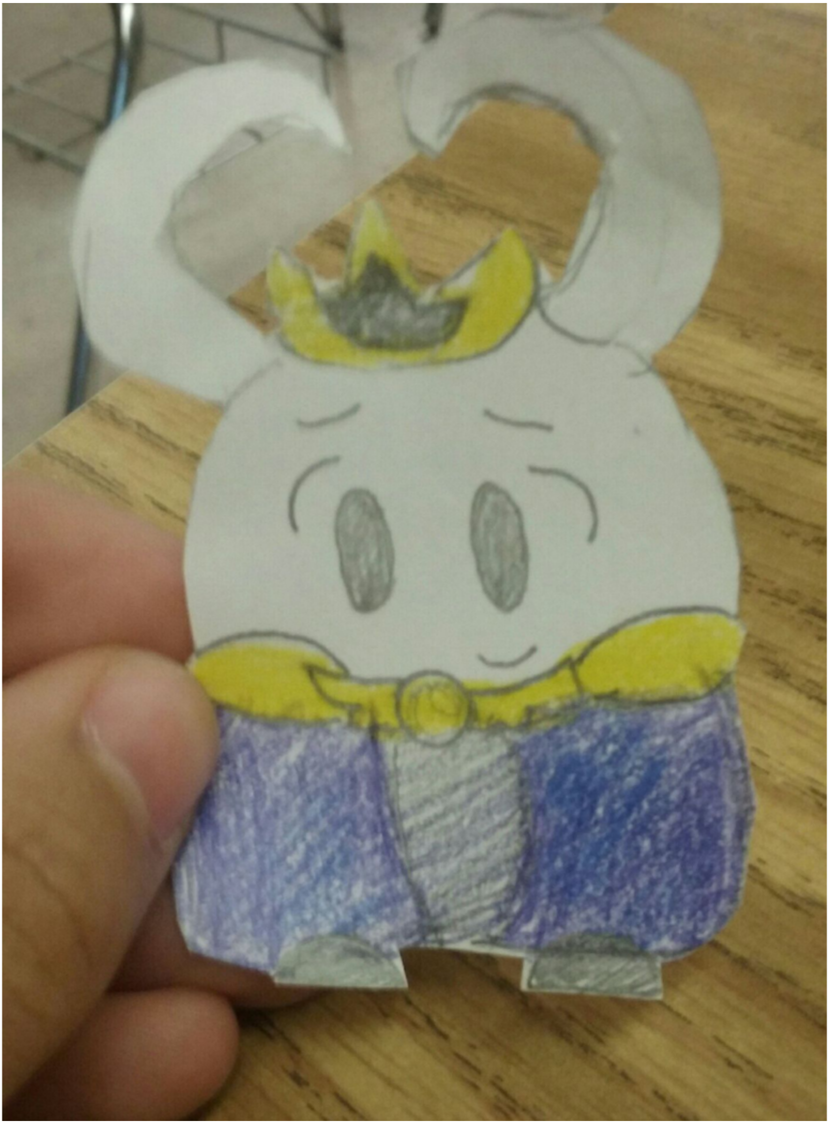
I call their name Frisk-Cube.This is really cute,I must say.

Also,Ice cube is sometimes evil,and good as well.And so is Frisk (If you choose for them to be)

Snowball as Asgore

I don't have a picture for this crossover.My sister's idea to have him as Asgore.IDK why,but I like it :3.

Edit: After all these weeks,I finally brought my lazy ass to make Asgore-Snowball.I just made him paper figurine-form because I didn't want do draw him again.



There ya go!
Sorry if the coloring is off.

Also,his crossover name is Snowgore.

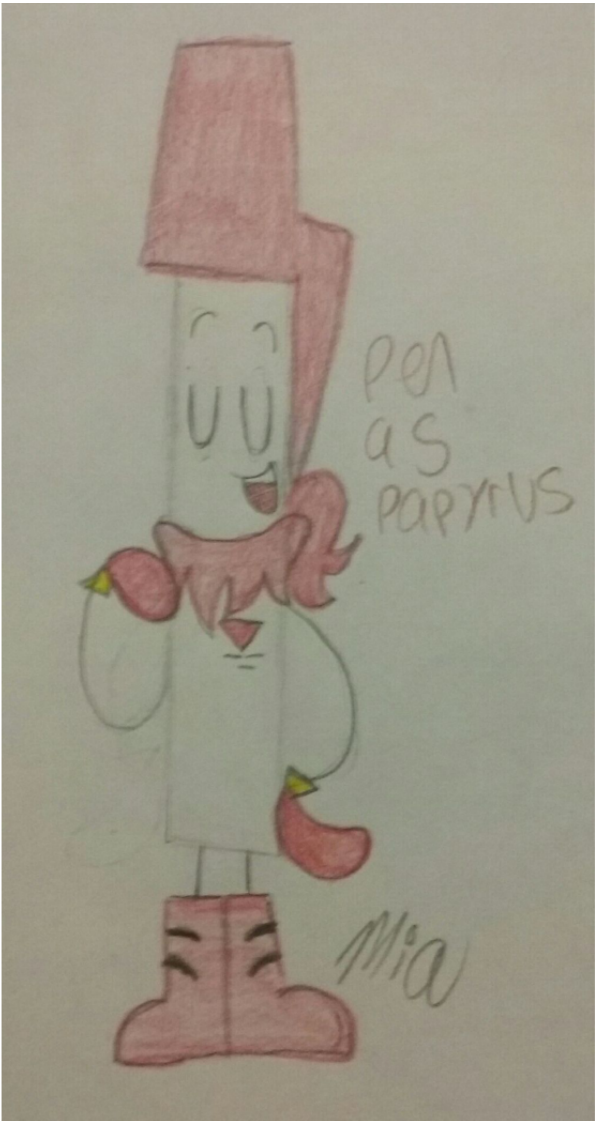
Taco as Chara

I made this crossover because both of these characters CANNOT be trusted at all.

The cross name I'm going with is TACHARA!I give thanks to CanIHazMeep for reccomending that name.You get spaghetti.

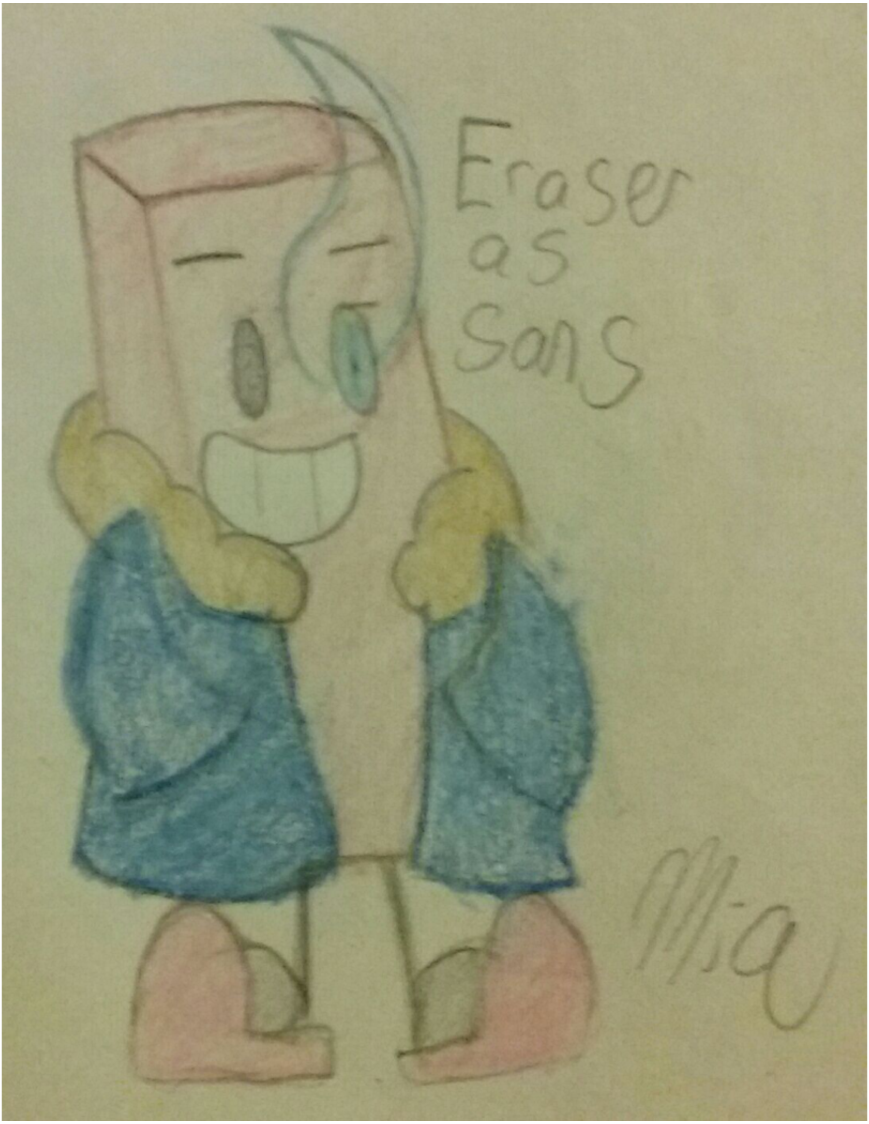
Crossovers that are not mine.

Even though some of these crossovers are not completely mine,I changed up some of their designs a little (don't get mad)



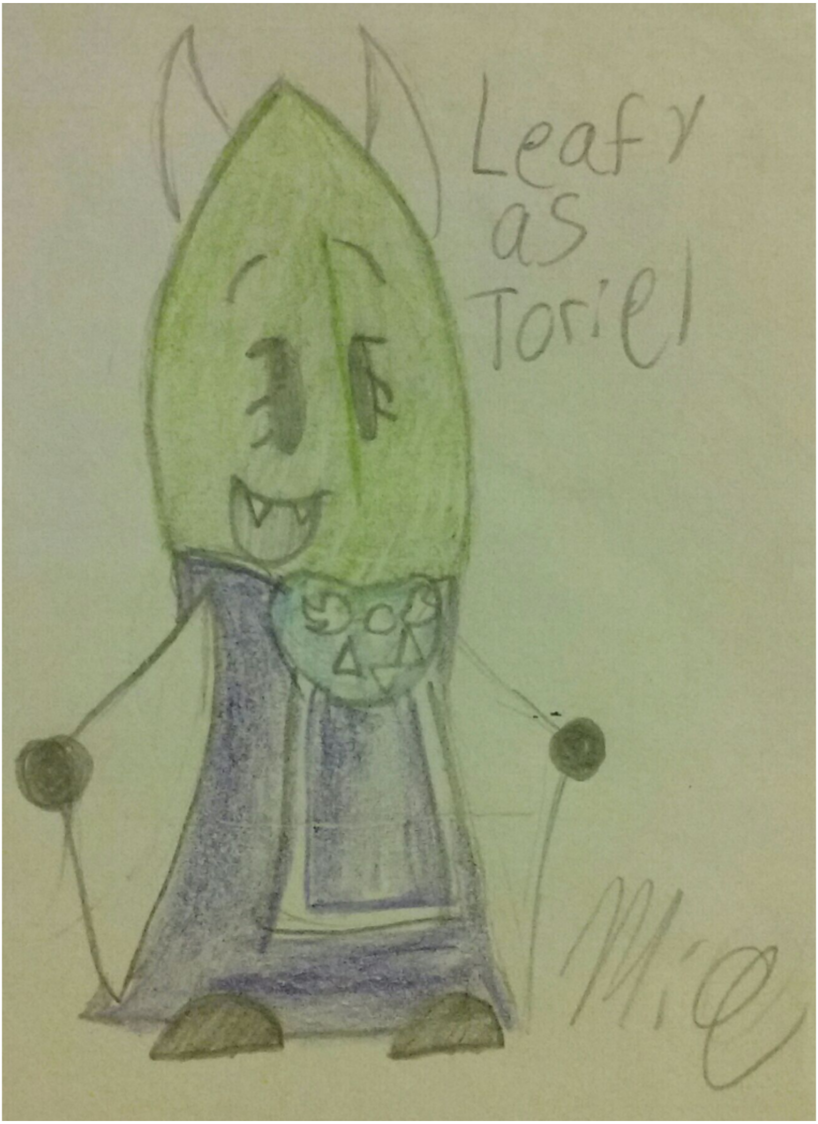
Pen
as
Papyrus
Mia

OH WOWIE!Pen as Papyrus.I think this is awesome since Pen is my favorite male character in BFDI and Papy is my favorite male character in Undertale.

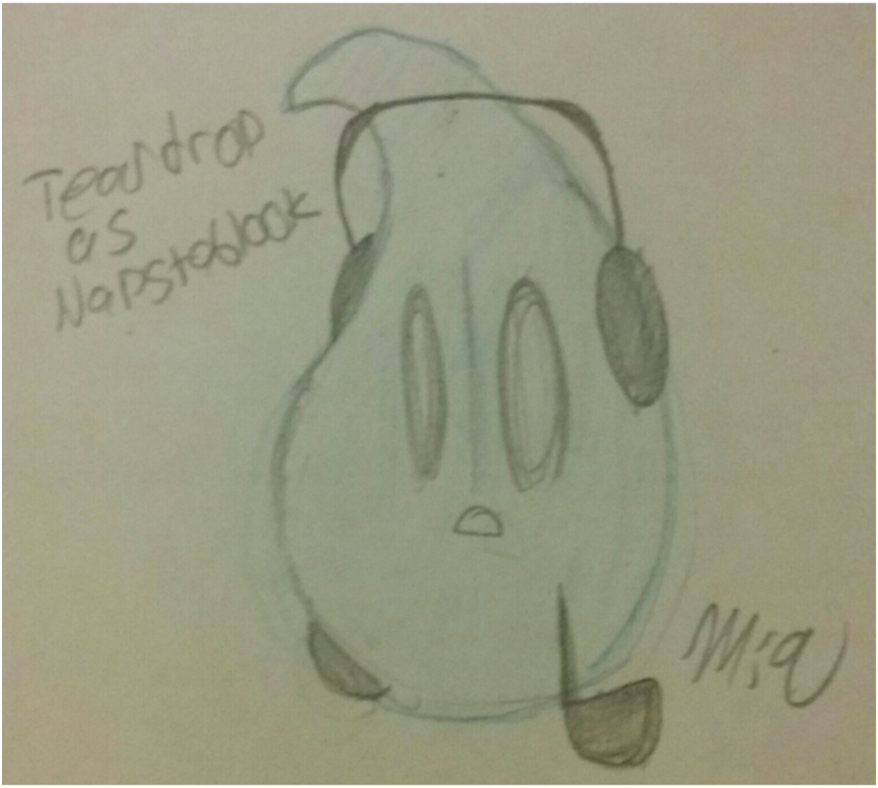


Eraser
as
Sans
Mia

Eraser as sans.Pretty cool.I believe they have something in common that makes this awesome!

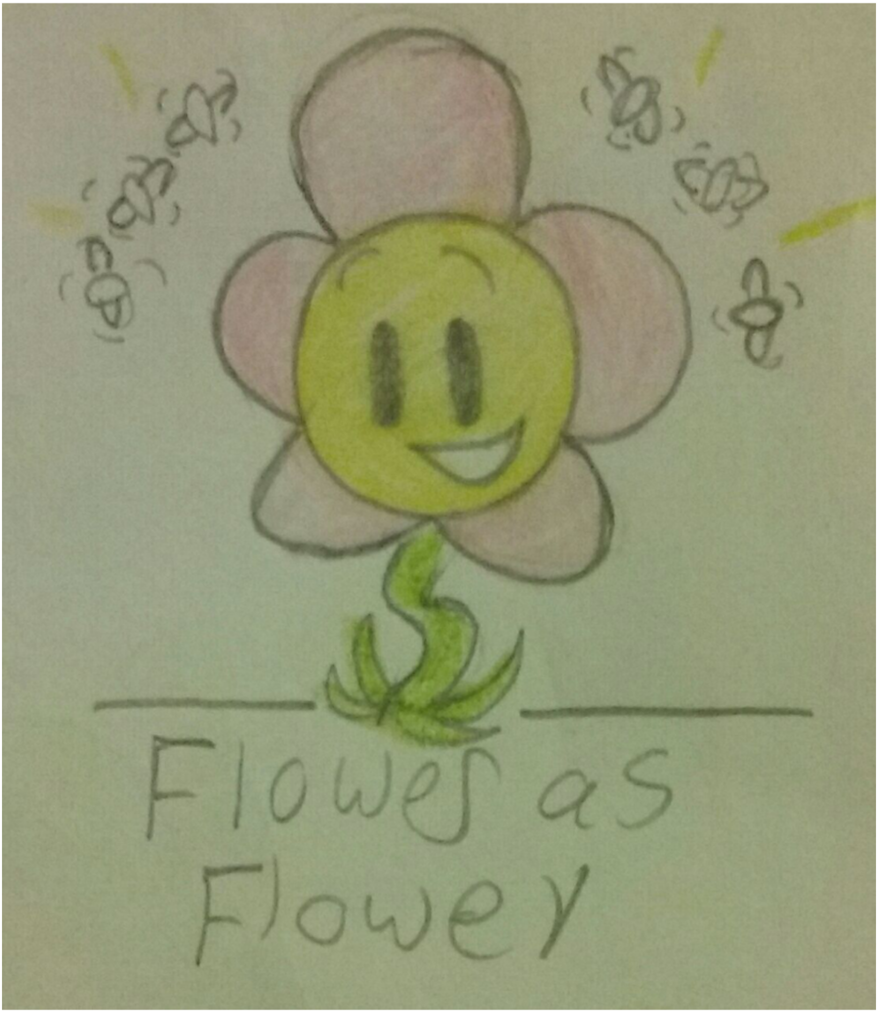


Leafy as ToriеI.I really changed her up from her original design by someone else (you know who you are) I think this was a good idea,because of how extremely nice and protective they both are.



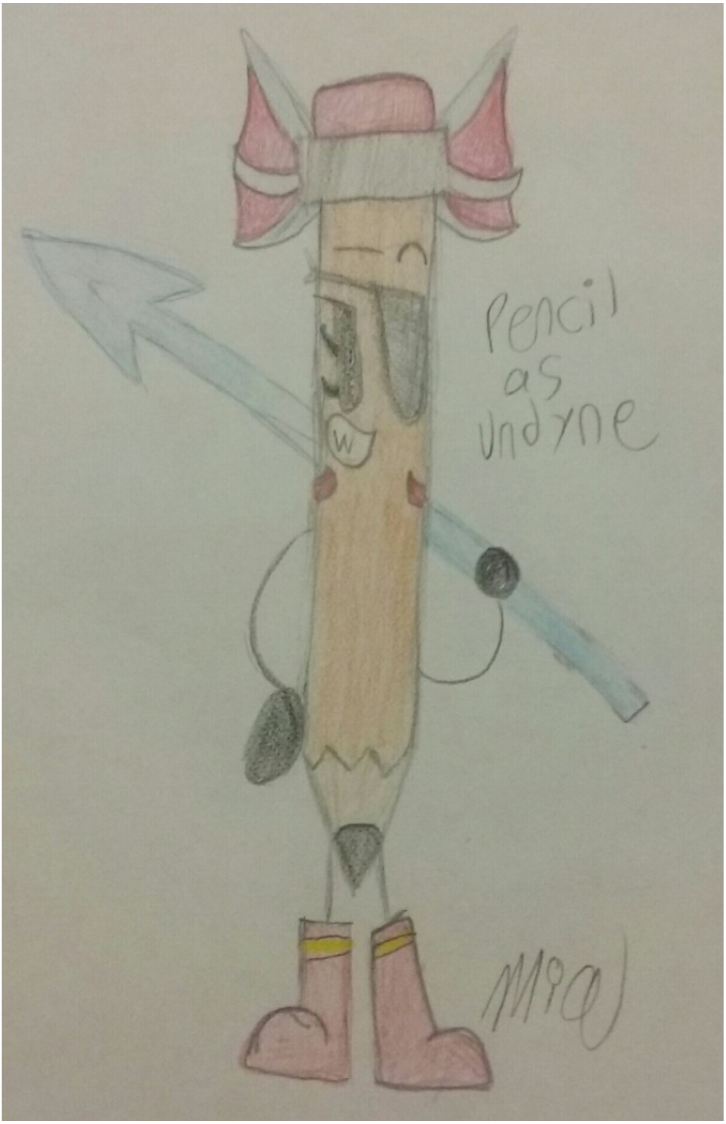
Teardrop
as
Napstablook
Mia

Teardrop as Napstablook I changed this alot from the original design too.I redesigned him so he could look more like the one in Undertale.

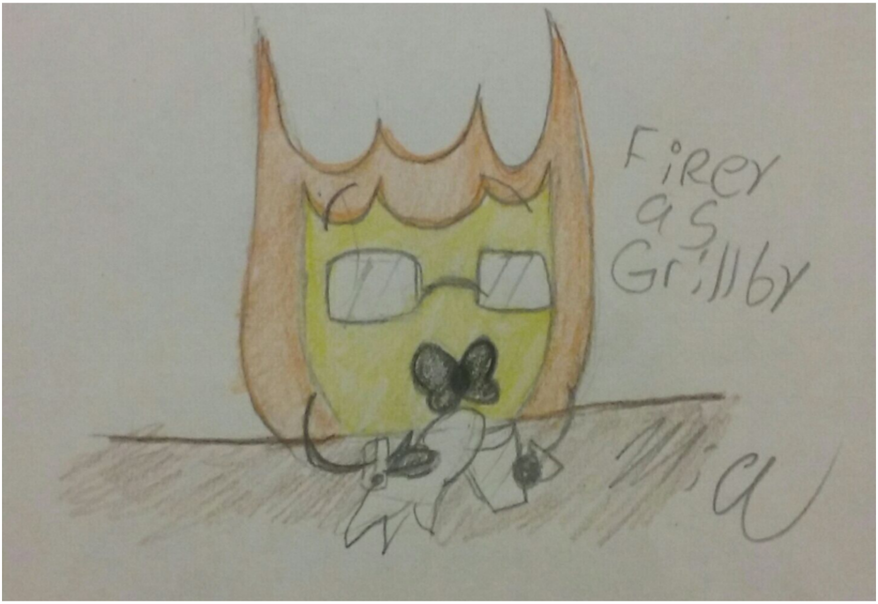


Flower as
Flowey

Flower as Flowey.I guess this was obvious.



Pencil as Undyne.I really redesigned her alot(I'm sorry,but I don't like her original design)I believe Pence-Pence was picked to be Undyne because she was the closest object that could become a tomboy,I guess.

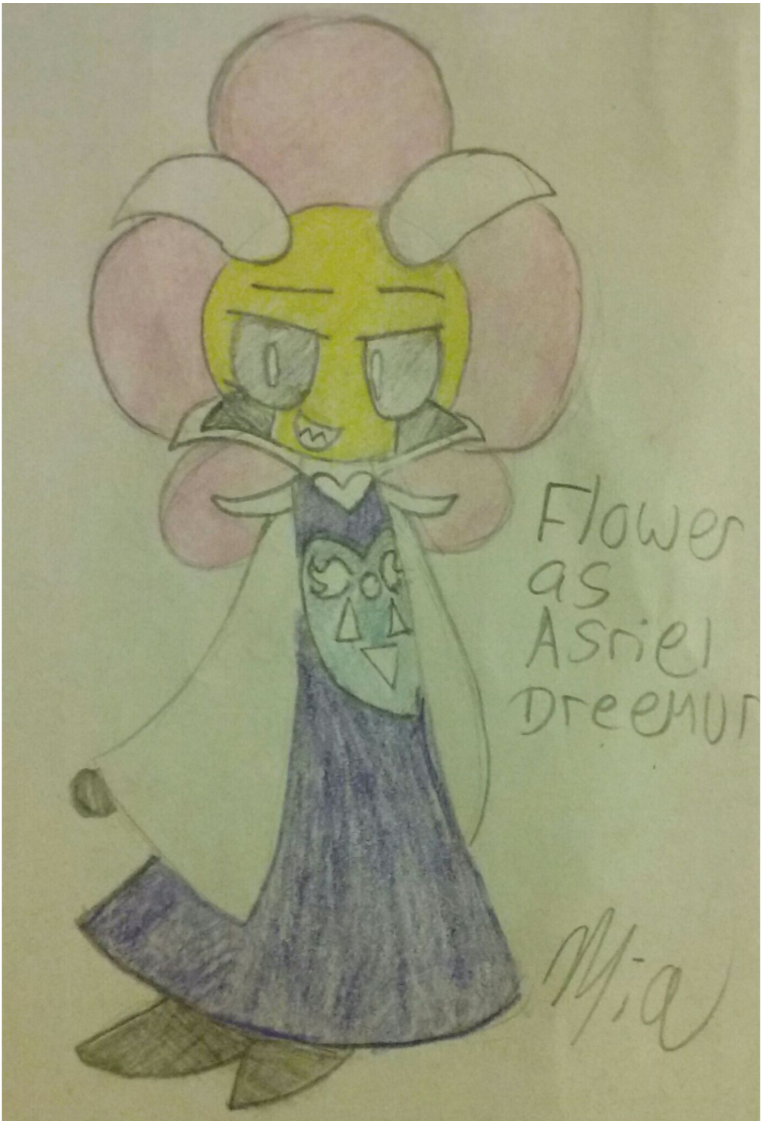


Firey
as
Grillby

Firey as Grillby.This was obvious as well.Because they're both fire.

Flower as Asriel

Flowey and Asriel are the same guy right?So,because I'm lazy,I made Flower Asriel along with Flowey.



Flower
as
Asriel
Dreemur
Mia

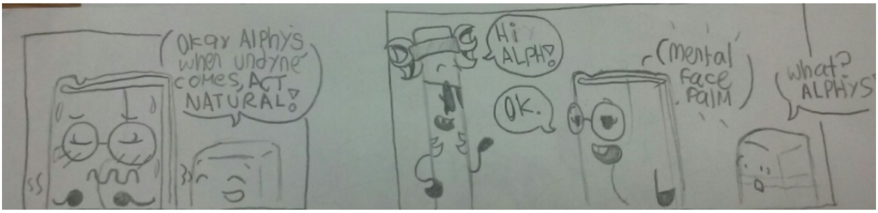
And also this!

Salt and Pepper as Bratty and Catty

It was a little obvious with this one,they all have similar personalities.This crossover was really hard to draw,because I haven't drawn Salt & Pepper in a long time.

Edit:I majorly changed their design.The old one was a bit boring.

Working on a little ObjectTale comic



Okay Alphys when undyne comes, ACT NATURAL!
Hi ALPH!
OK.
(mental face palm)
what? ALPHYS

There ya go!

SHOW ME YOUR IDEASS!

You readers can help me make more crossovers!Tell me your ideas for ObjectTale crossovers in the comments!

I really need your help,Let's make this book grow together!

205 Reads!

I give thanks to all my readers for clicking this book.Sure, 205 may not seem to be a big number compared to other books.But I'm proud of myself.It warms my heart to know I have people who like my crossovers.

Paper Figurines.

I made these at school because I love these crossovers way too much.I play little games with them.It's Cyot!

Months later:I have lost all of the original figurines.Paper doesn't last long you know...

However,I made new ones.Heres a pic.

I also made figurines of Underswap(ObjectSwap) versions of them.

Balloon as Jerry

I thought Balloon was a good fit for Jerry.And it's easy to draw.I don't have alot to say for this one.

Except that the wifi here sucks.

Color scheme for Alphys-Book

It was really hard to determine her color scheme than I originally thought.I decided to go with this.

She looks like a TWOW contestant tho...

I have never been so proud of a picture before.

I have made a picture that I beleive is GENIOUS.

It may not look like much,but I worked so **HARD** on this picture.

Yes...it has something to do with ObjectTale.

Also,I made this on MS paint.

But don't worry!It's really good!

I make so much gaps between sentences lol.

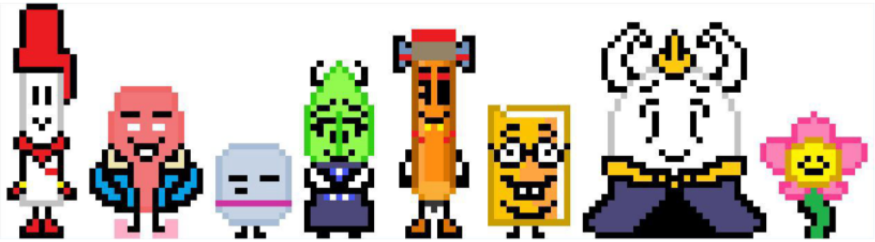
I fangirled so much when I finished this picture for some reason.

Ok…the time has come…

…For me to show you this picture I made…

Ready?

Ok…



There.I made sprite art of a few ObjectTale characters.Yay!

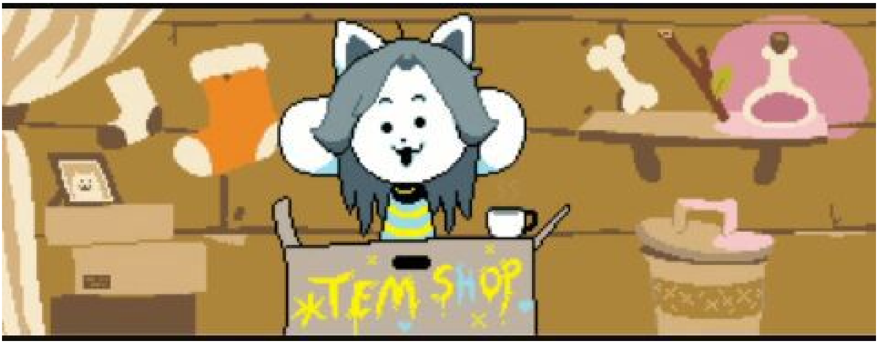
This took me so long to make and perfect.I just love this so much.Although it's weird to be so fond of a picture from MS paint.Don't judge,ok.

Thank you.

Edit:I changed the picture to be straight from the computer yay…

Tem Shop Bubble

Yeh...I did another pixel thing.But this time it's the Temmie shopkeepper.I got really frustrated while making this for some weird reason...IDK why.



Here's the real Temmie Shopkeeper to compare to the one I made.

Edit:I changed the picture for your reading pleasure.

Oh My God…

This book is one view from being demonic…oh no.

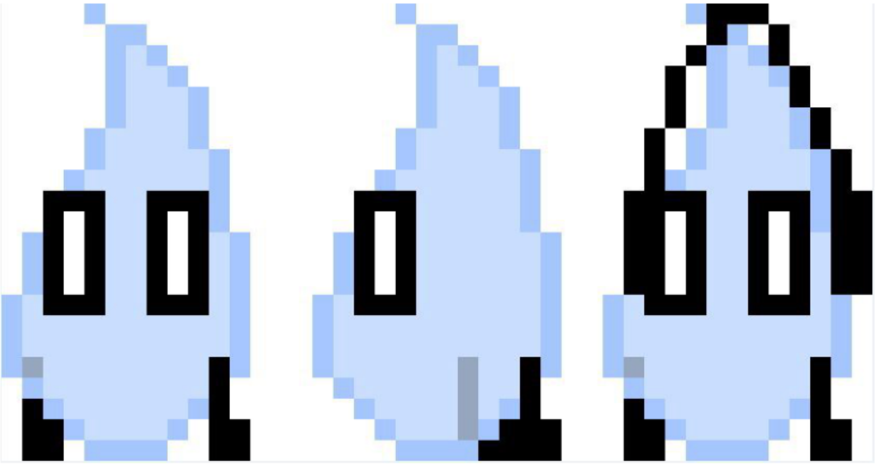
Not Demonic!

Thank God...669 views.That was a close one!

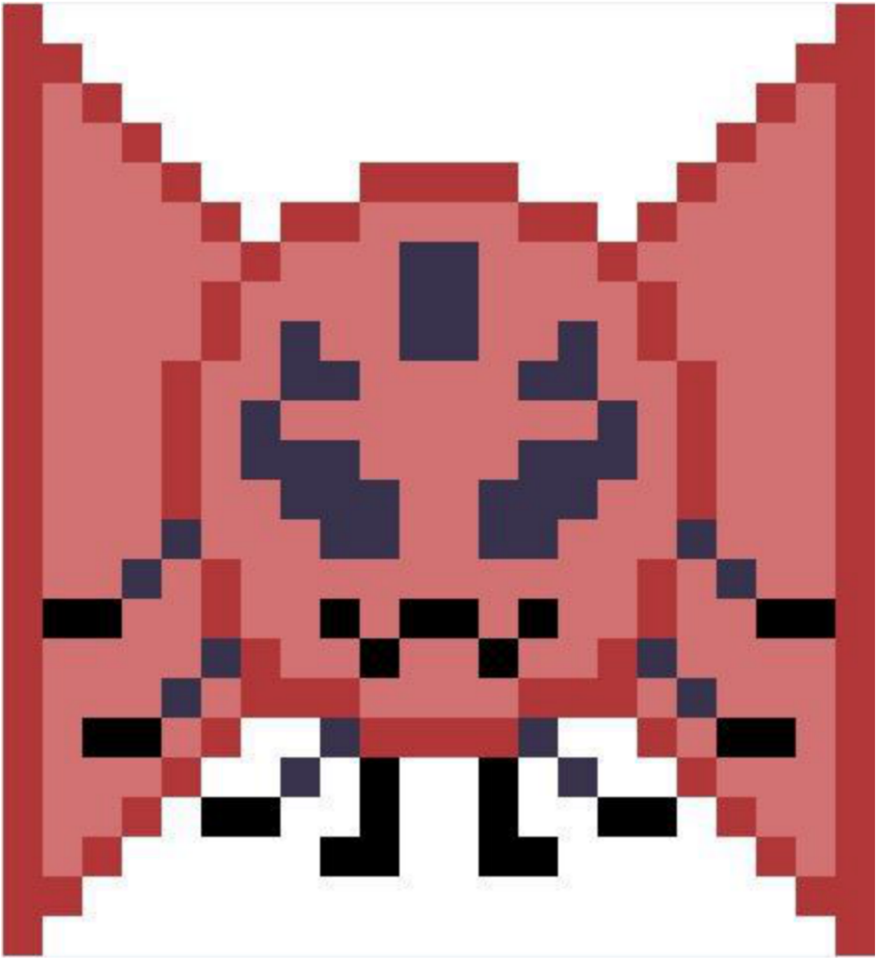
HueHue...69...

Moar Sprites!

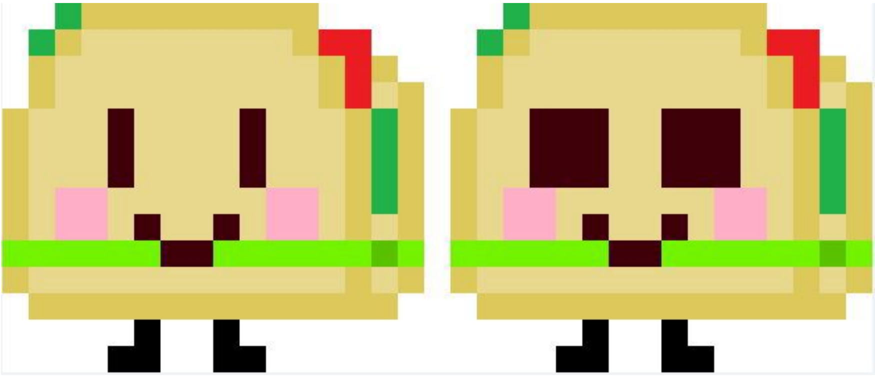
I made way too much of these.So I'm gonna share some.YAY!!



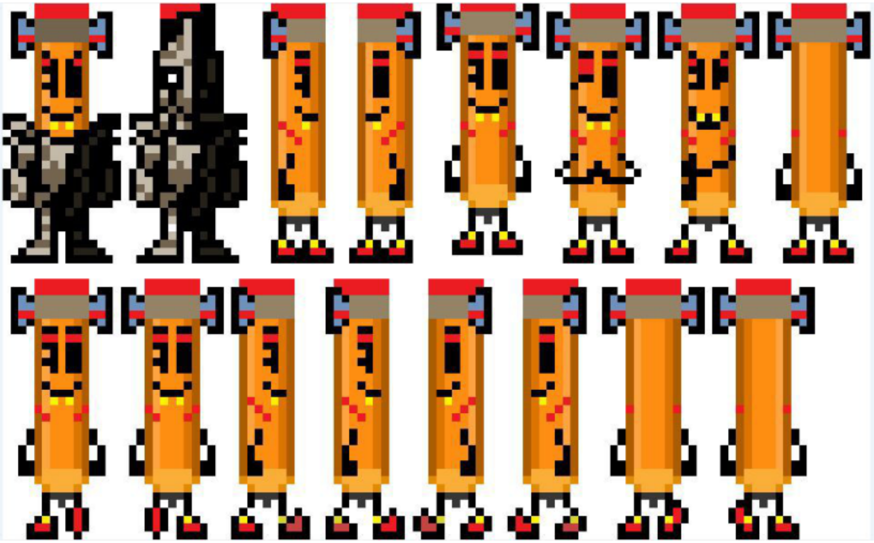
We start off with a simple Tearstablook.



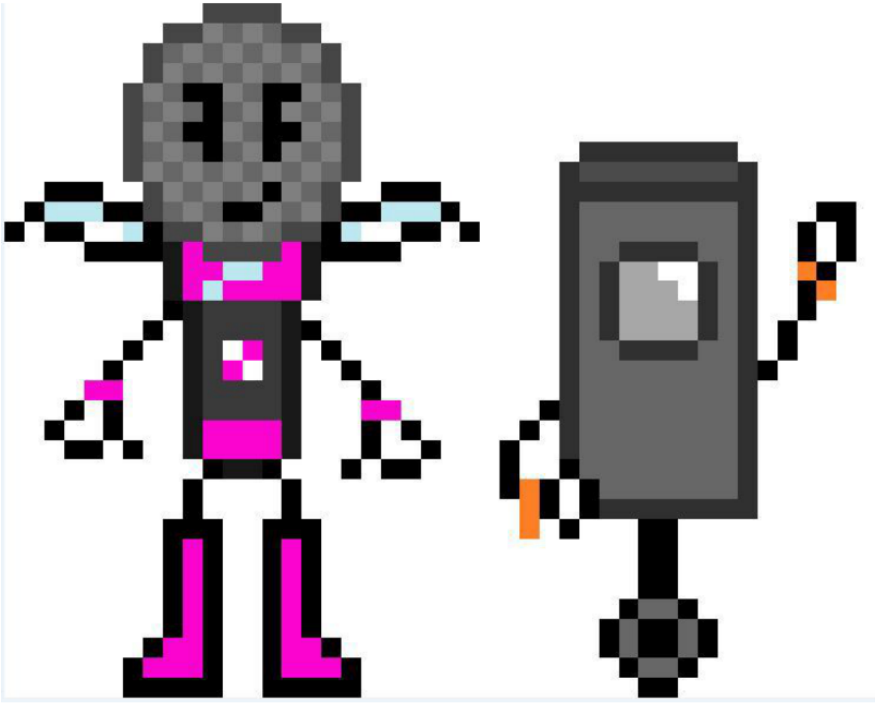
An Overworld Bowfett Sprite



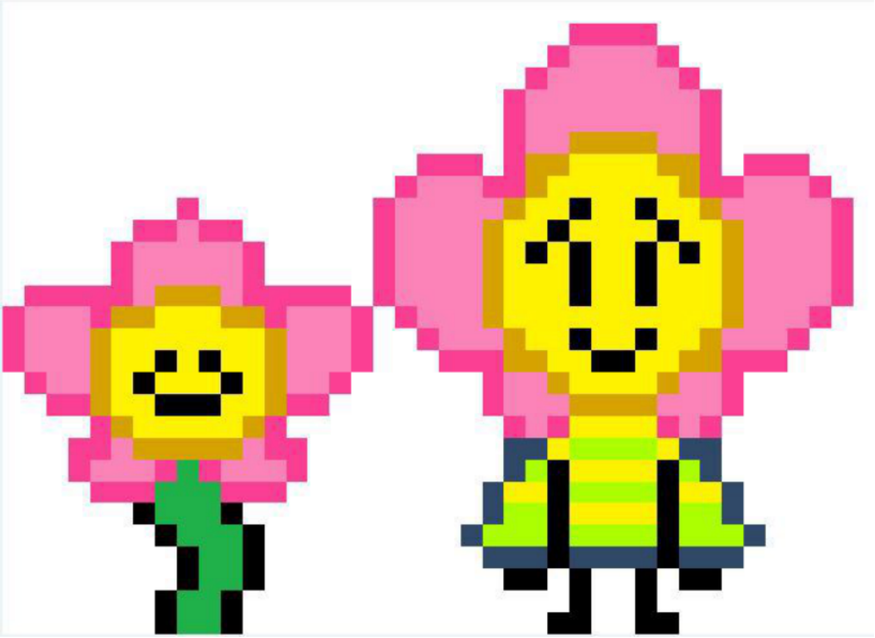
Taco Chara (I can't mix up their names ; - ;)



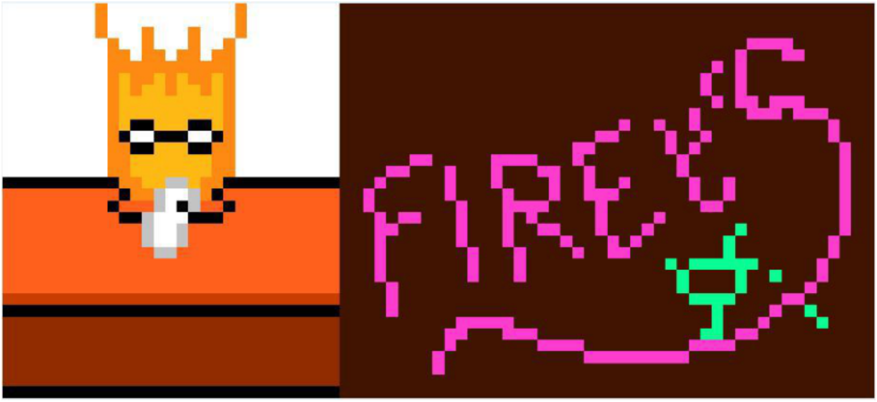
Some Pencedyne Sprites. (I just LOVE the ones with armor XDD)



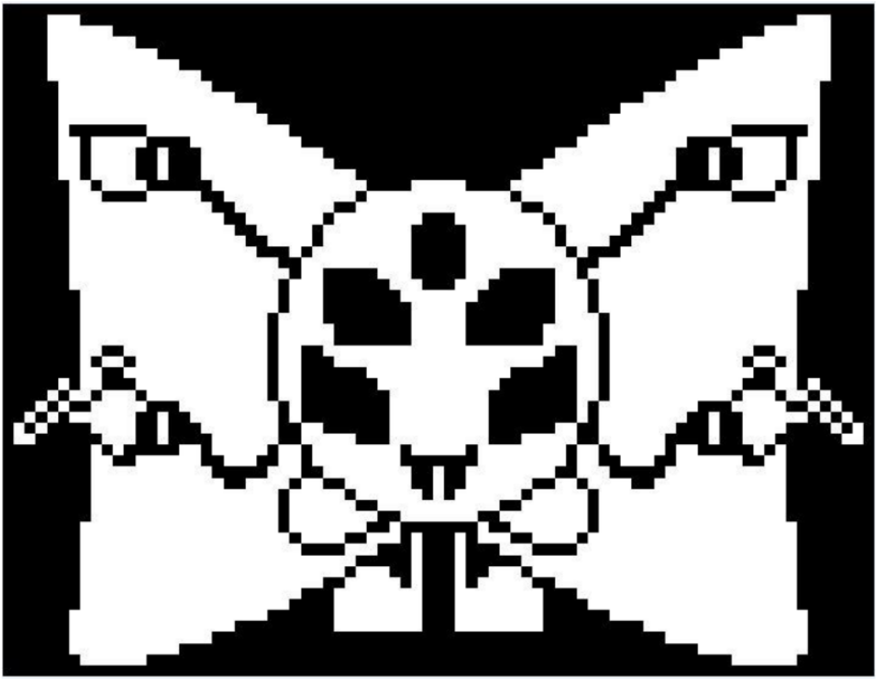
Mettaphone/Mettanouncer whatever you wanna call it.



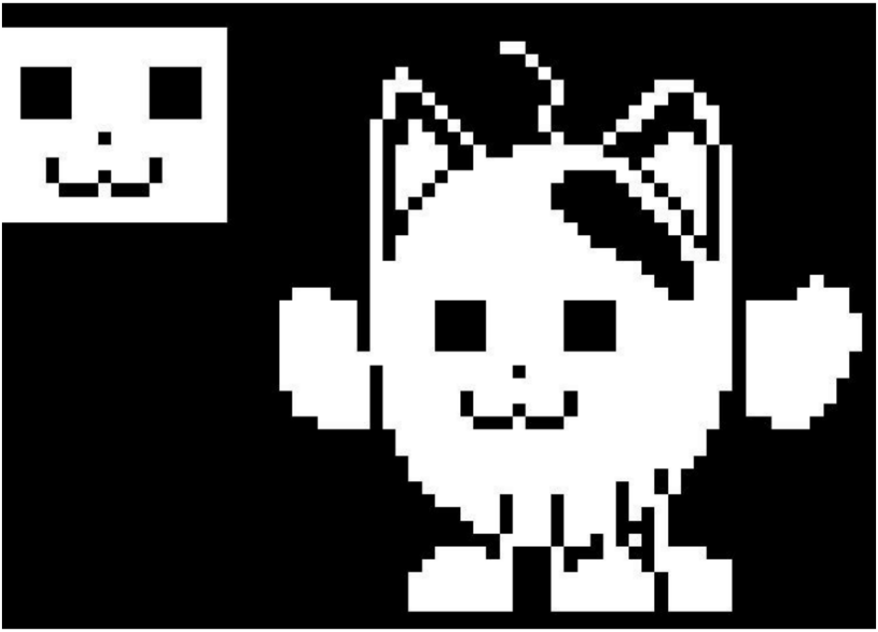
Flowery and Flowiel



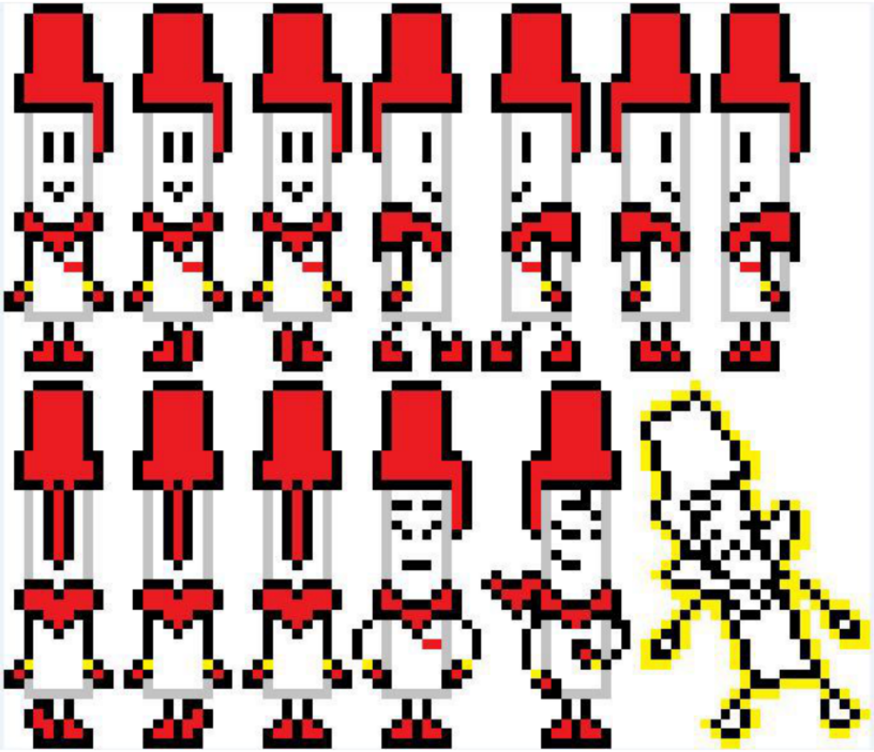
Firey Grillby.This one looks a little weird to be honest.



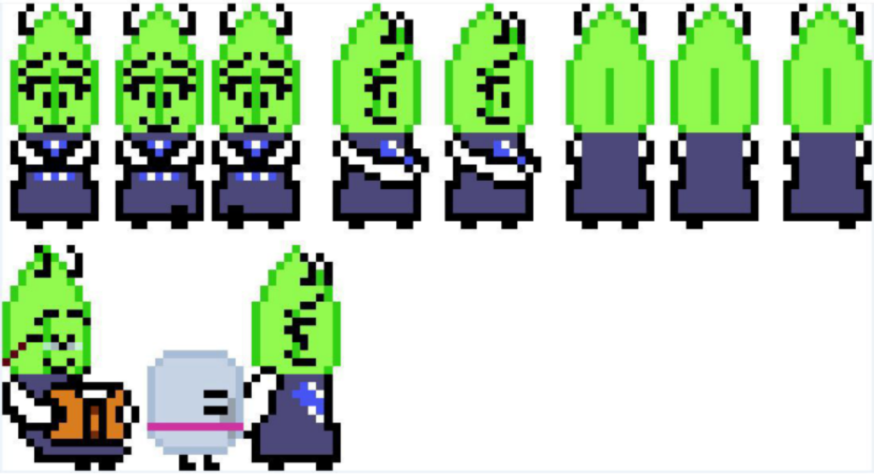
Bowfett's Battle Sprite.I'm really proud of this one.Plus,this is the first battle sprite I made.



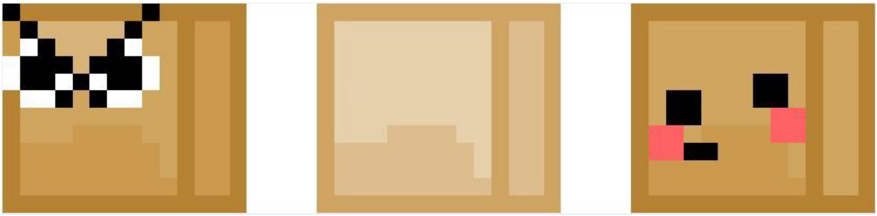
Tebble Battle Sprite,plus their face.



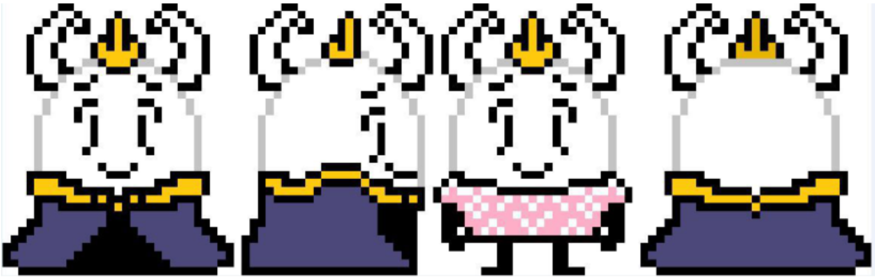
A few Penpyrus Sprites.



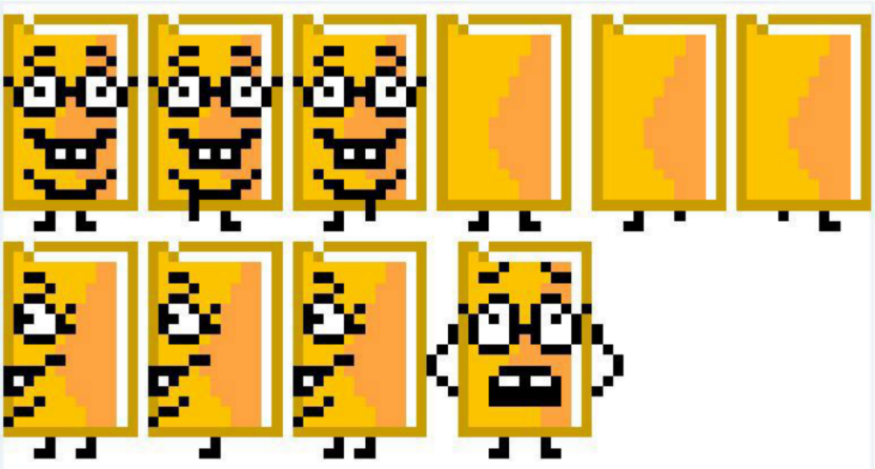
Leafiel Sprites.I'M not done with this yet.



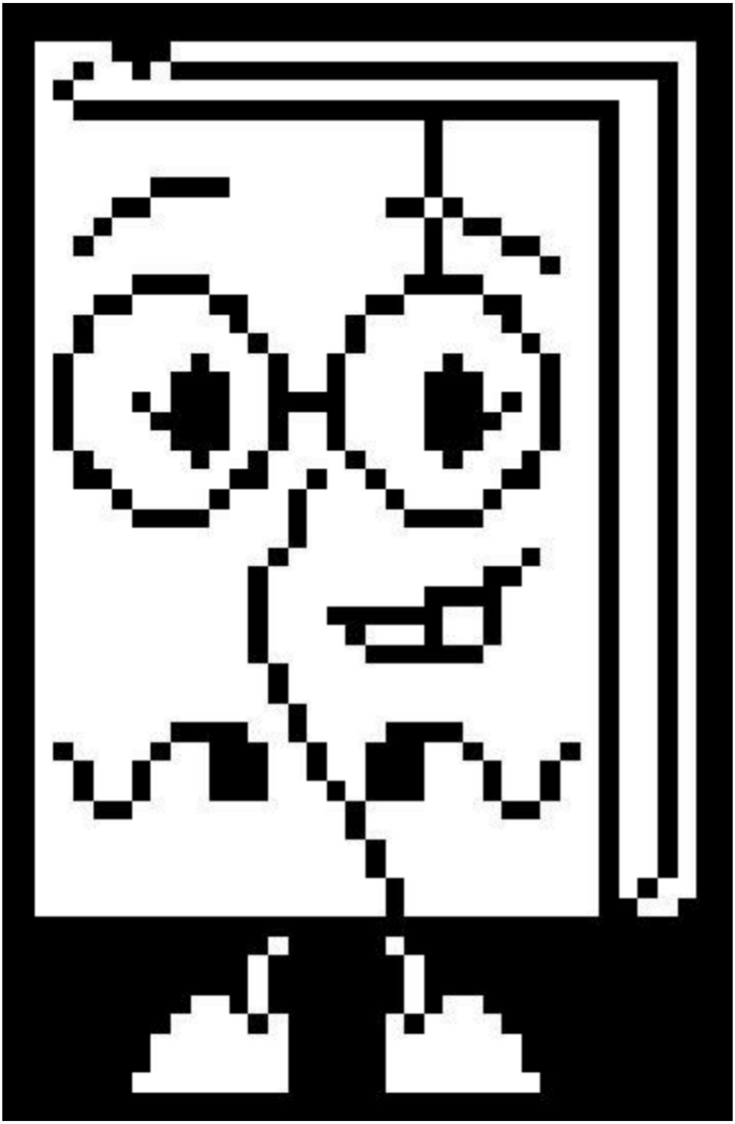
I decided to make boxes as dummys because their somewhat inanimate.



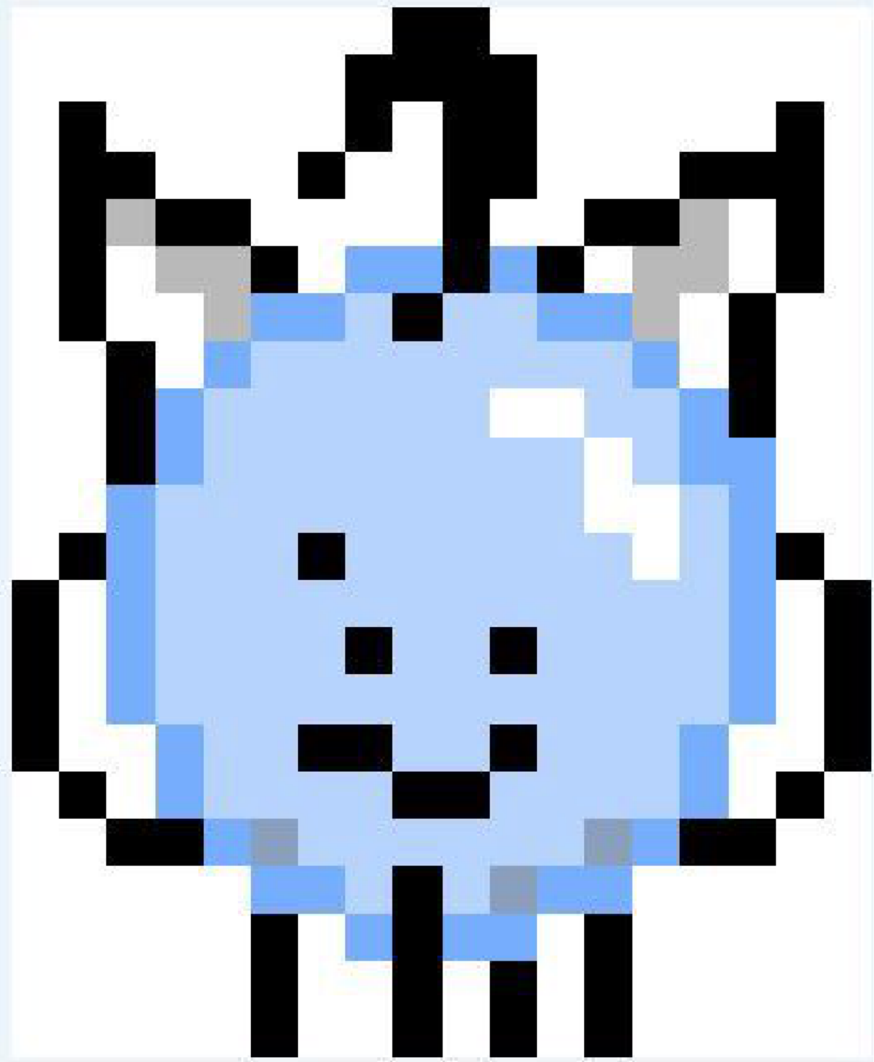
A few of Snowgore's sprites.This one needs a little work.



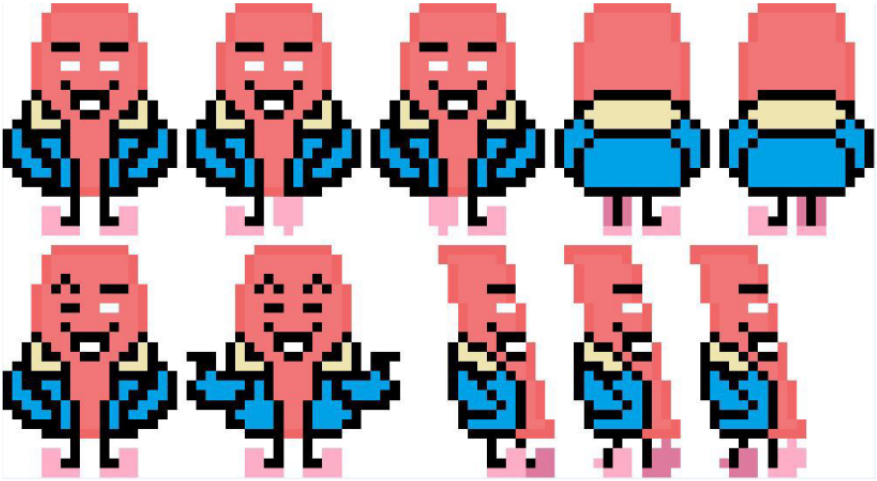
Alphys Book Sprites



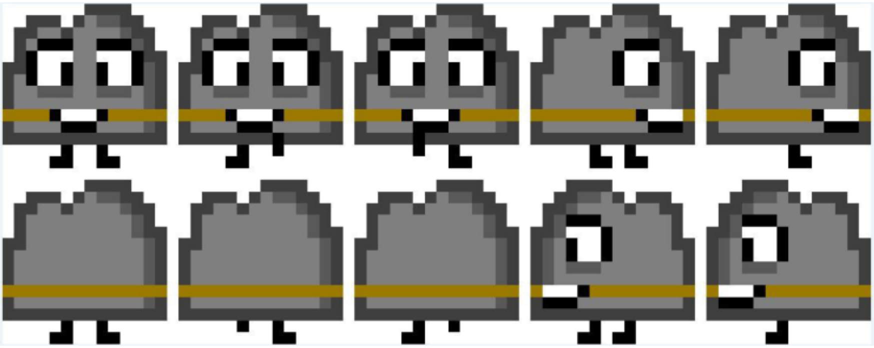
Her battle sprite



Tebble overworld sprite.



Erasans sprites.



I also decided to make Rocky as monster kid.Here are a few of their sprites.I'll make a chapter for him soon.

That is it,I'll probably make more sprites soon.

1ST PERSON TO RECCOMEND!

LoganthеCrazy123 is the first person to reccomend a crossover.Hooray!

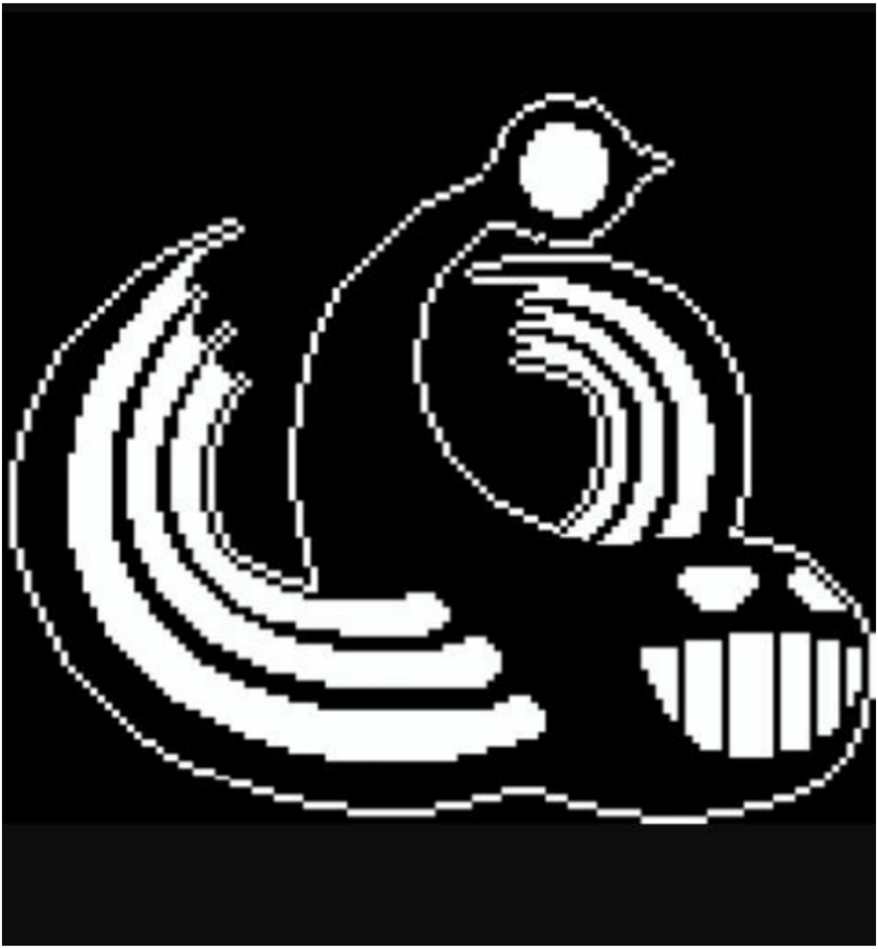
For a reward,you get spaghetti!

I steal some spaghetti from Penpyrus and throw it at Logan's face

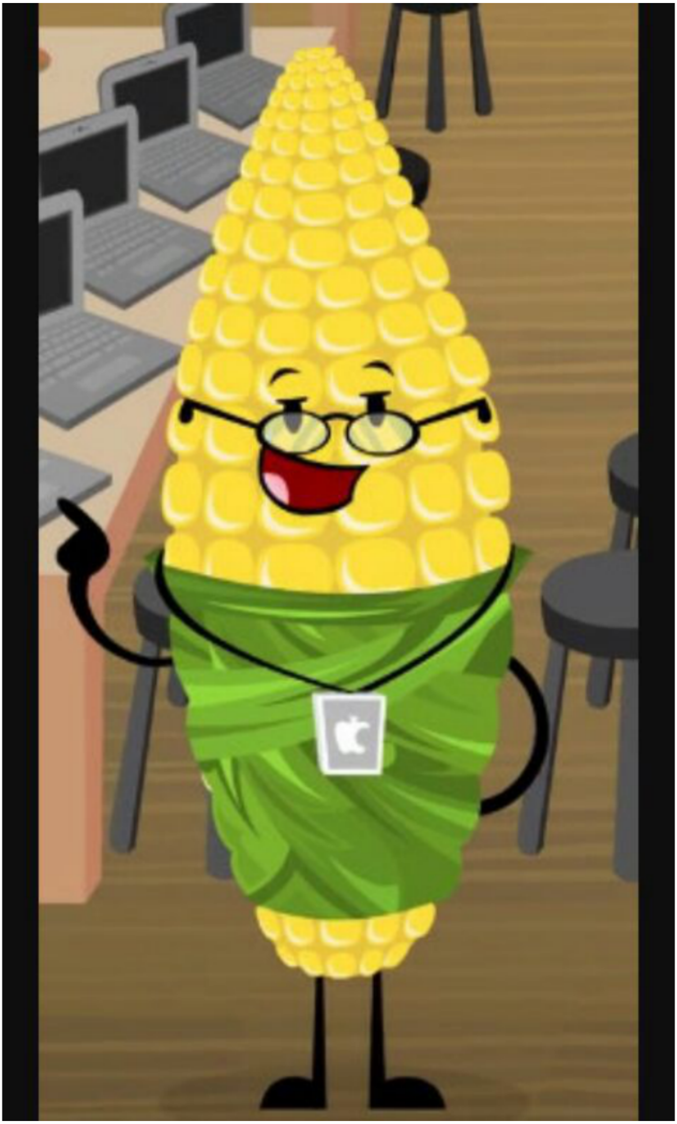
Meeyers:Sorry and you're welcome!

Anyway,LogantheCrazy123 reccomended that Steve Cobs be Glyde.So I did it.

However,this picture is kinda...weird.If Wattpad had a dislike button I would dislike it myself.



Here's a picture of Glyde.



And here's a picture of Steve Cobs.

How could I ever cross them over?

I do not know,but I did it

I made a memo thing to write the concept of what Glyde Cobs should look like.Here's an excerpt-

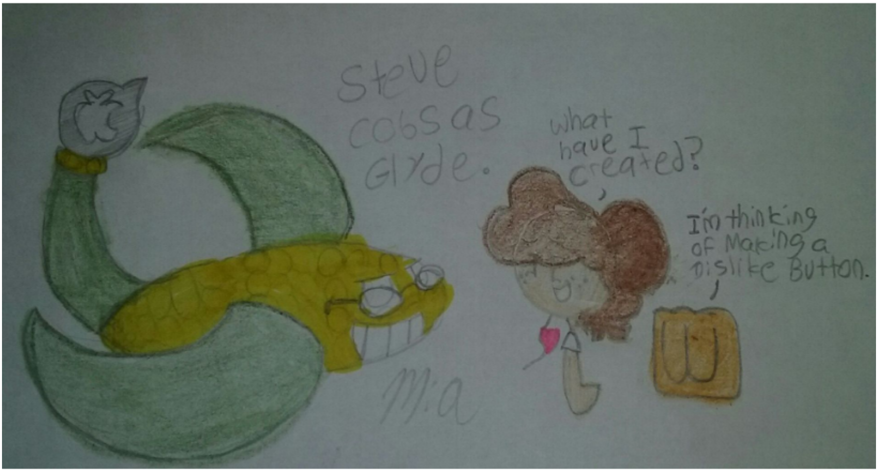
-The Wings for Glyde Cobs would be ears of corn.Although Steve's ears are his clothes,he's still corn.And Corn ears look like wings,so I decided to go with that.

-The end part of Glyde Cobs' tail would be a Meeple logo.People should know that he is based off of Steve Cobs from Inanimate Insanity and get the reference.

If this picture makes you cringe,please keep it inside yourself.I'm not a fan of negative criticism.

However,if you want to constructively critique it,you are more than welcome to.

Here's the picture...Don't kill me for it.I'm new to the commison thing.



Steve Cobs as Glyde.
What have I created?
I'm thinking of Making a Dislike Button.
Mia

Actually,you are ***MORE*** than welcome to kill me.This picture makes me cringe a lot.

Don't kill me,I'm too fabulous to die...

ANYWAY!
PLEASE reccomend a crossover.I kinda like making these.

Plsplsplsplsplsplspls.I really need you guys help.

Thank you for taking your time.
Boi!

Trophy as Aaron

Trophy became a "Seahorse- Mermaid-Thing" ;)

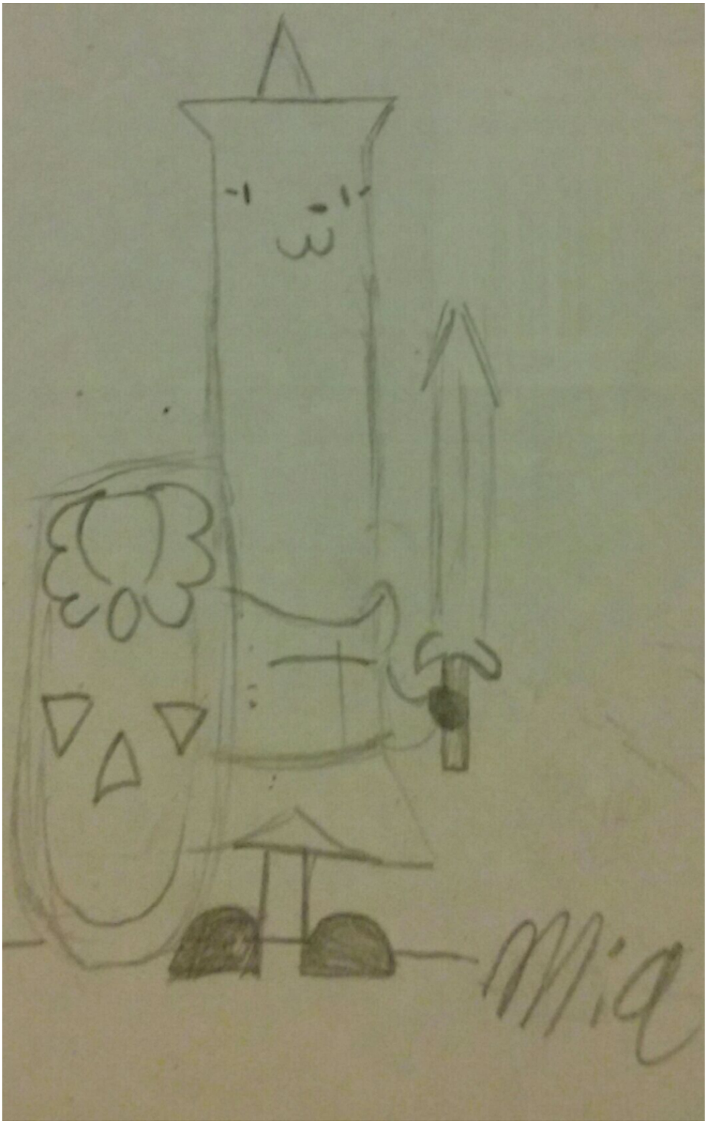
I decided to go with this.They seem pretty similar.;)

Rocky as Monster Kid

There.Remember when I made a sprite art for him?

Pin as the Lesser Dog.

Yesyesyesyesyesyesyesyesyesyes.
Just...yes.That is all I can say.



Also this ˆvˆ.

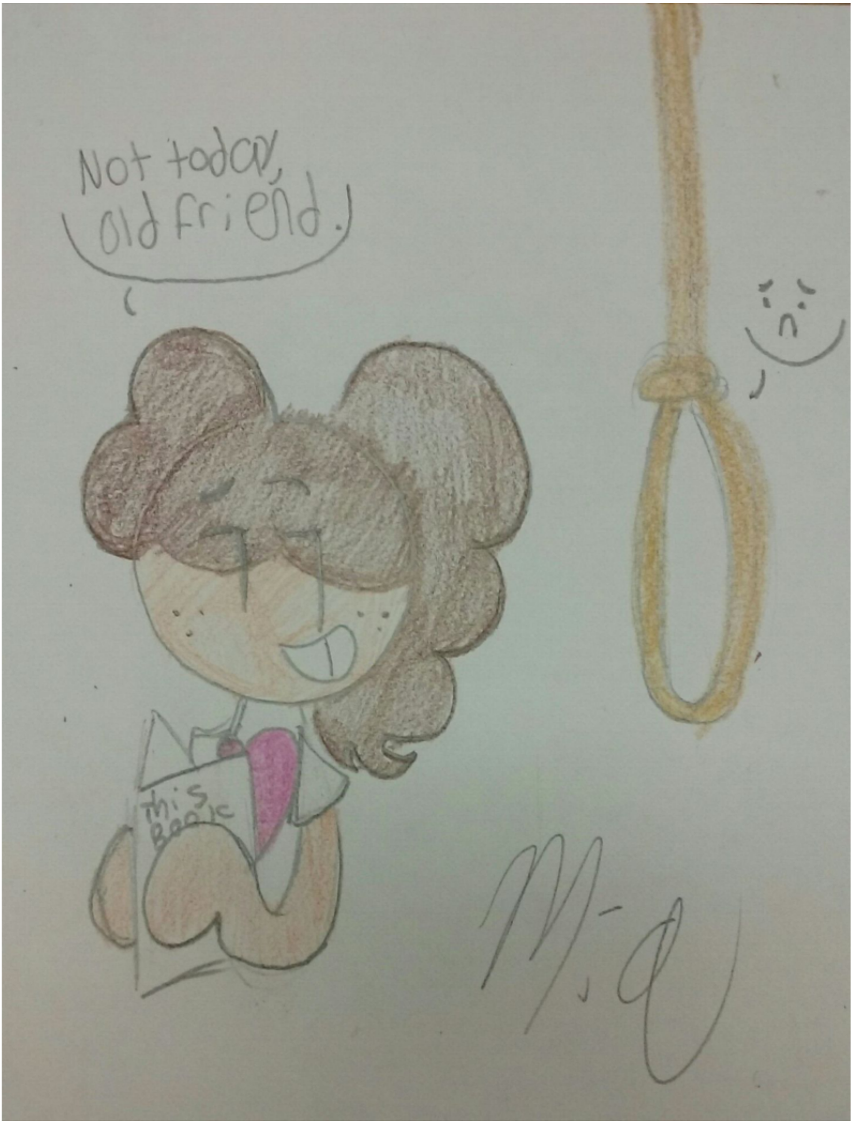
YAY!!!

ONE THOUSAND VIEWS?!OH MY GOD!

I'm so proud of myself.These numbers have been raising dramatically!I'm so happy to know that people like my book.I think I'll treat myself to some pasta.

I want to thank you,the reader as well for actually deciding to read this.I needed a reason to be happy today.Today was really stressing.

Hey,you know what?This make me wanna make a lil' comic.



Not today, old friend.
this Book

I know,this is a reference.But not for ObjectTale.I know this may be a little edgy for my internet personality but,whatever.

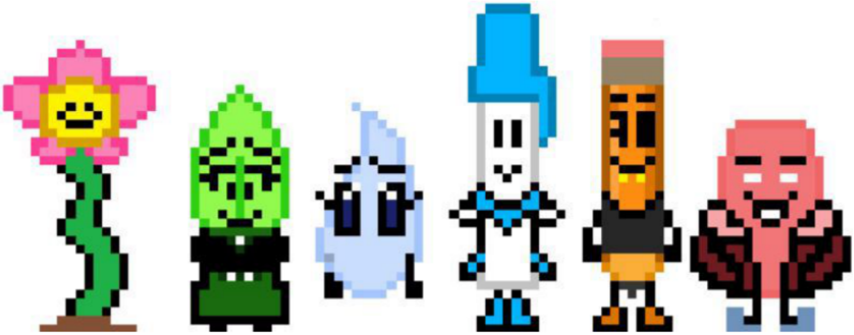
THANKS FOR ONE THOUSAND VIEWS EVERYBODY!

Original Designs.

You know those times when you are SO painfully bored that you draw something from a long time ago.
EX: That terrible MLP OC I made in 4th grade that I refuse to share with you.

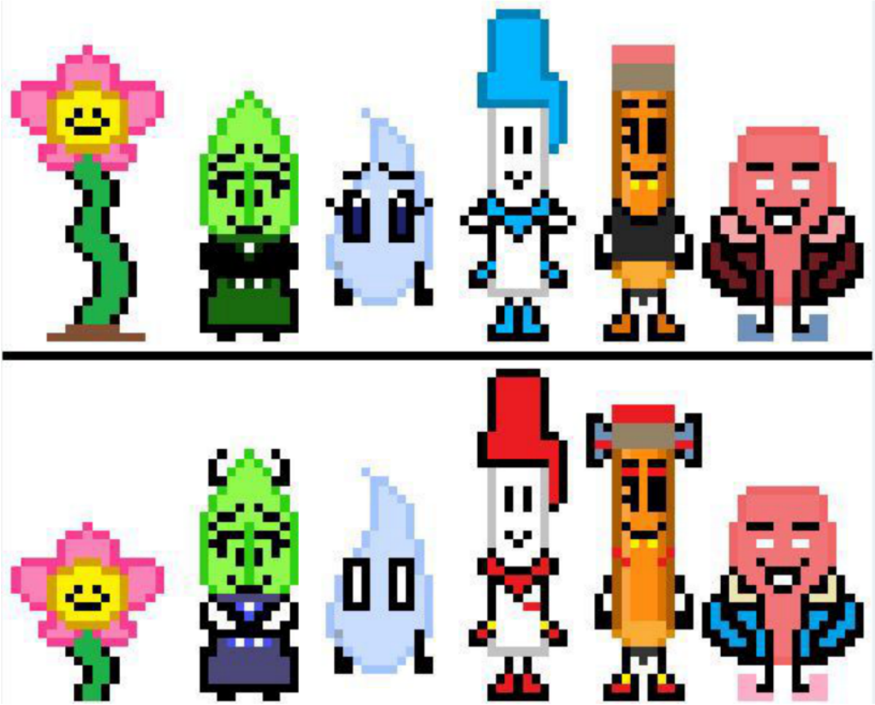
Well,I made a pixel art for something with ObjectTale.
And I guess it's old...ish...

I'm not going to make huge gaps between sentences because I wanna get to the chase already.



It's the original designs for some ObjectTale characters.
I didn't make these designs though,CanIHazMeep did.In her first drawing book.

I asked myself.What if I made pixel art for the original designs of those characters?So I did.Because I'm CREATIVE.



To compare with my designs for them.

The designs for the original characters are not 100% accurate tho',for example,Pencedyne and Erasans don't have pants.The reason I didn't draw pants on them because I CAN'T!Seriously,I find it dumb to draw pants on a FREAKING PENCIL!no offense.

I have no real reason to redesign them,I just wanted to be original with my art.

Okay,thats it.I'm sorry for being a little grumpy in this chapter.I'll try to lighten up.

Boi!

A Change of Pictures

I'm going to change a few pictures of previous crossovers I made about a month ago to newer ones.Just giving ye' a heads up,so don't be suprised that the pictures are different.

Cartoon Thing

Basically what I'm doing.I made this out of boredom.

This reminds me of the second Spongebob movie when Spongebob was mixing recycling and trash like a psycho.

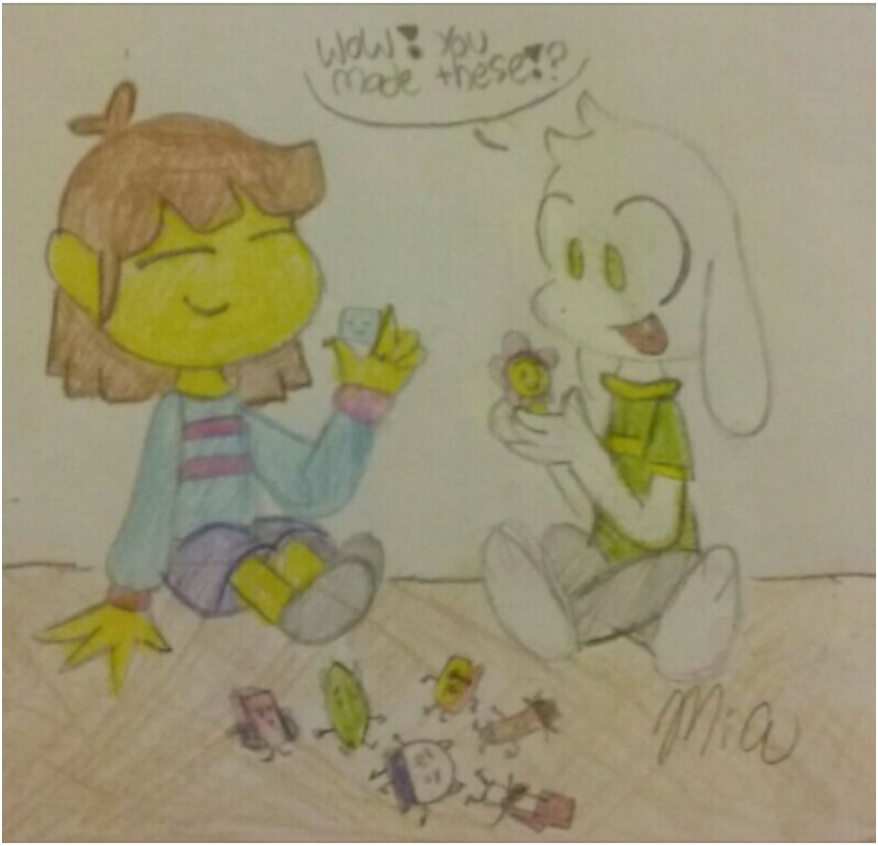
Nyeh...That's it for now.
Boi!

What if....

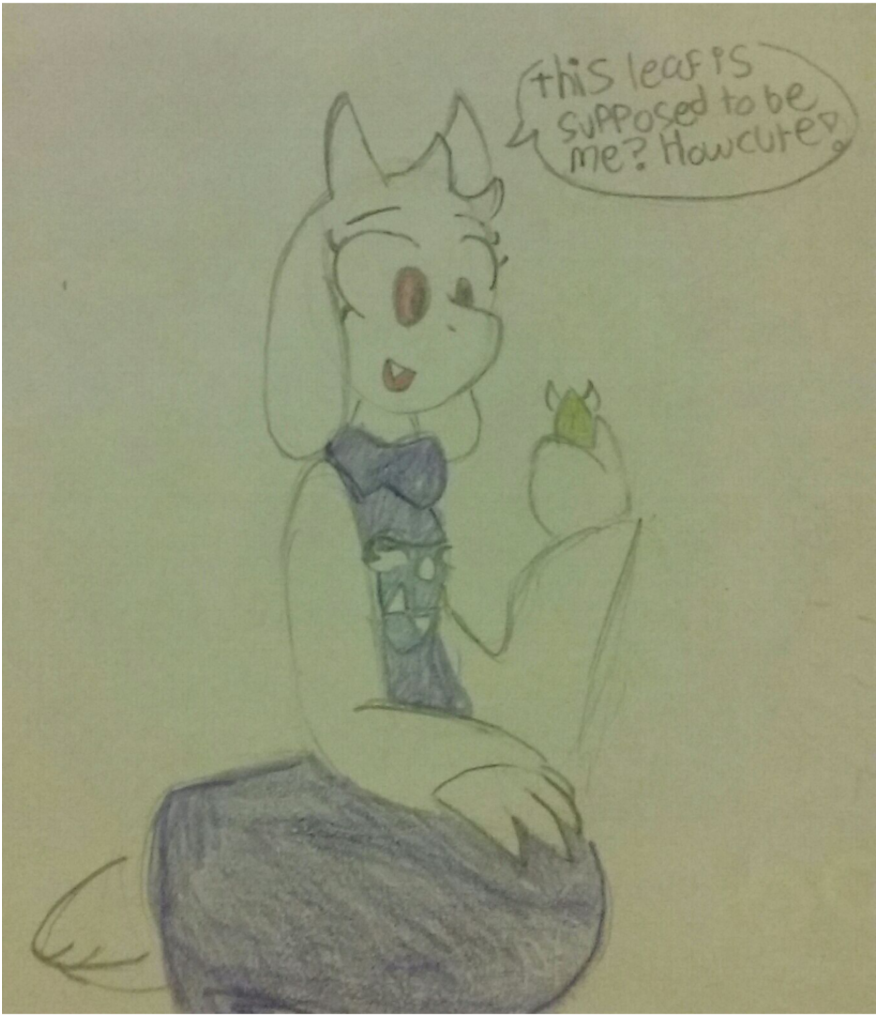
Sometimes I make lil' theorys that explain what ObjectTale is.

One theory I thought of is that this is just another AU.

Another theory that I like better is that this is just some fantasy of Frisk's and they made little dolls of the ObjectTale characters.



Wow! You made these!?
Mia

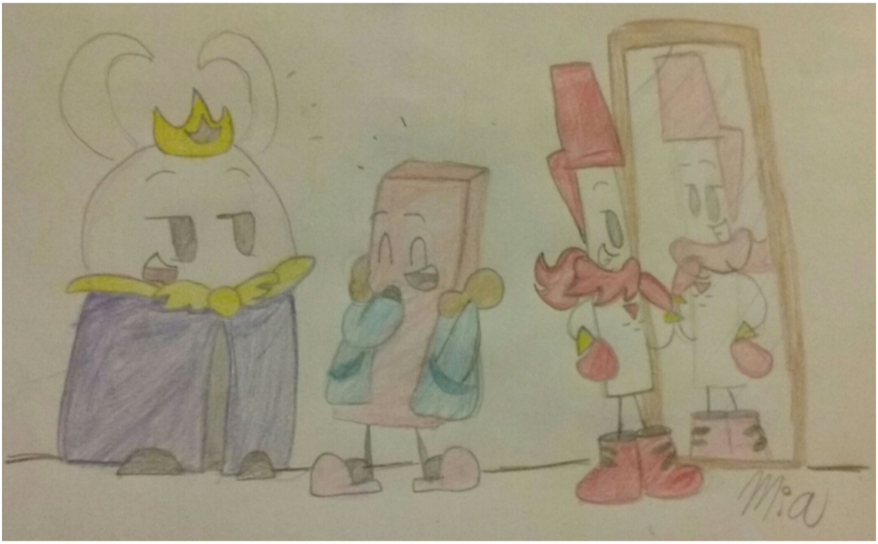


this leaf is supposed to be me? How cute♡

Yeah,I call it the Frisk theory.Not a very creative name,but whatever.

Yet another theory I made is where it takes place in the real object universe.And the objects are just COSPLAYING as Undertale characters

Mia

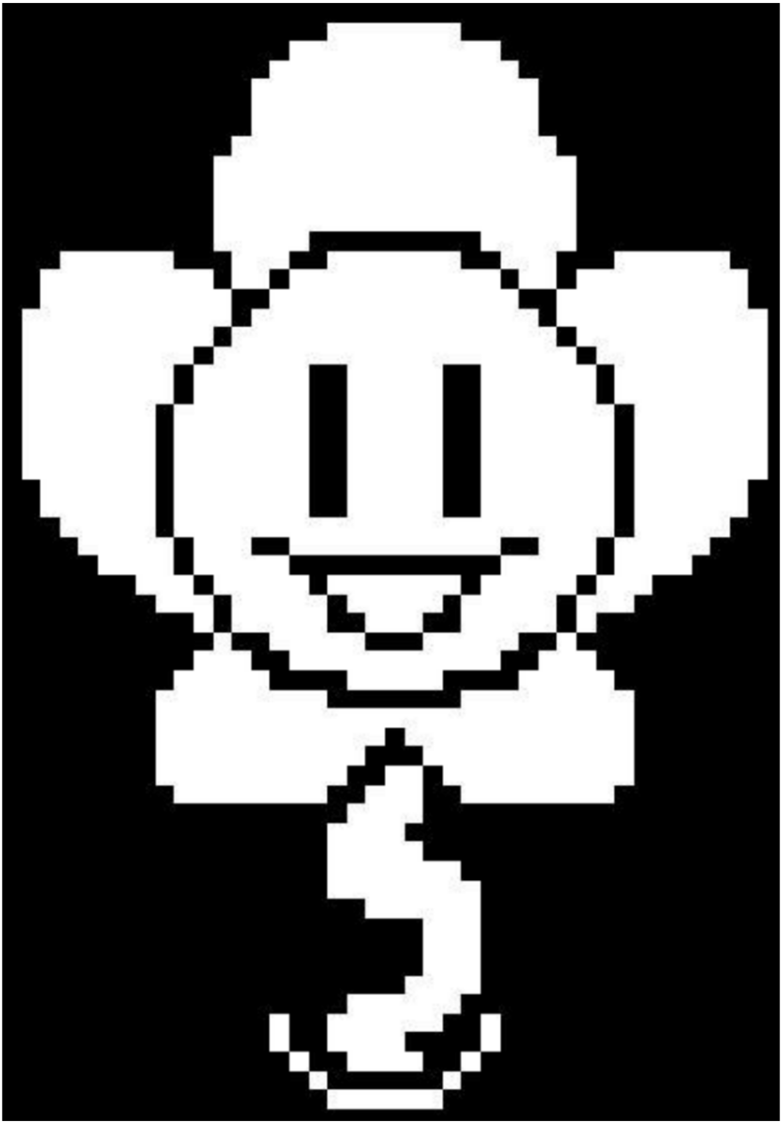


Two pictures of my cosplay theory.

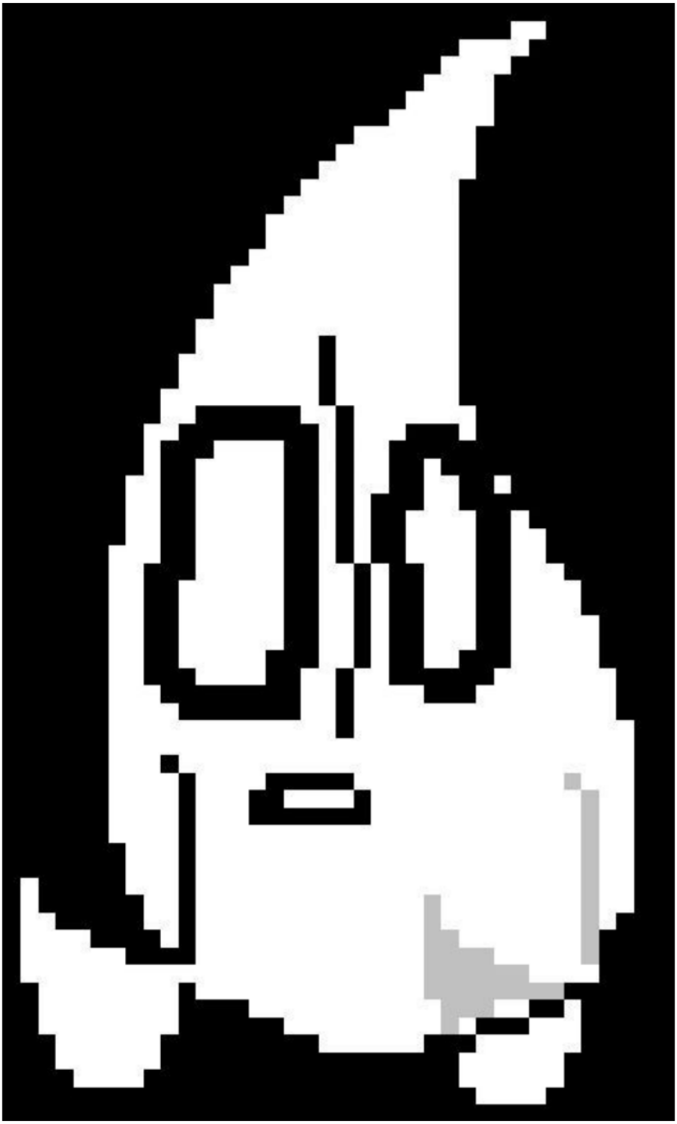
I dunno,I made these theories out of dumb boredom and such.You don't have to believe any of these.

Some More Sprites!

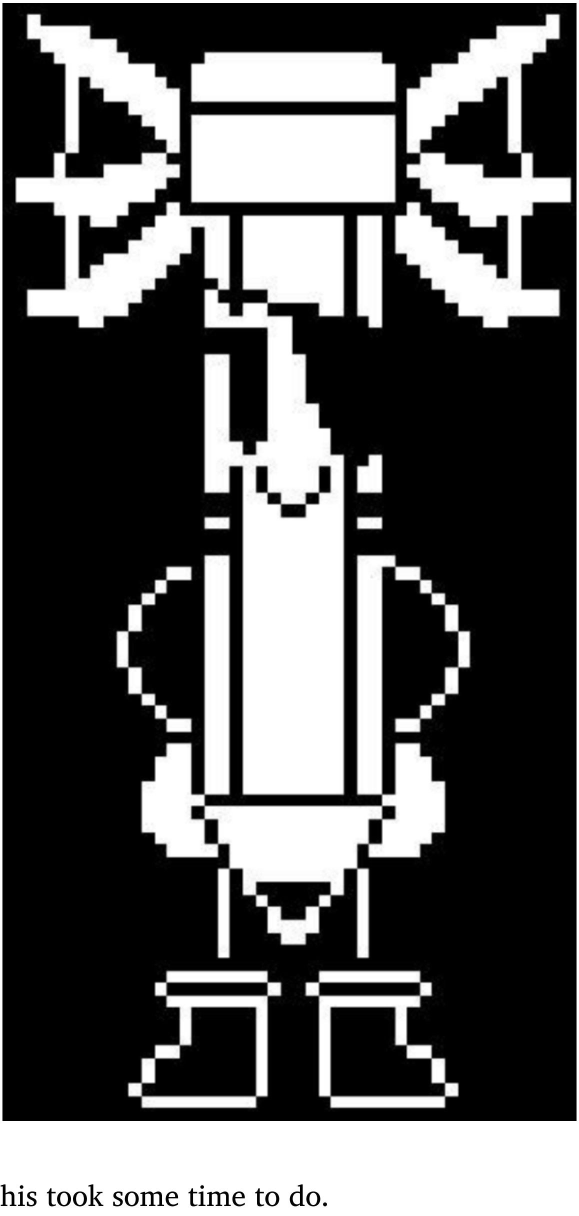
Yep.The title says it all.



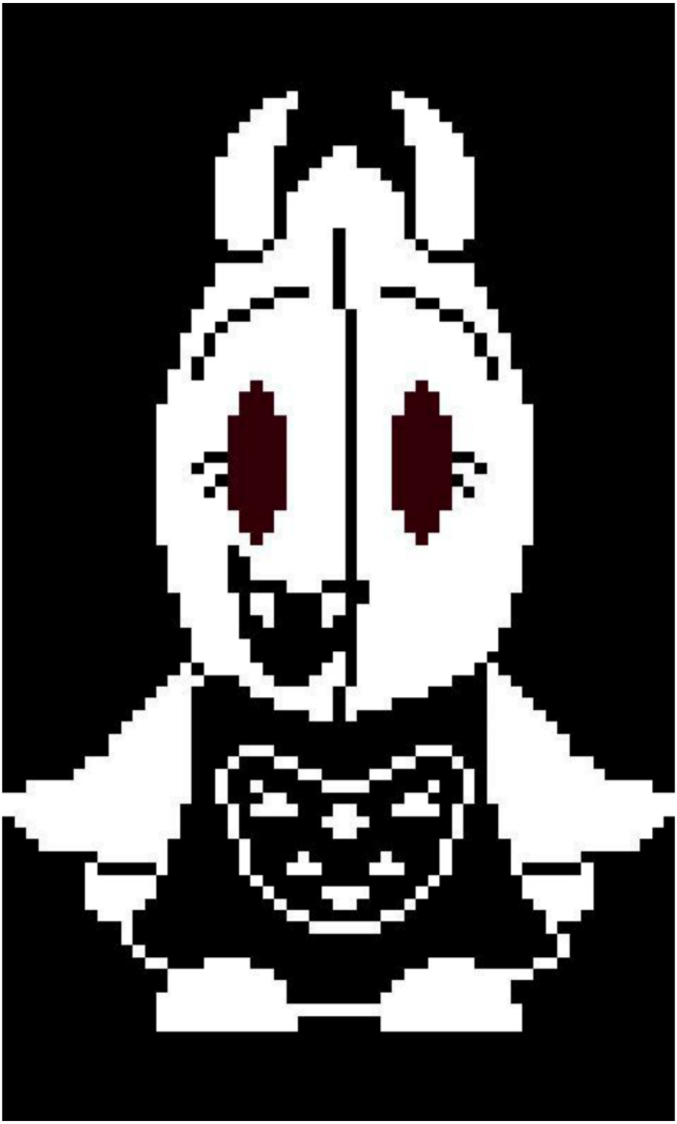
Here we have our "beloved" Flowery.



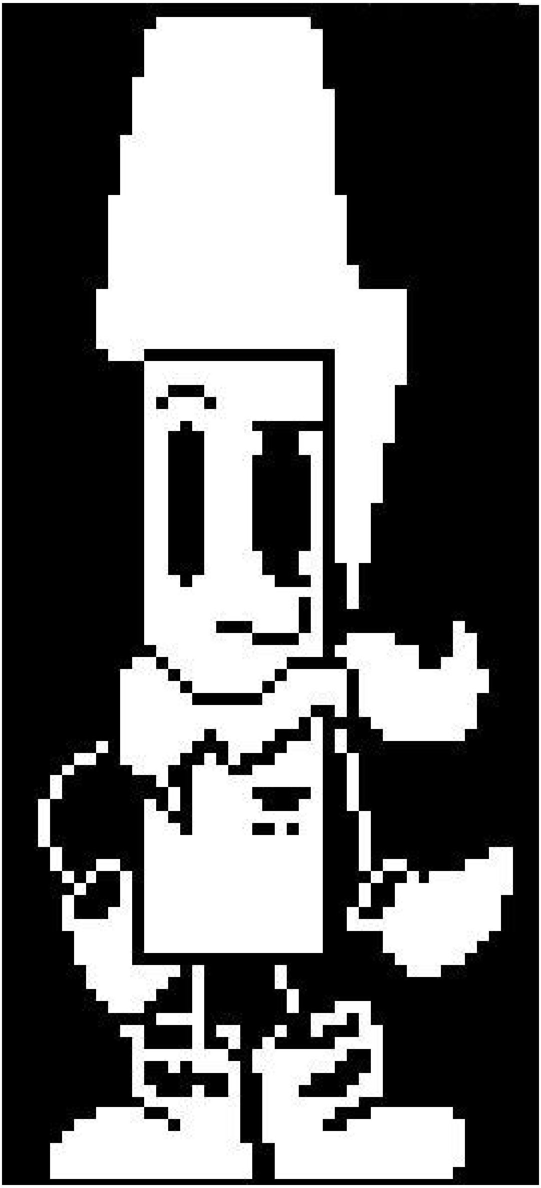
Tearstablook's Battle Sprite



Pencedyne!This took some time to do.

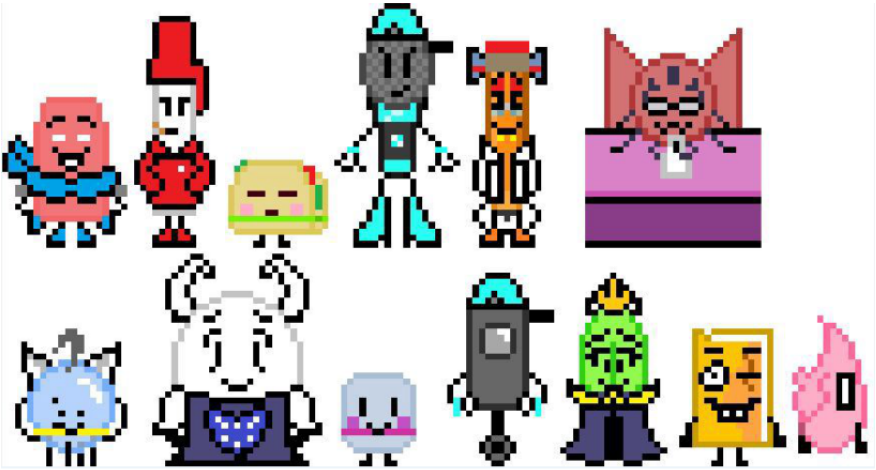


Leafiel.Also her eyes are dark red.

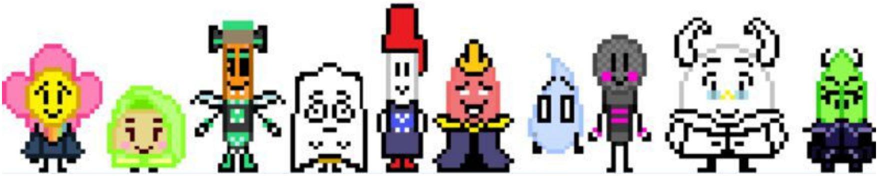


Penpyrus!This was harder than Pencedyne,but I finished earlier with this one.

Next:I'll show you sprites of some AUs,I'd have to do it sooner or later.



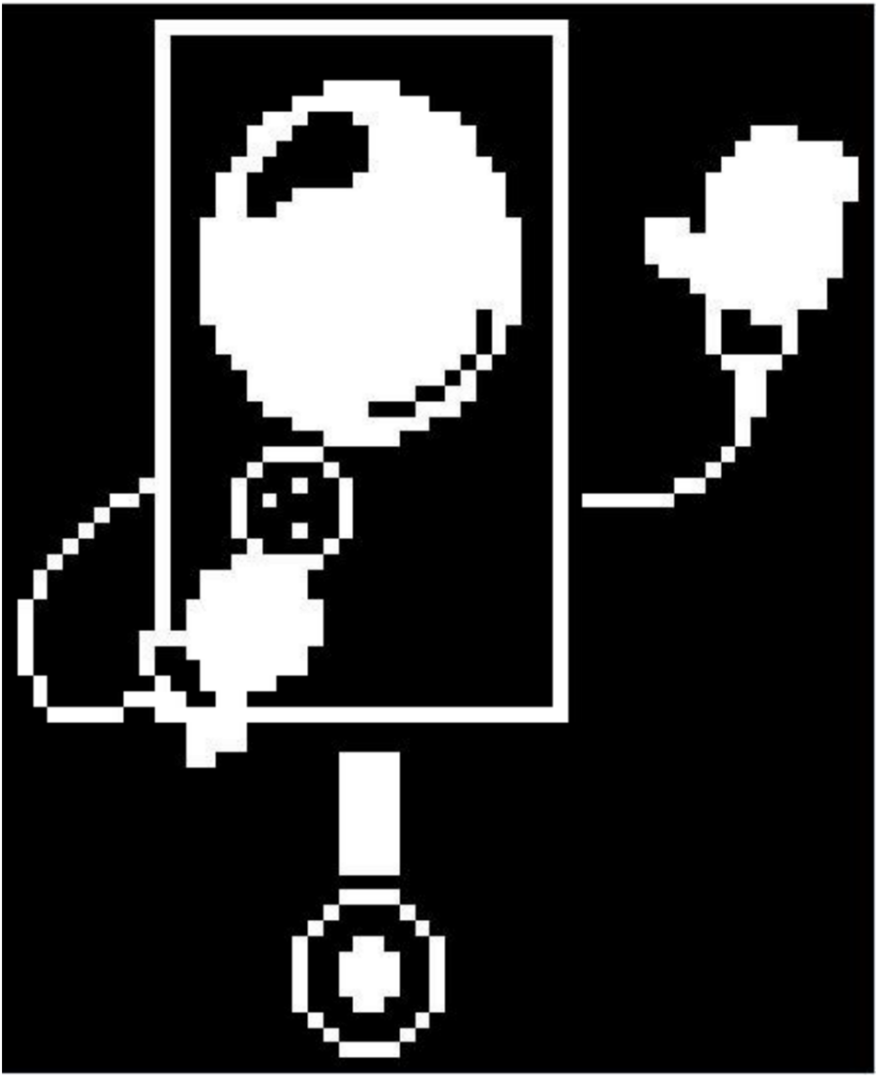
Here is (almost) everybody's favorite AU.UNDERSWAP.But in this case,it's ObjectSwap.



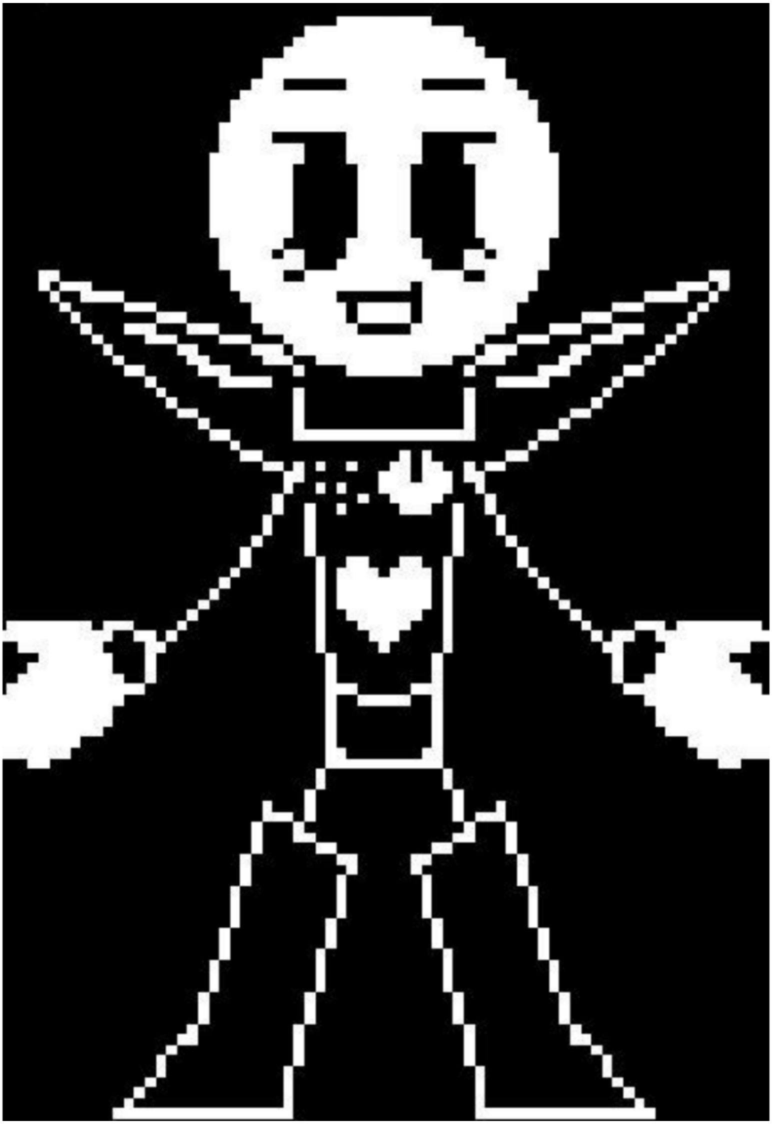
And Here is StoryShift ObjectTale.TBH I like this AU better than Underswap (Don't judge)

That's it.Boi!

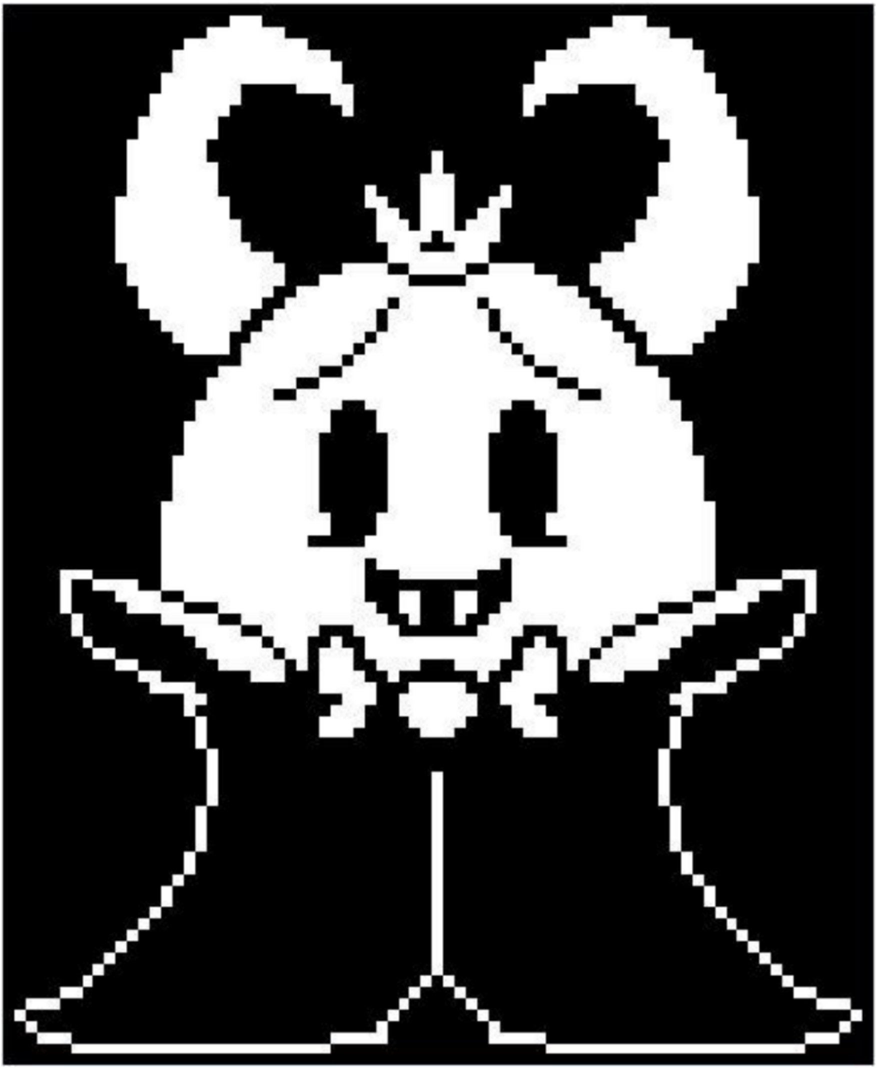
Edit:I have made more sprites because yeah.



The star is here!Mettannouncer!



And here is Mettannouncer EX.



And Snowgore!

Question.

Should I make pictures of ObjectTale AUs?I would.But...I don't want to show you readers AU crap unexpectedly.So should I?

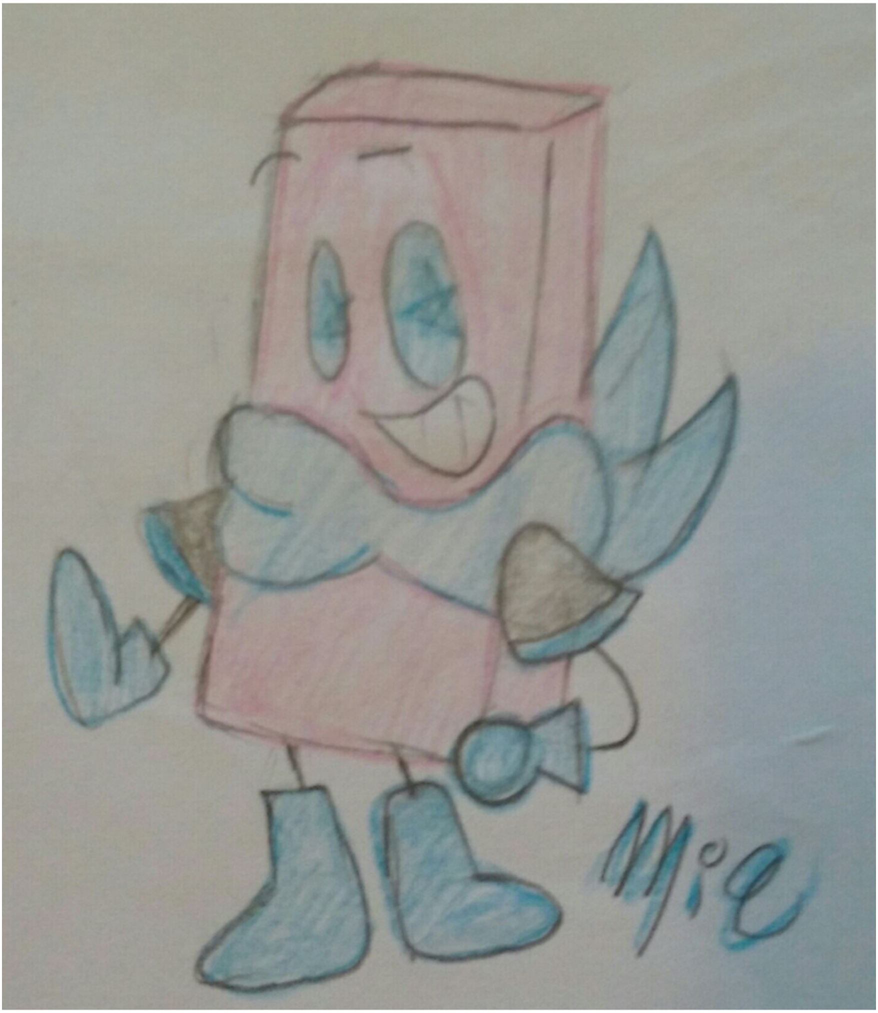
If you don't want.Thats okay...

AU Crap

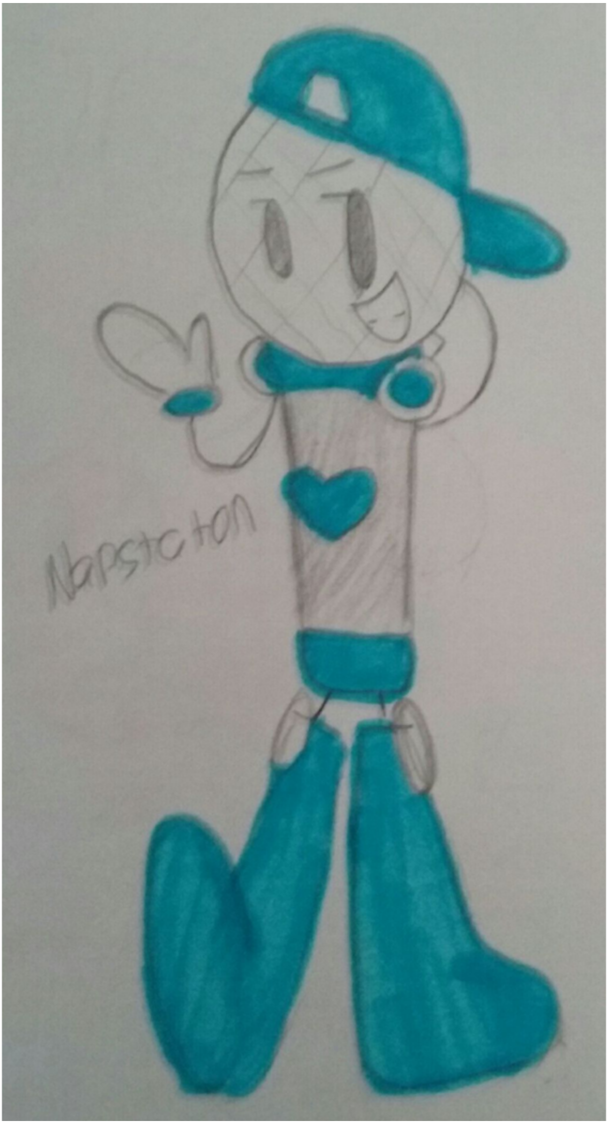
Why?Look at the previous chapter.

I have made some ObjectTale AU characters because yeh.Need I remind you that I don't know every Undertale AU,so don't be disappointed if you don't see one you know.

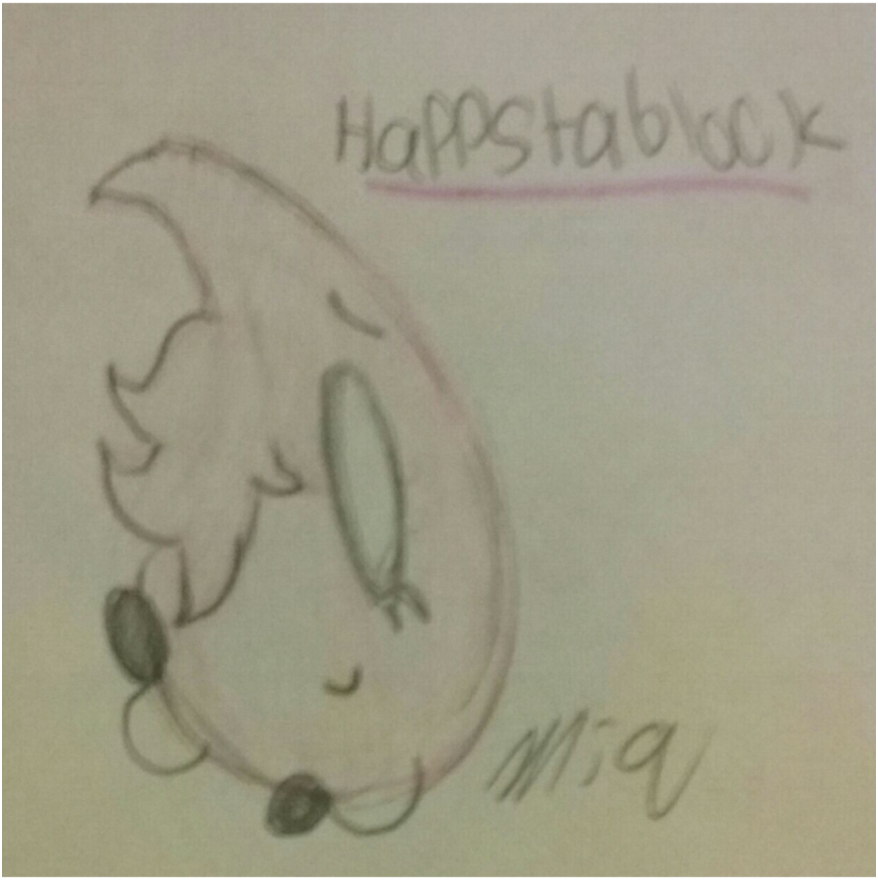
Okay,here we go.



Underswap Erasans!I don't know why,but it was really hard to perfect him.

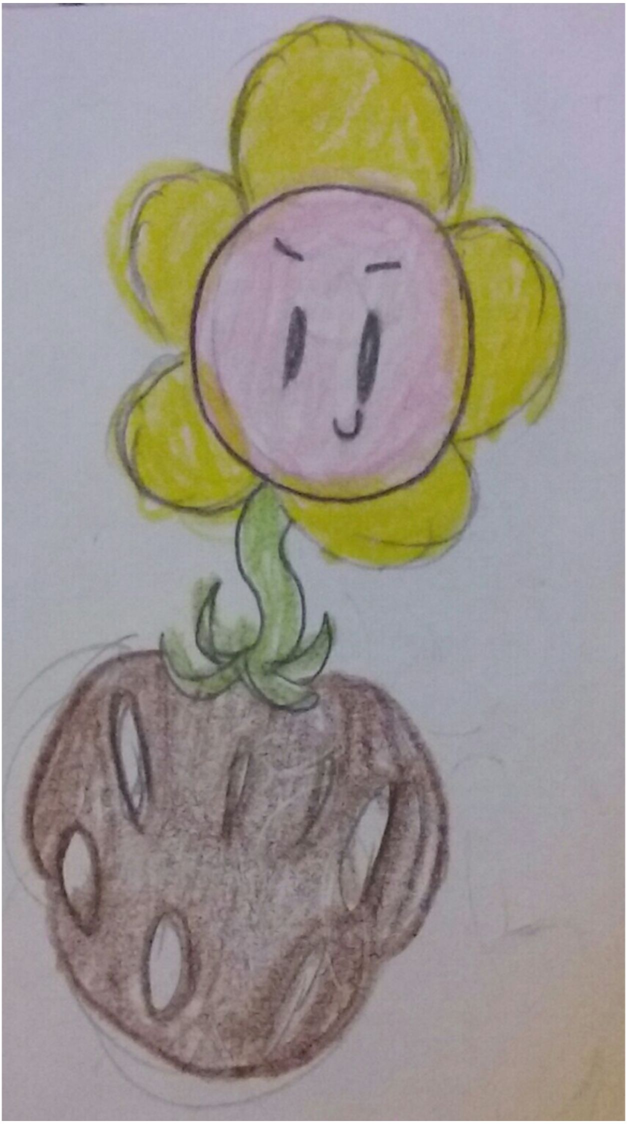


Napstannouncer.I don't really like how I colored him.I might put a different picture.

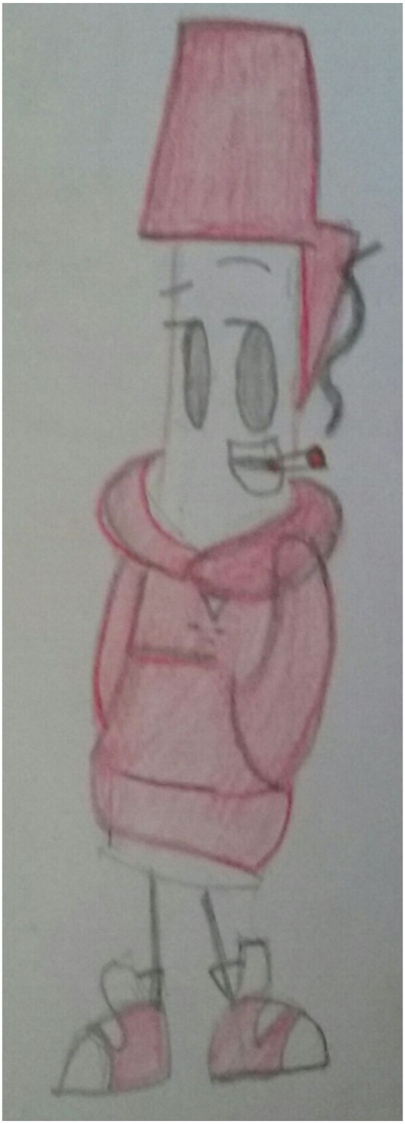


Happstablook
Mia

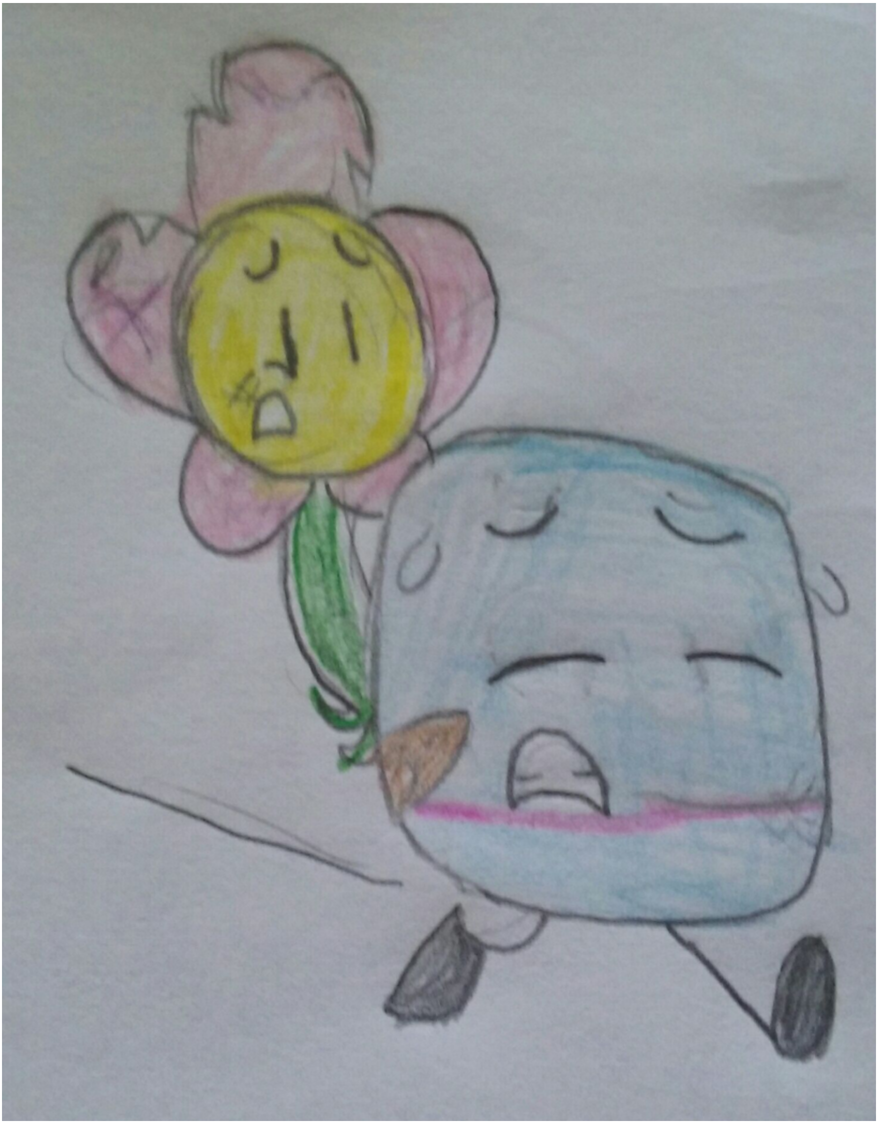
Teardrop Happstablook.I really like this one.



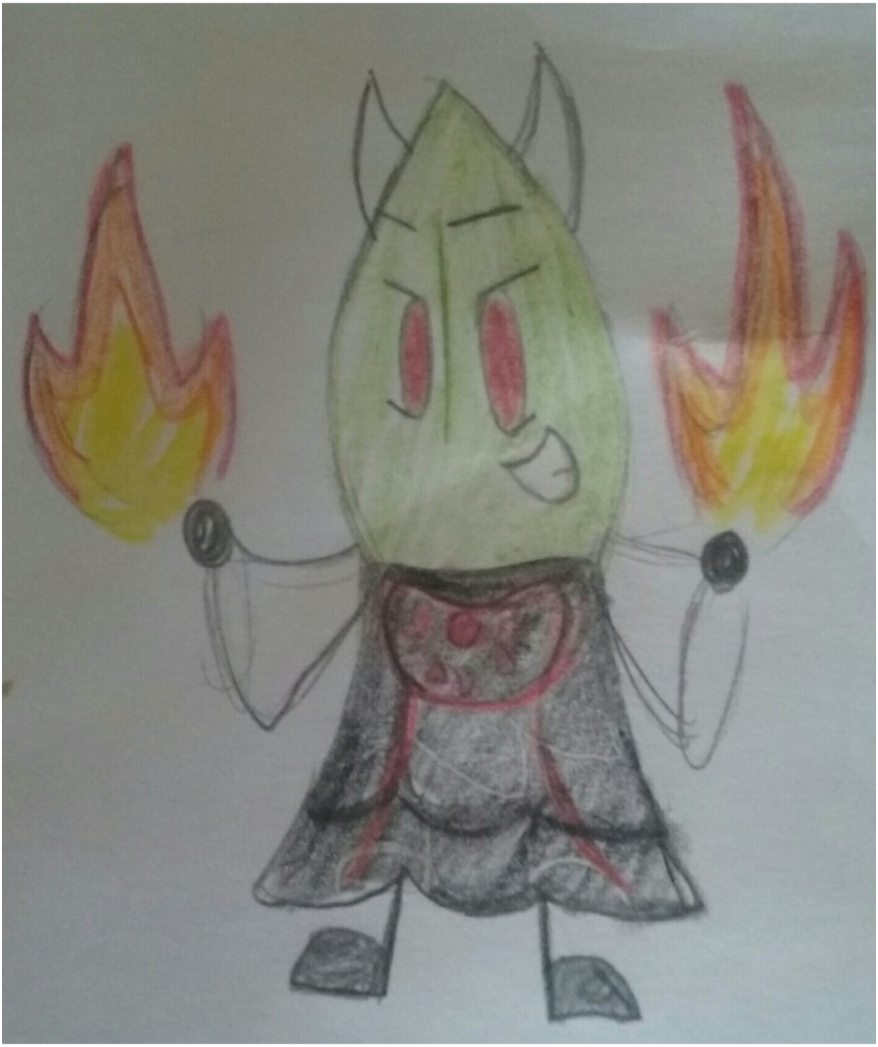
Outertale Flowery.



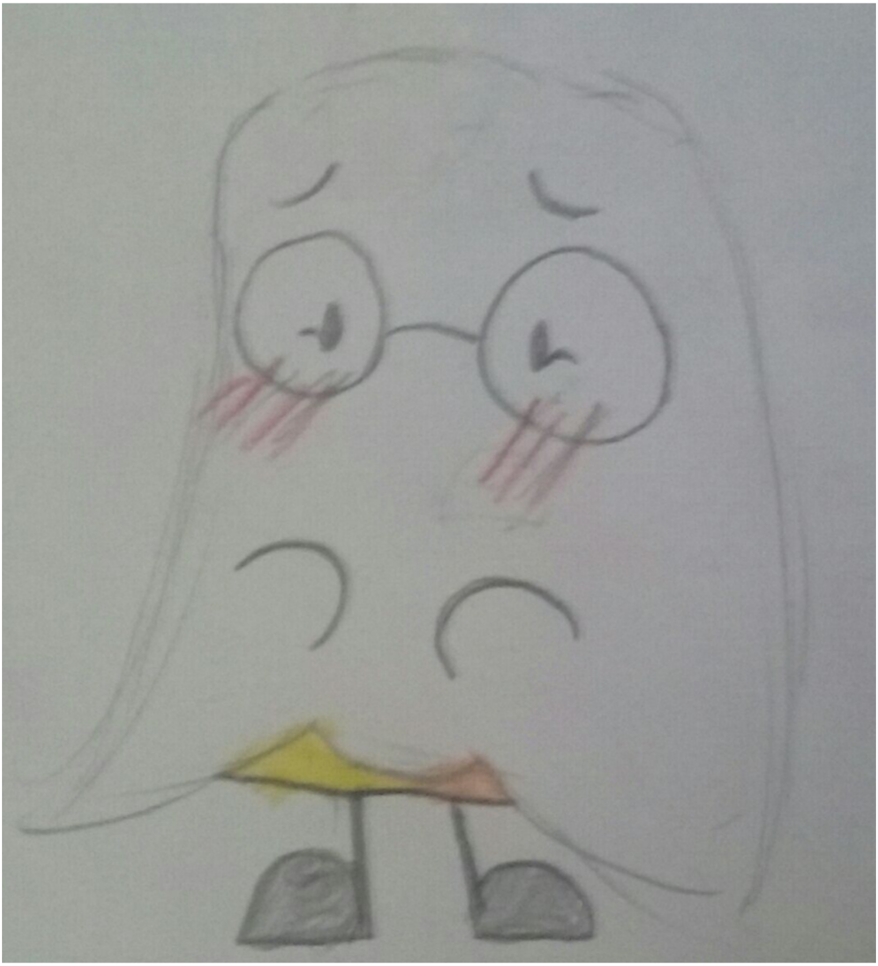
Underswap Penpyrus.I really like this one as well.



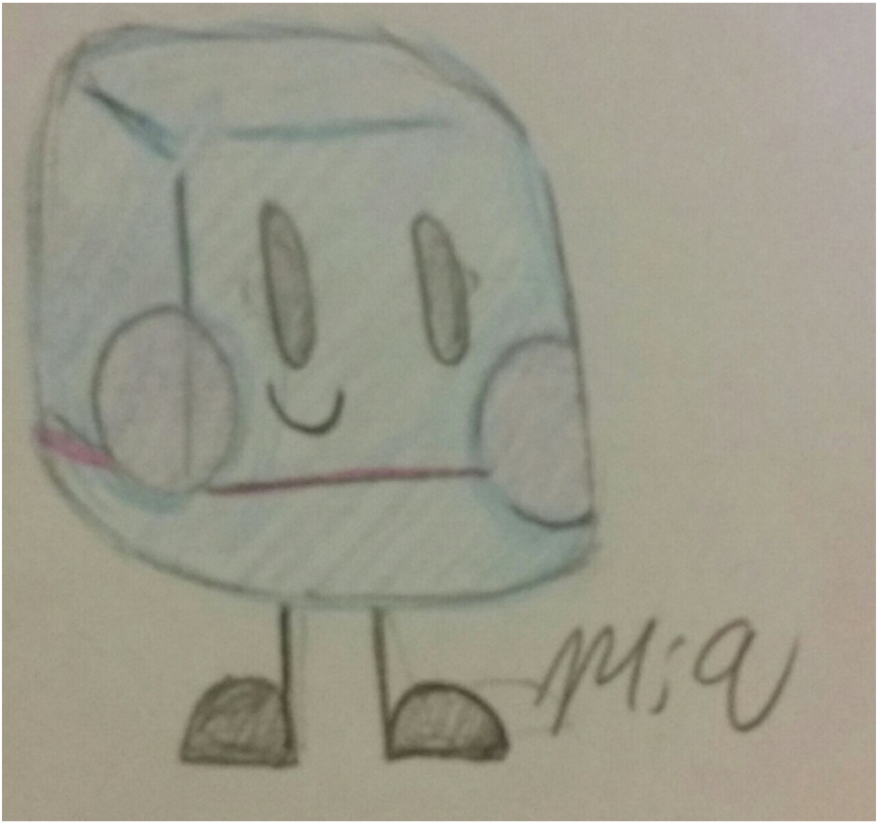
Underfell Frisk-Cube and Flowery



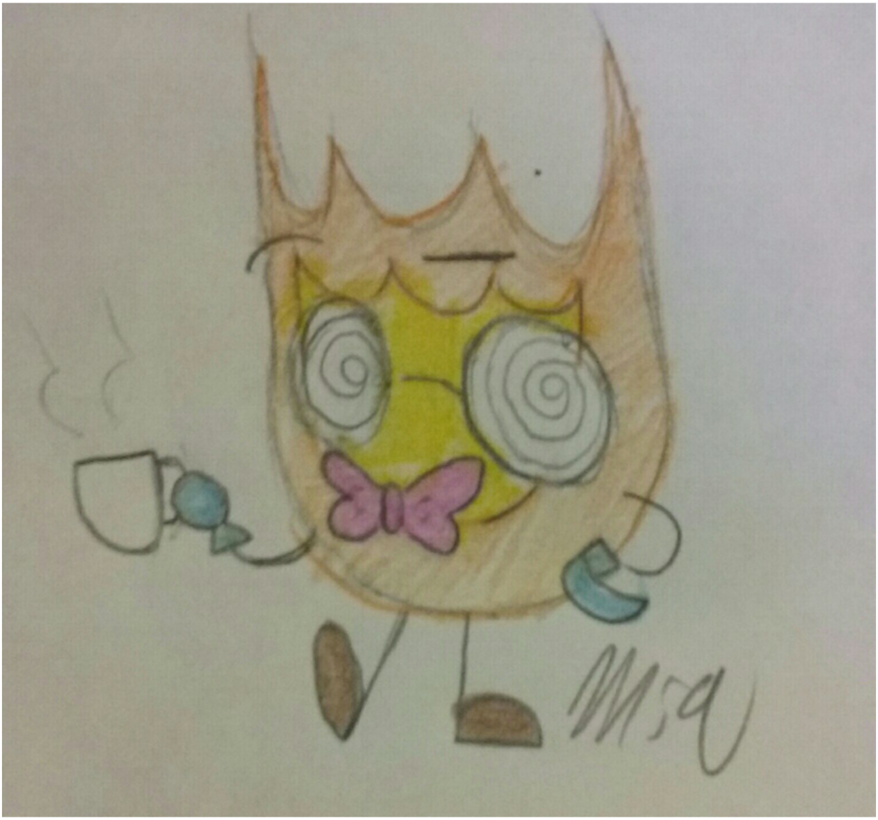
Underfell Leafiel.



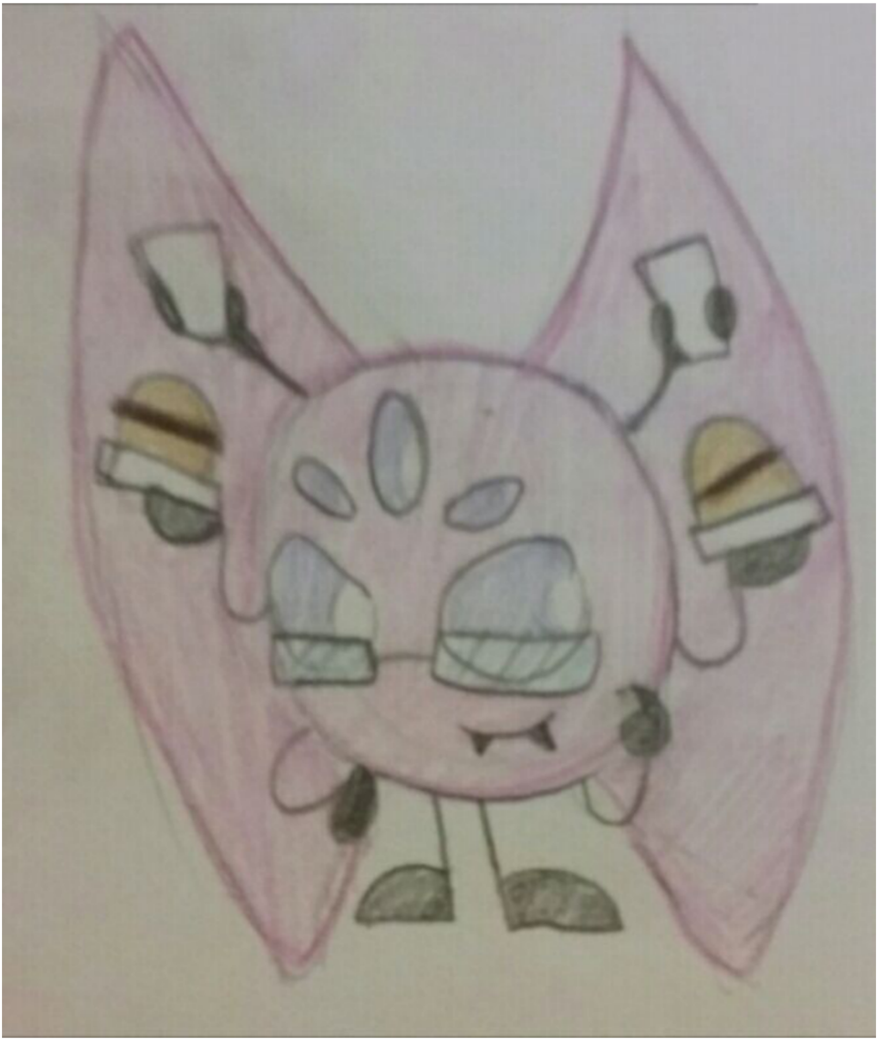
StoryShift Alphys Book



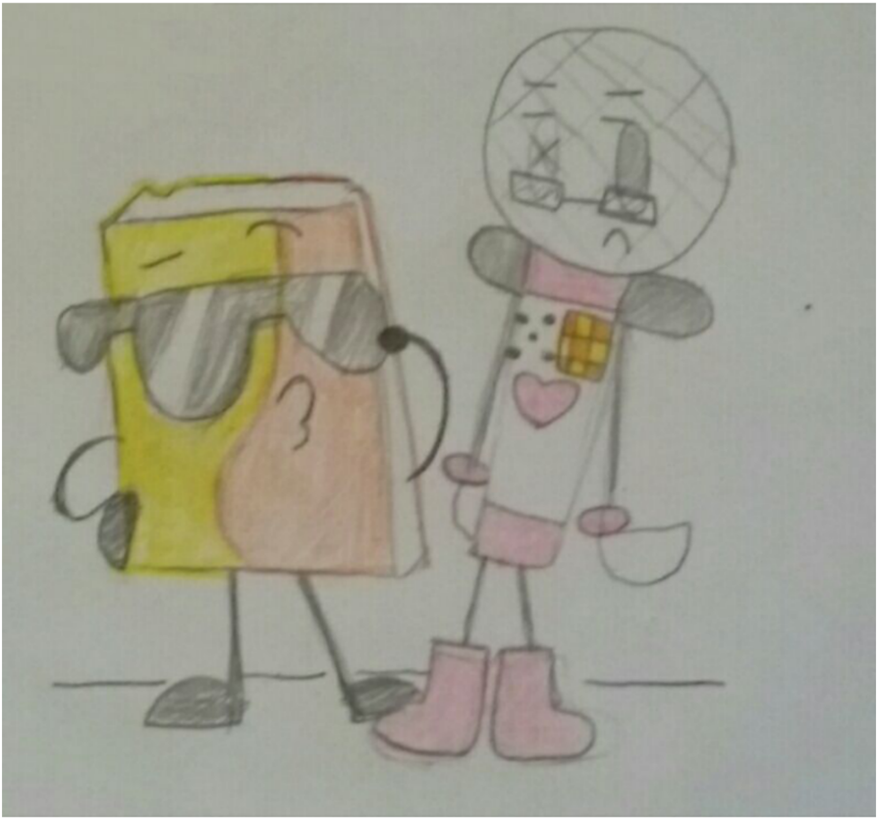
Underswap Frisk-Cube



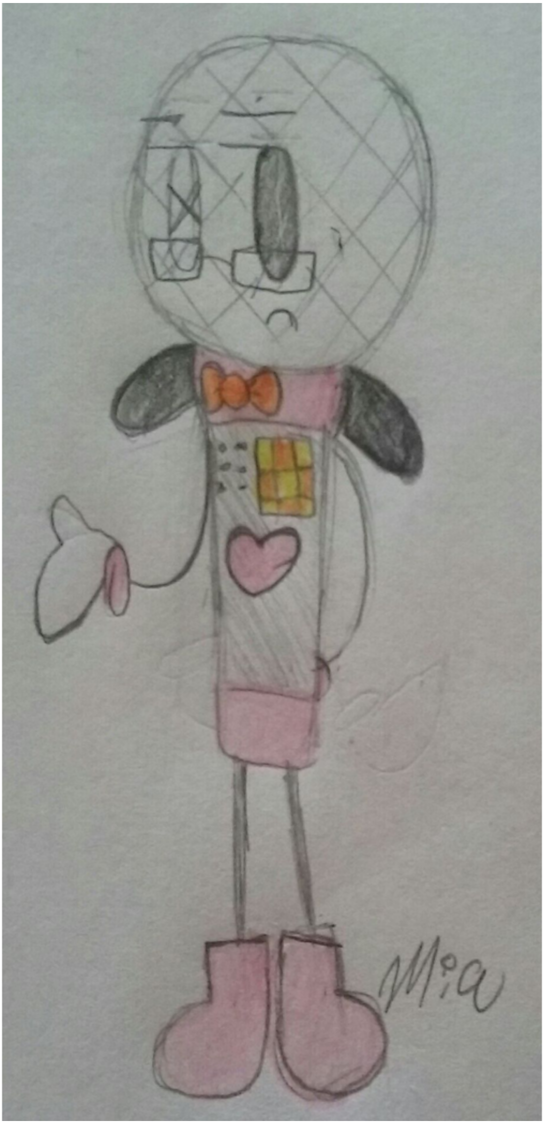
Underswap Firey Grillby.



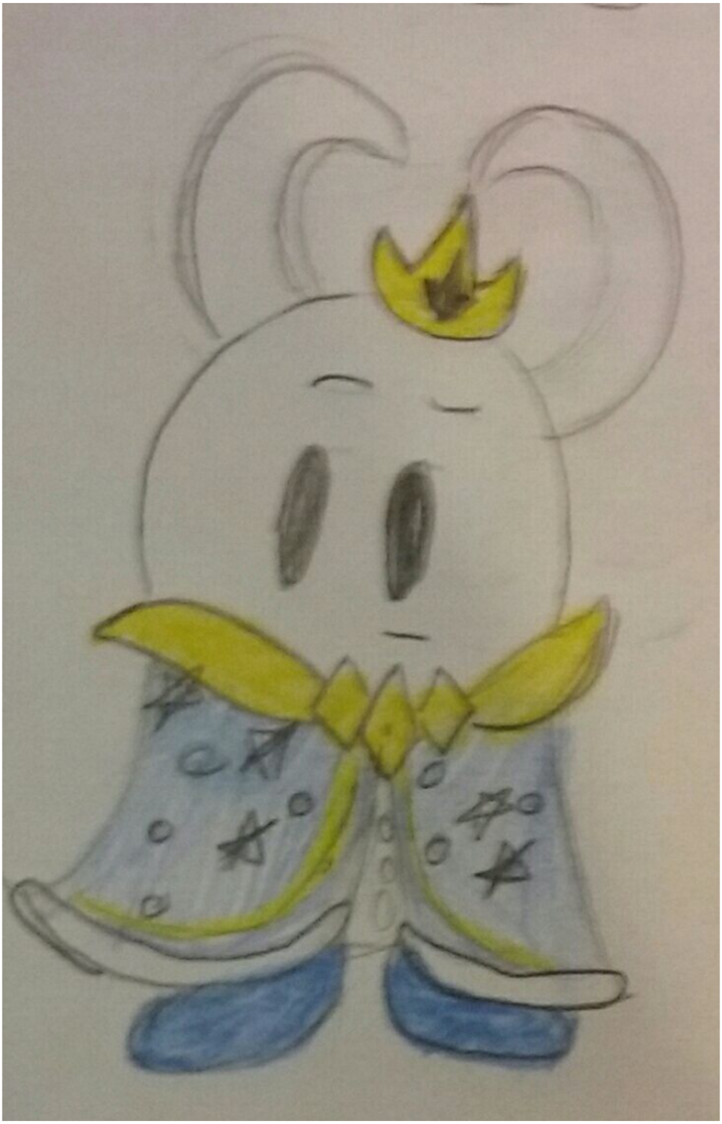
Underswap Bowfett



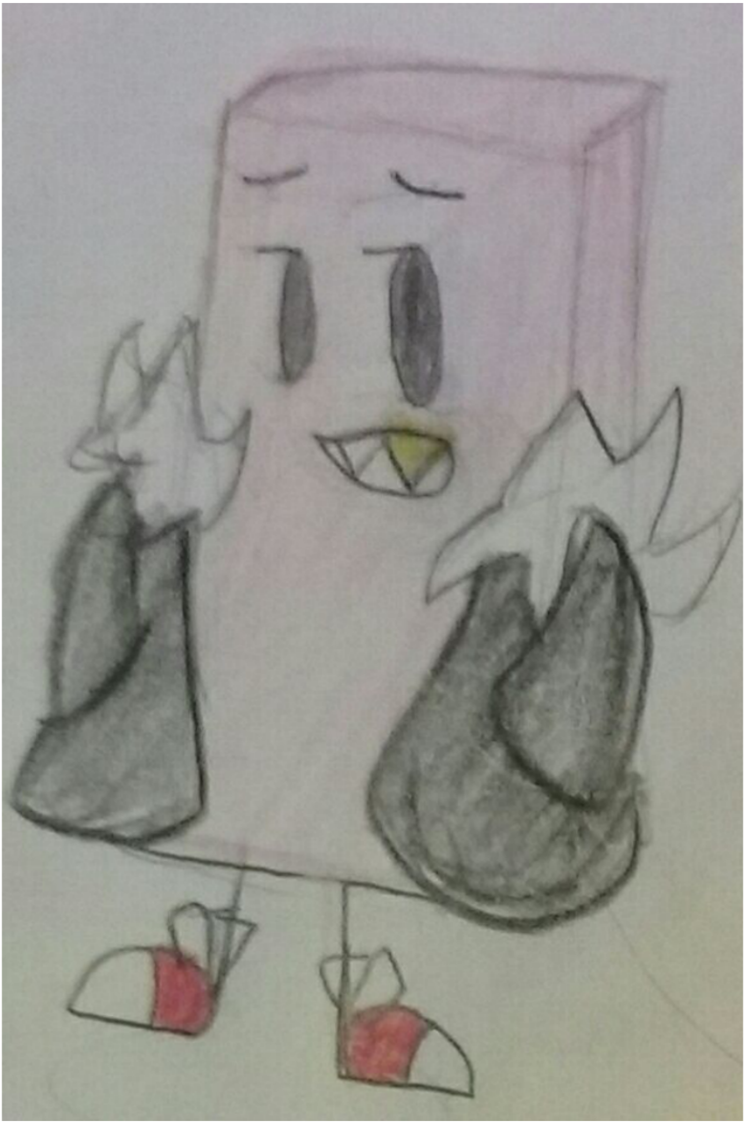
Okay...Here's UNDERLUST Alphys Book and Mettannouncer.These are like,the only ones in that AU I can draw without feeling weird.



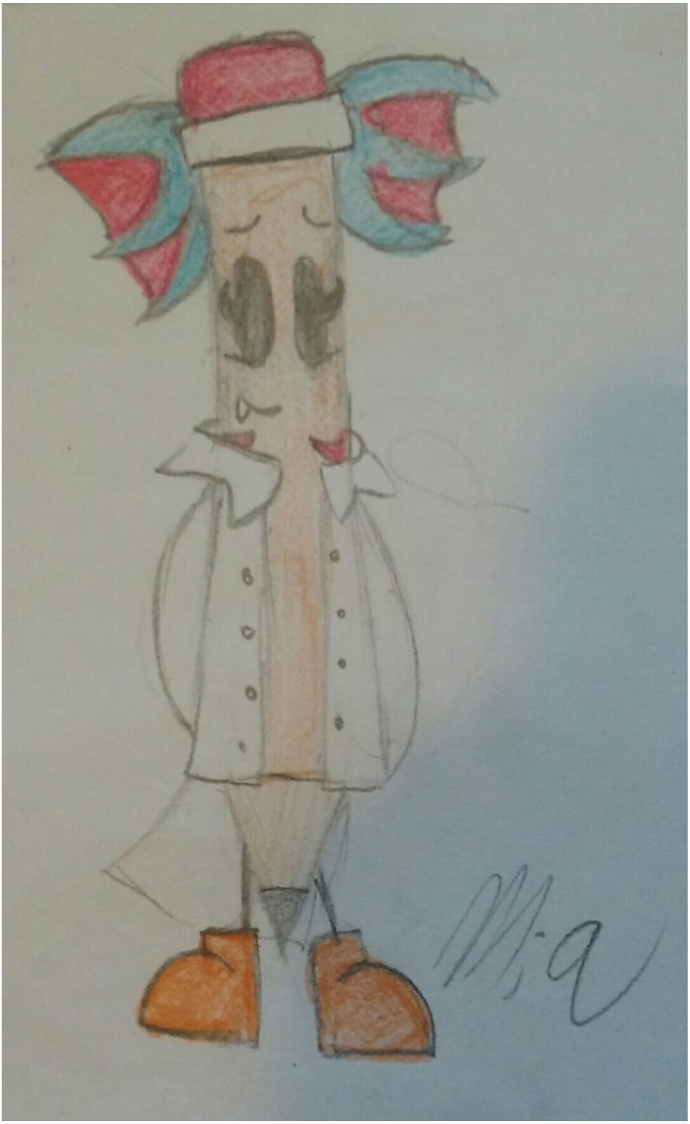
Underlust Mettannouncer again because I like drawing him.



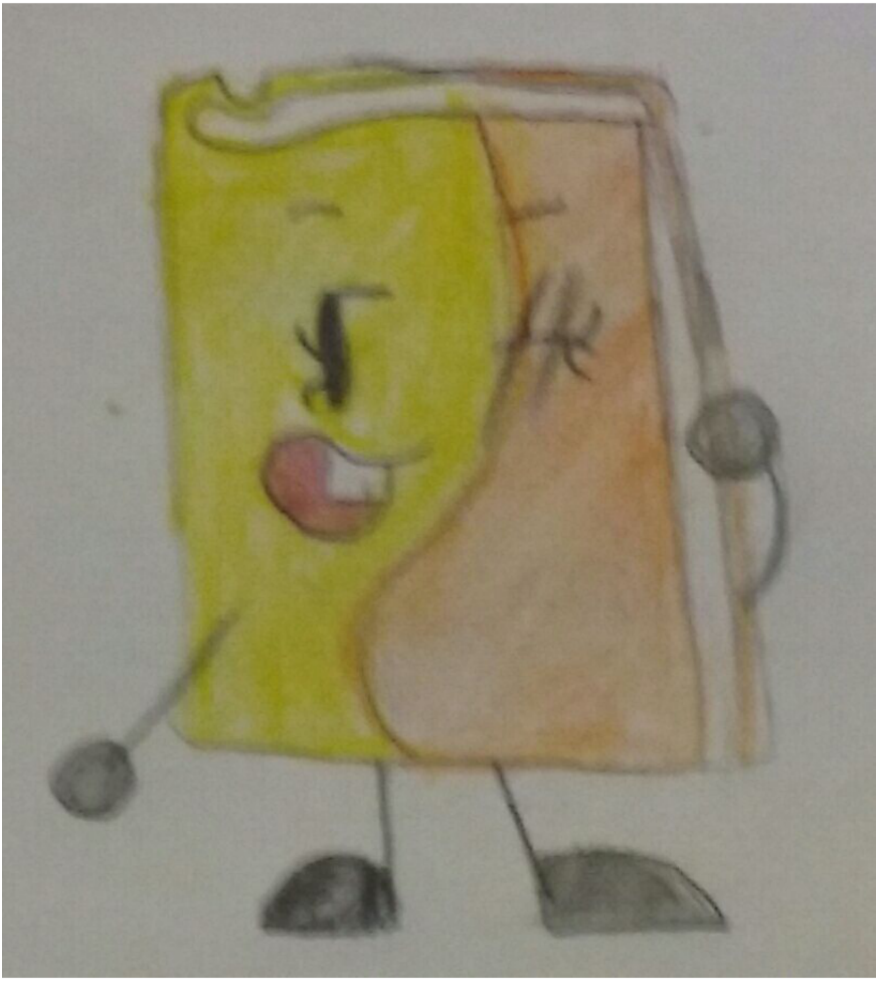
Outertale Snowgore



Underfell Erasans

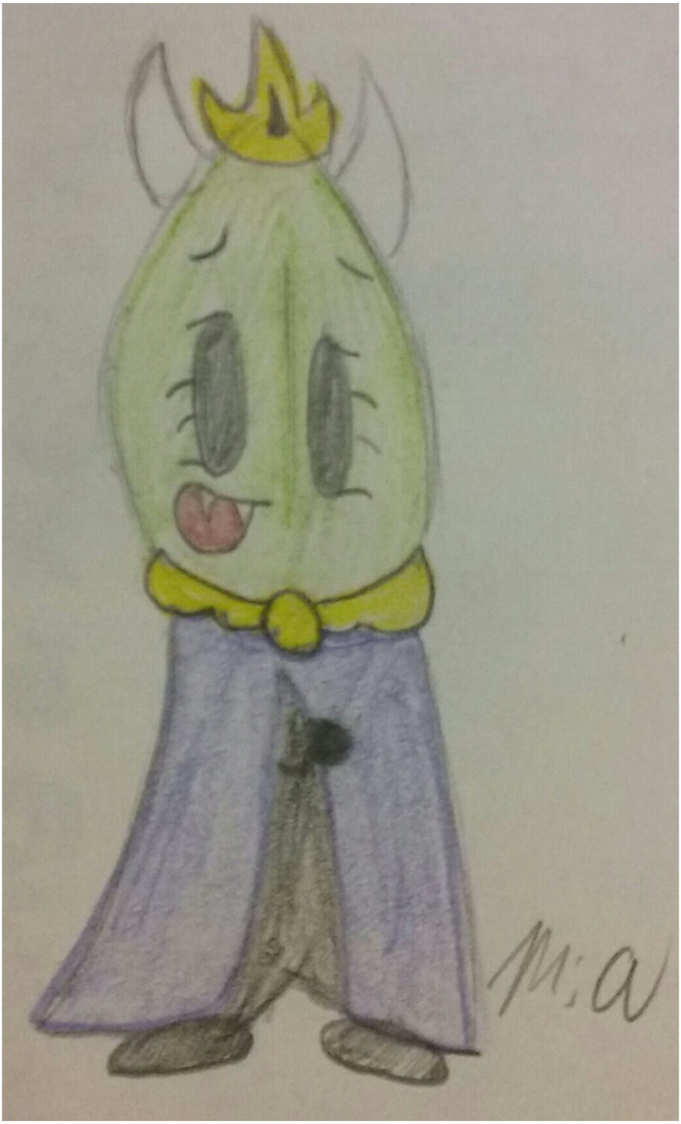


Underswap Pencedyne



Underswap Alphys Book

And lastly...



Underswap Leafiel.

That's it for now
Boi!

I need help.

I love these crossovers too much.So much that when I try to draw the original characters.I end up drawing the ObjectTale versions of them.Then I feel like an idiot.

Also when I try to ship PenRaser (PenxEraser...yes...part of me ships it) I feel like a sinner because I automatically think of Fontcest (SansxPapyrus) which I don't ship.

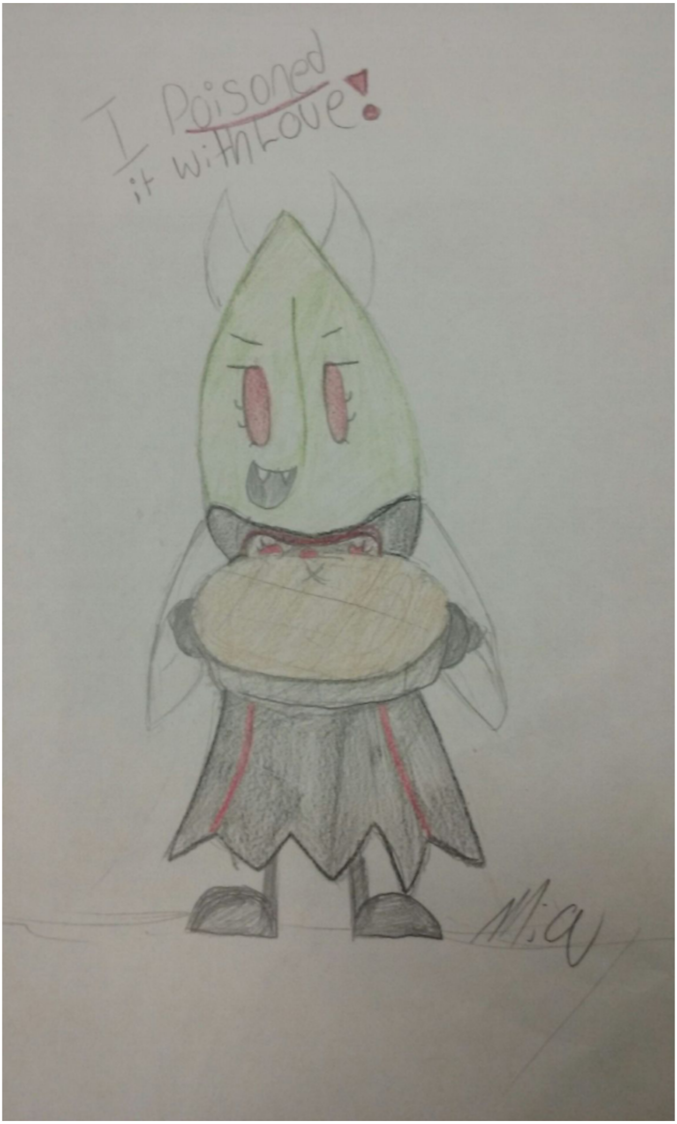
I have become so used to these characters that I think they're characteristics are Canon in object shows.Then,"Oh yeah,Pen is not red" or "Oh...Mic doesn't have fabulous legs"

I feel like I need to take a break from this book.But yet,I don't because I love this book too much so I won't.

I have become addicted to this book/idea...I don't know what to say.

I'm OBJECTTALE TRASH.

Drew Underfell Leafiel



I Poisoned it with Love!
Mia

I poisoned it with love.

I have never made a pun so clever.

I have made a masterpiece

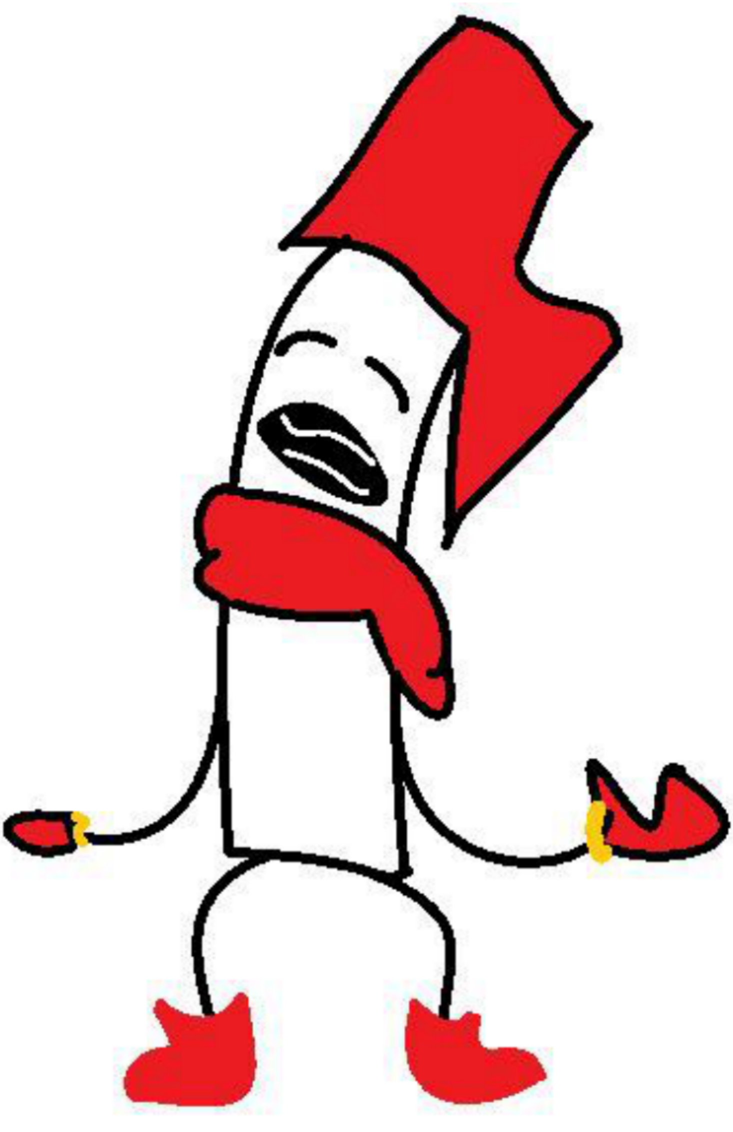
This is honestly the most ironic picture I have ever made.

It's based of of a terrible picture I have come across on an art website some would be familiar with

You do not know how much I laughed while making this.

Also the name I put for the picture is the most lovely name.

I will now show you my masterpiece....

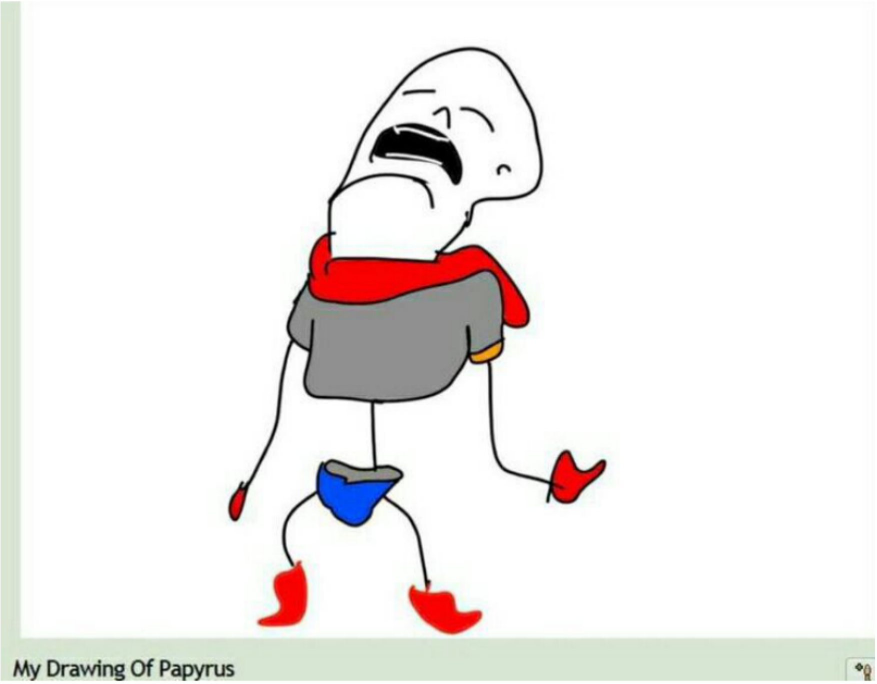


Also the name I put for this

Pengasm

Pengasm,if you can't read it.

It's based of of this masterpiece



My Drawing Of Papyrus

What do you think?

Also...It's Ironic,I can draw better than that.

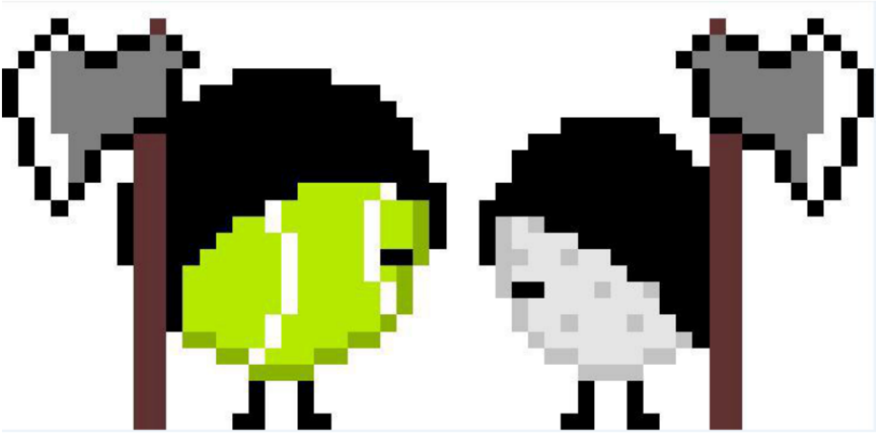
TB and GB as Dogamy and Dogaressa

I asked myself,"What is the most PERFECT straight ship in the object universe?"

And then I answer,"Tennis ball and Golfball of course!" I mean,who else would you ship them with?They're perfect for eachother.

So I made them a married dog couple with axes.Because yes.

Also I made their sprites



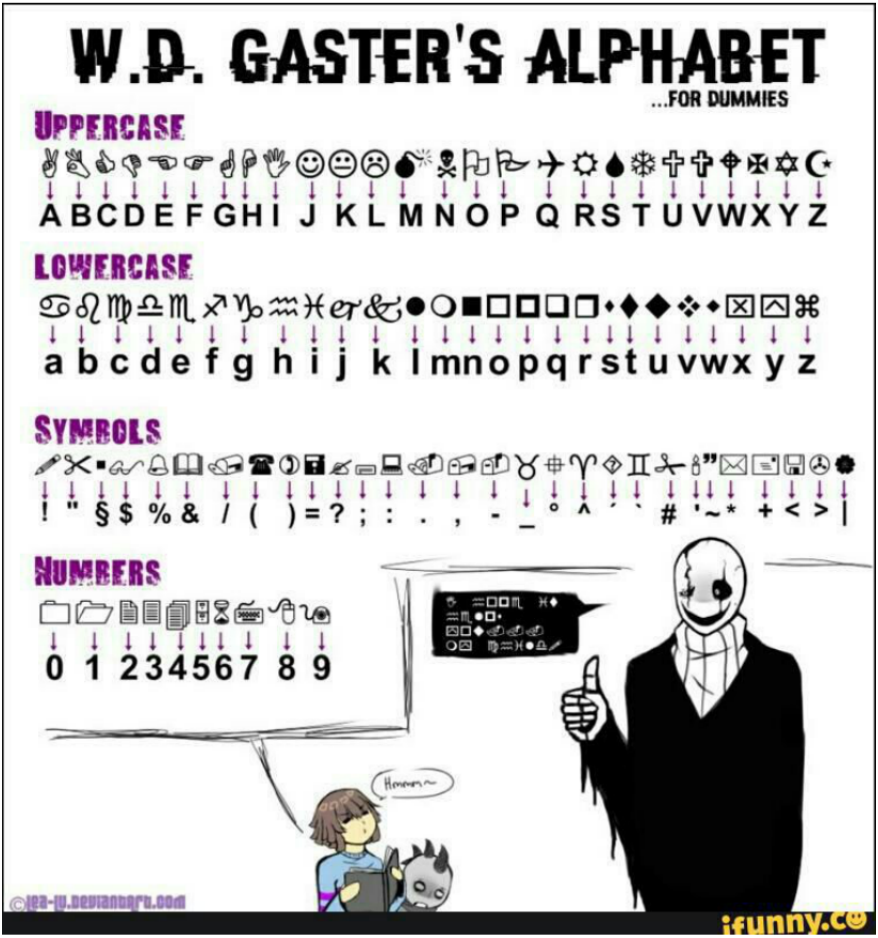
They're so cute right?

Their mix name is Tennissy and Golfaressa.

David as W.D. Gaster

They look somewhat similar.And They are both pretty mysterious.Do you think?

Also,can you translate whatever David Gaster is saying?



W.D. GASTER'S ALPHABET

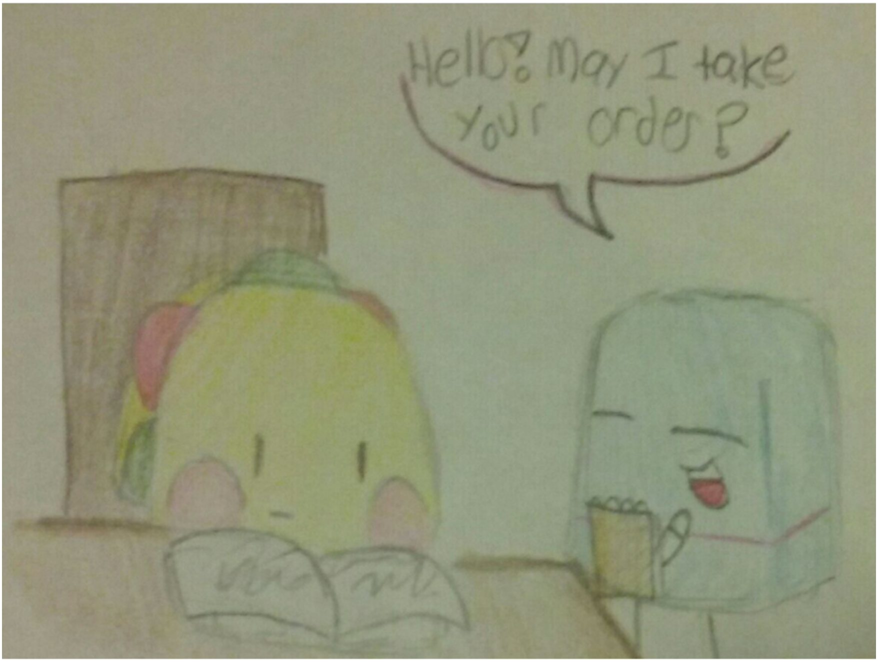
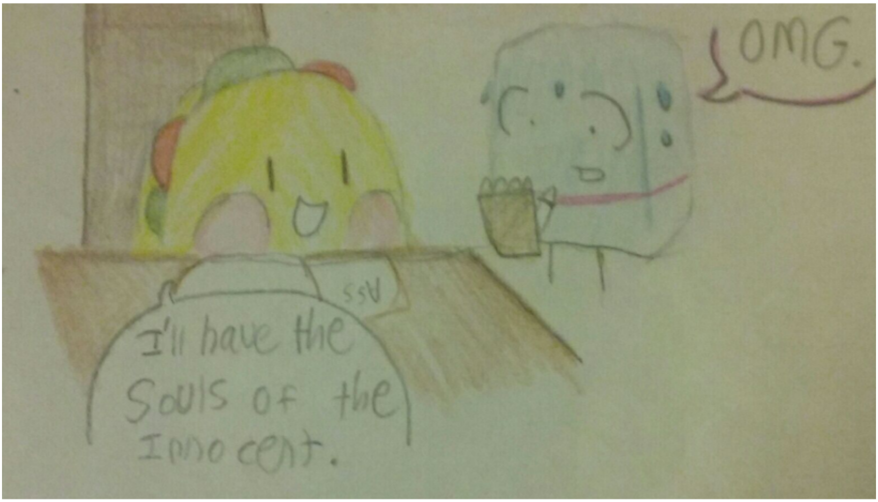
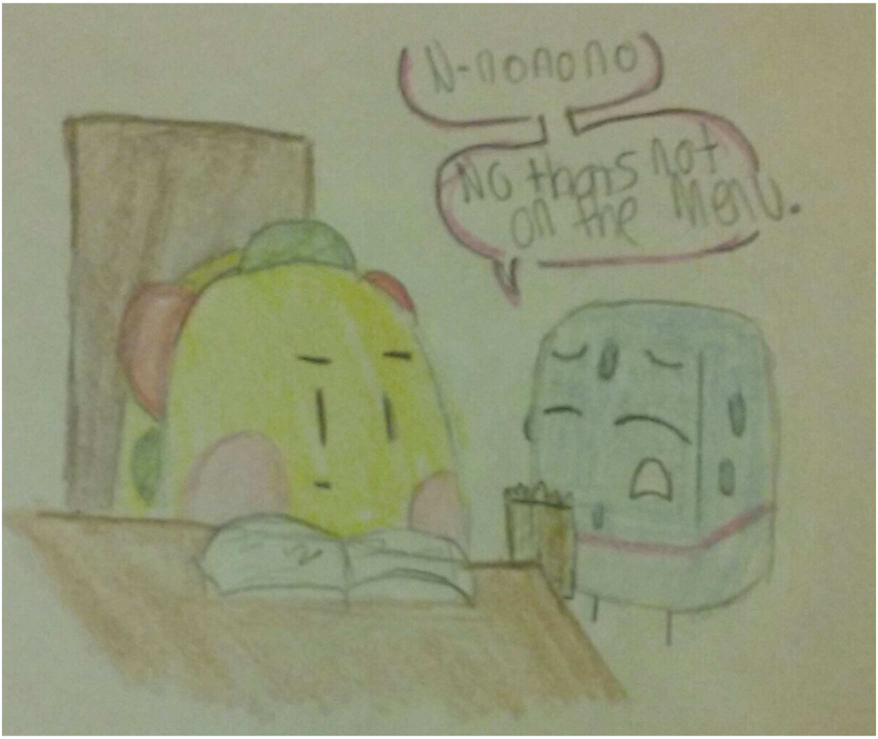
Super Kawaii Original Comic Donut Steal Sugoi Desu Kawaii OWO!!!!!!



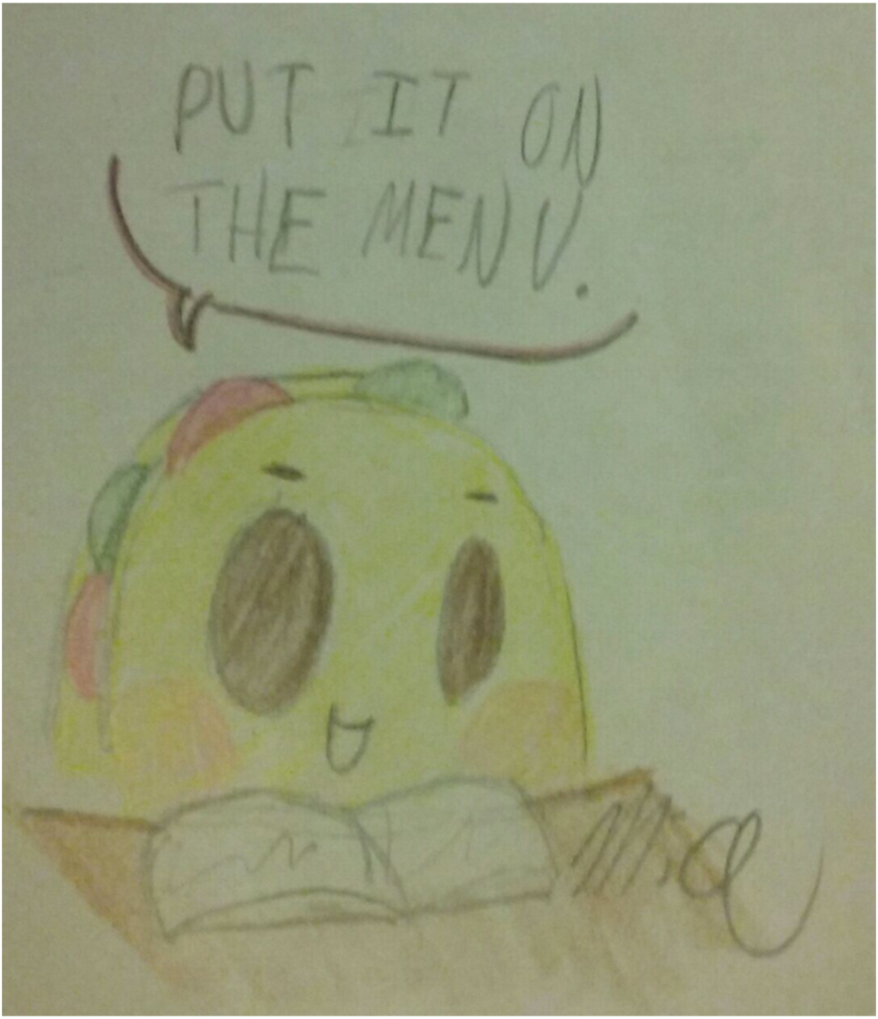
Hello! May I take your order?



OMG.
SSV
I'll have the Souls of the Innocent.



N-nonono
No thats not on the Menu.



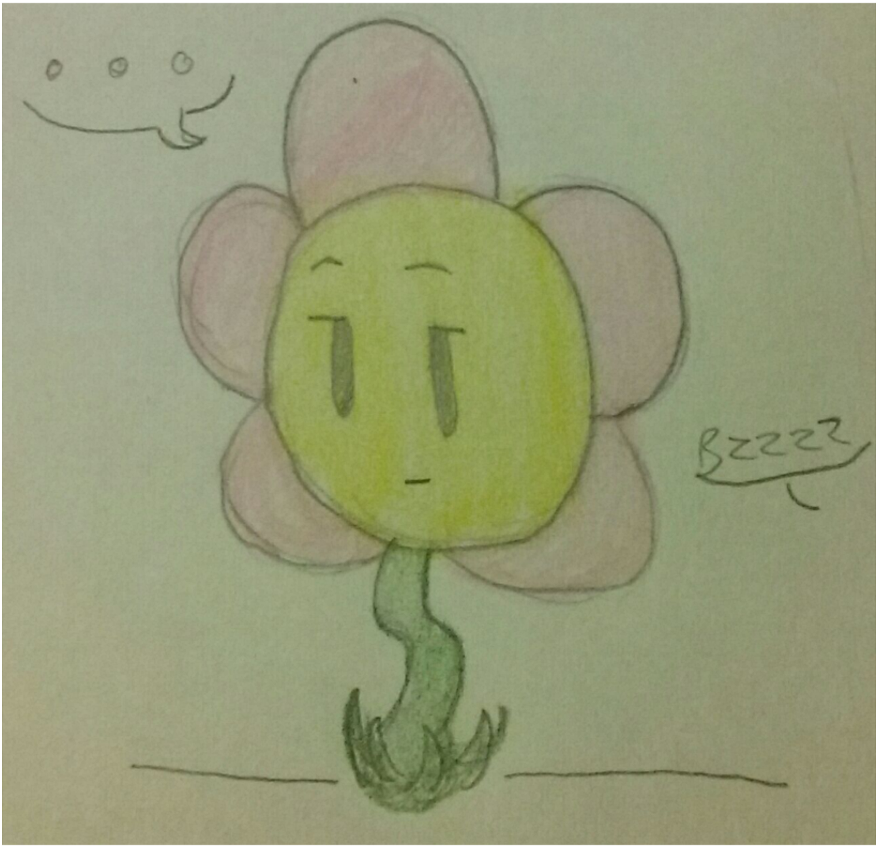
PUT IT ON THE MENU.

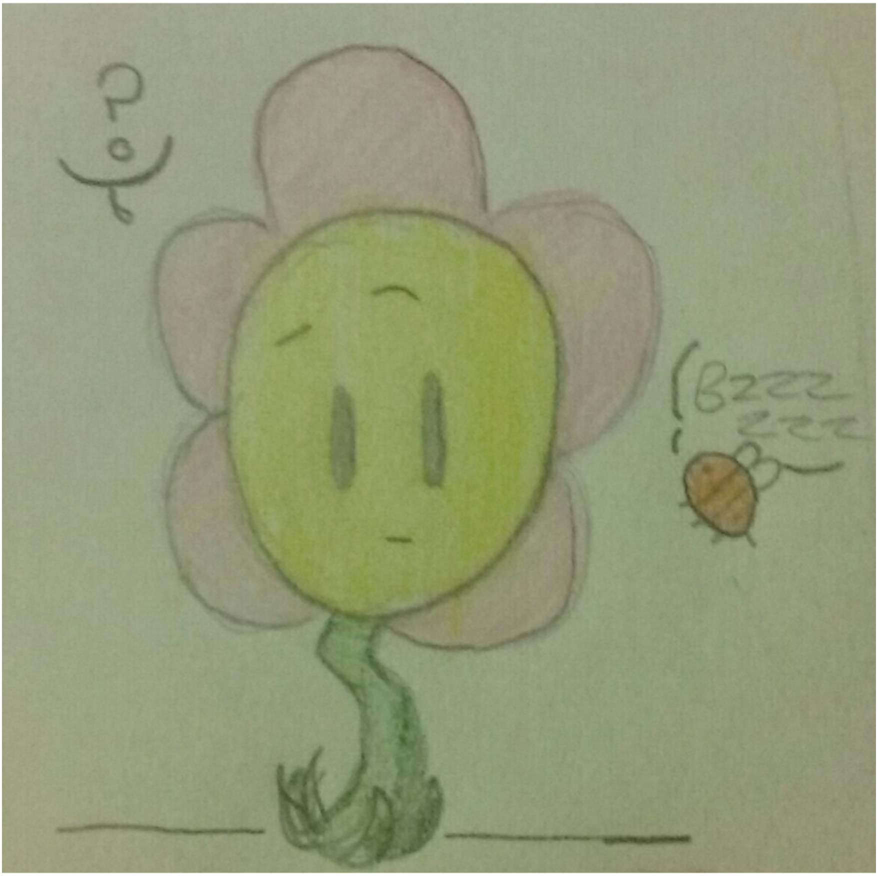
The title is sarcastic.Don't listen to it.

I am basically referencing a book that was referencing Club Penguin.Because I'm sooooooooooo original.(my sarcasm is on point,Nickel would be proud.)

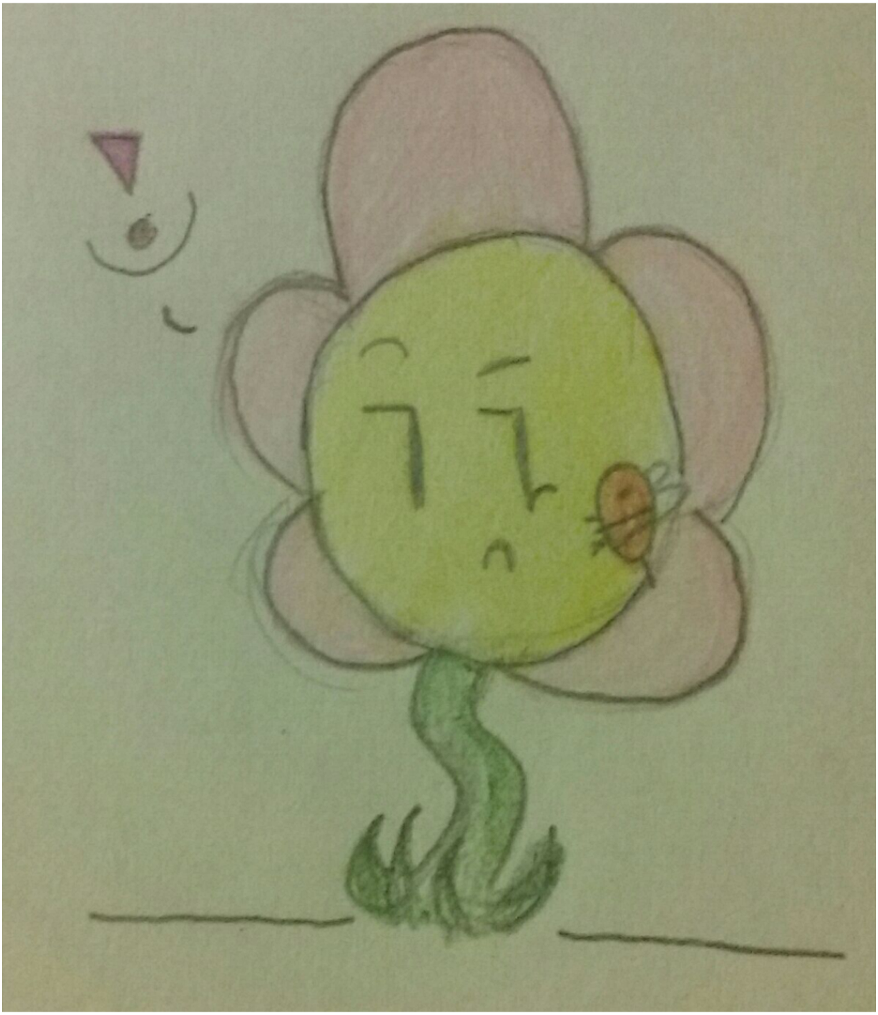
That's it for now...Boi!

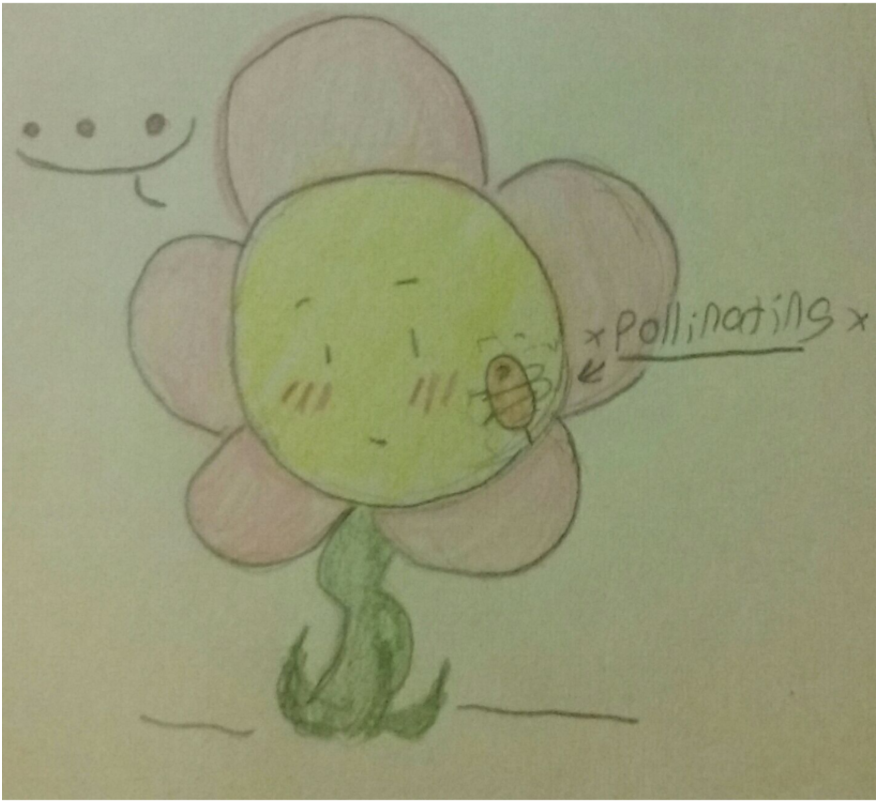
Sexy Symbiosis



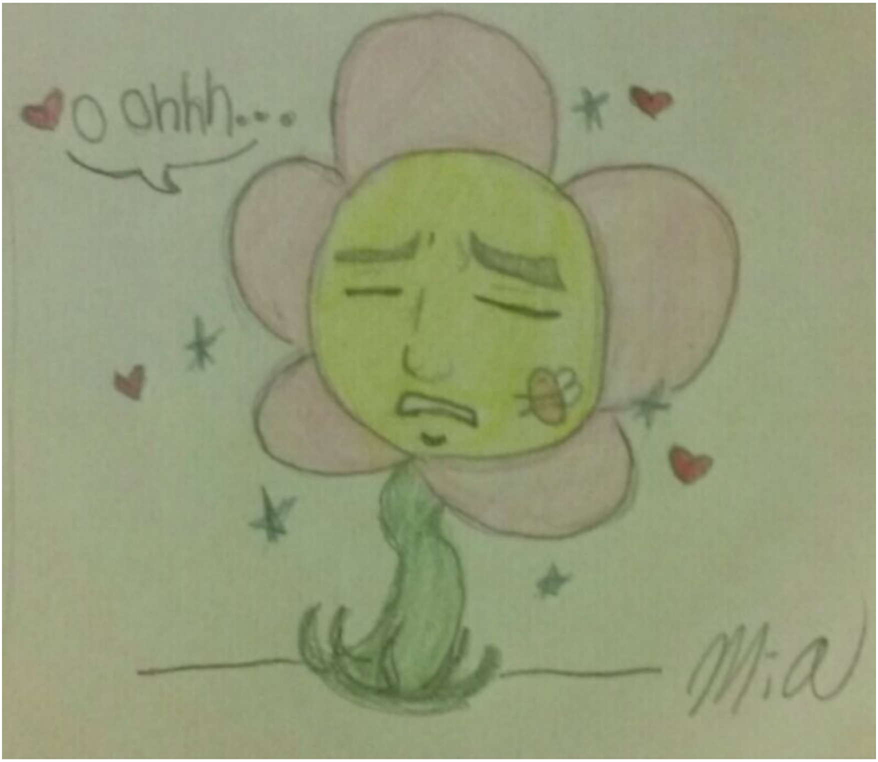


Bzzz
zzz





. . .
Pollinating



I used a meme correctly,I'm so proud of myself.

Also,*Insert large amount of Lenny Faces here.*

For young people who don't know what symbiosis is,it's how two organisms react to eachother.

Advertisement/Author's Note/ Thing to ask you.

I aspire to do something.

It's another object crossover book.It crosses over with a video game some would be familiar with...

Let me ask you a question.

Do you like the game...

Yandere Simulator?

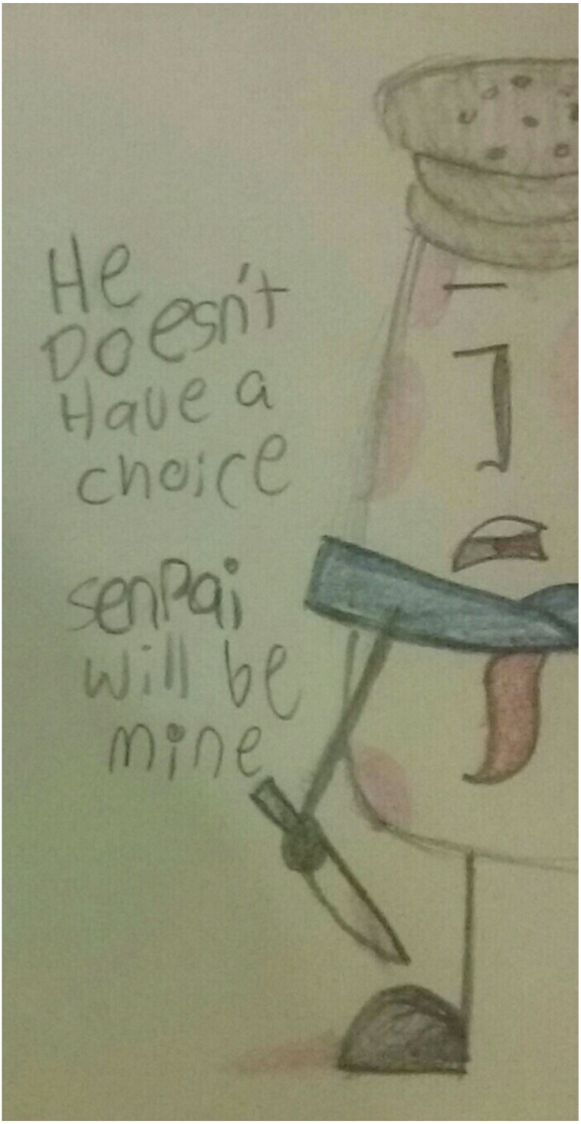
Because I aspire to make a crossover book on that game.

I have been thinking of making this book for a while.

In fact,I thought of this crossover before I thought of ObjectTale.

So...Should I make this book?
And If I did...would you read it?

Here's a little preview thing.



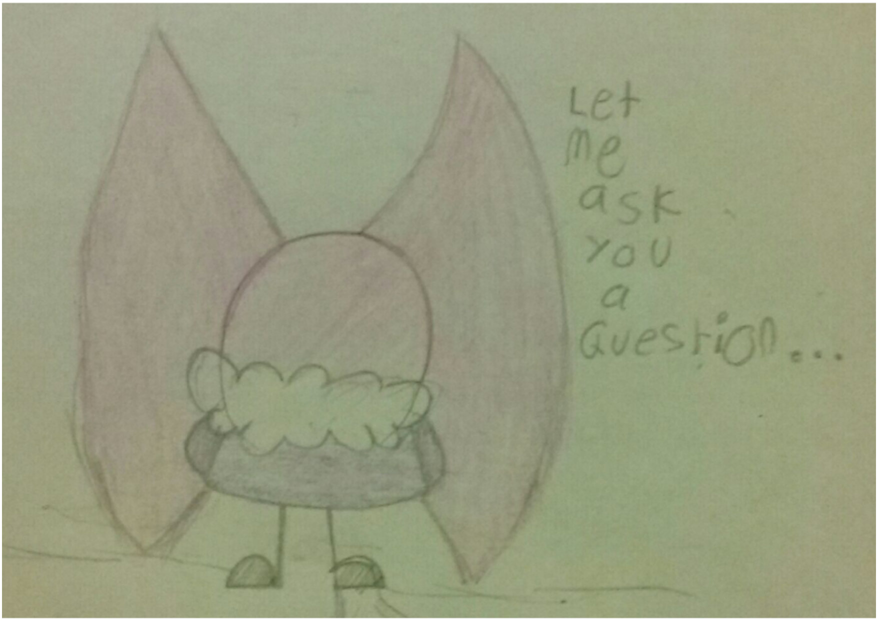
He Doesn't Have a choice
senPai will be mine

So you know the first crossover for that book!

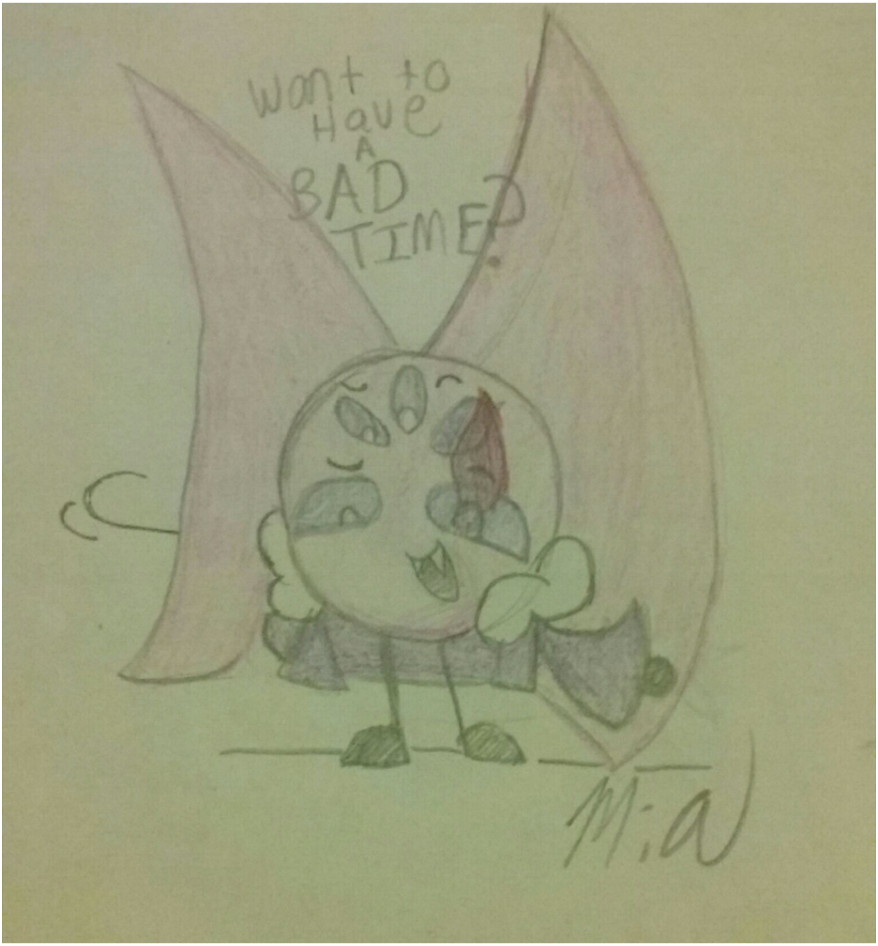
That's it for now.
Boi!

This.

I recently listened to Greedilovania.
Then I drew this.



Let me ask you a Question...



wont to Have A BAD TIME?
Mia

Because yes.

Boi!

Changed The Cover.

I have changed the cover once again.I like that one better than the older one.The older one was a bit ugly.

I have redesigned Frisk to look older.It's much cuter.Plus,they have a nose now.Which I adore.

The lighting is much more clear.Because my lighting was out of the window and not from a lightbulb.

Whenever I make a photo with lightbulb lighting.It makes a really annoying yellow color that makes the picture a bit ugly.I'm thinking of snapping pictures with window lighting from now on.

So...yeah.I like this cover.

Boi!

It's Official.

I have made the Yandere Simulator crossover book.

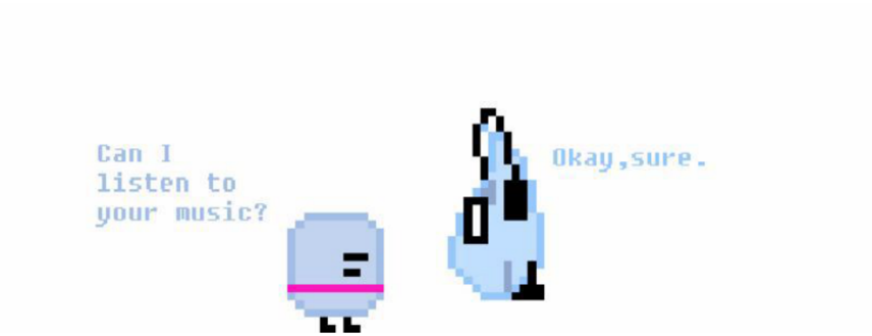
You can read it if you want.

Speaking of Yandere Simulator.

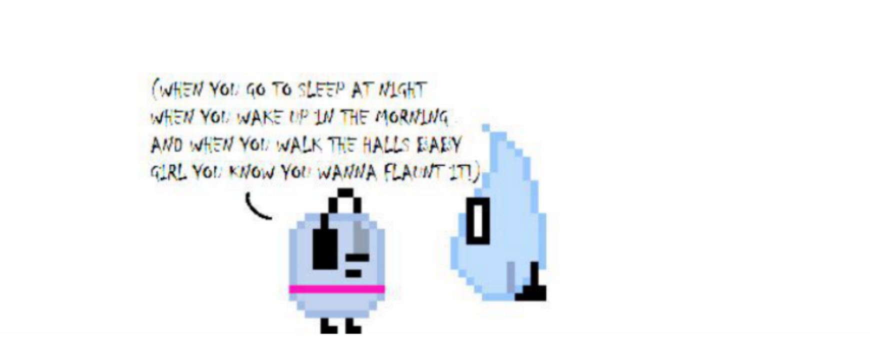
I'm gonna delete My Yandere Simulator Fanfic.

So don't read it.

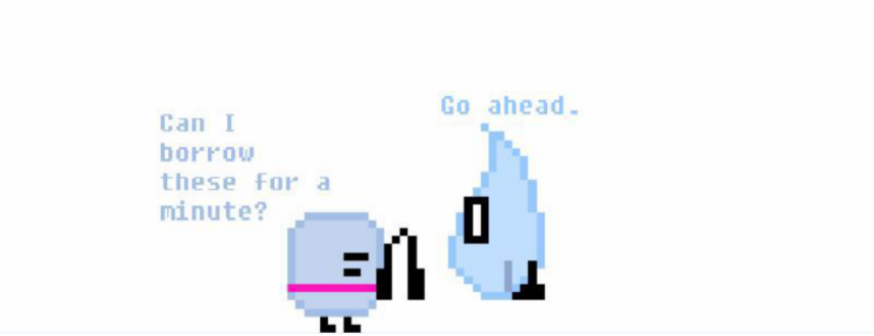
Frisk-Cube is Savage



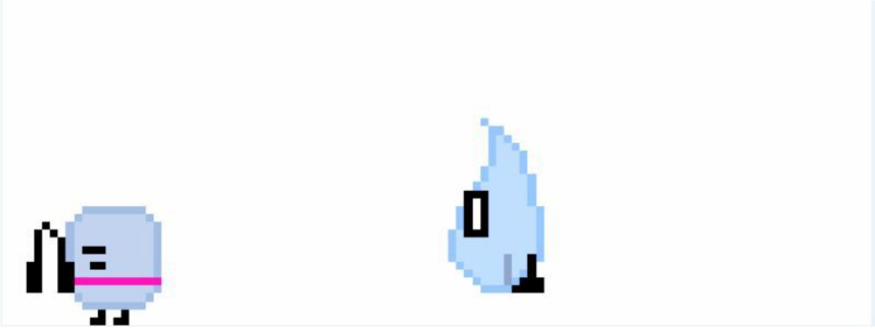
Can I listen to your music?
Okay,sure.

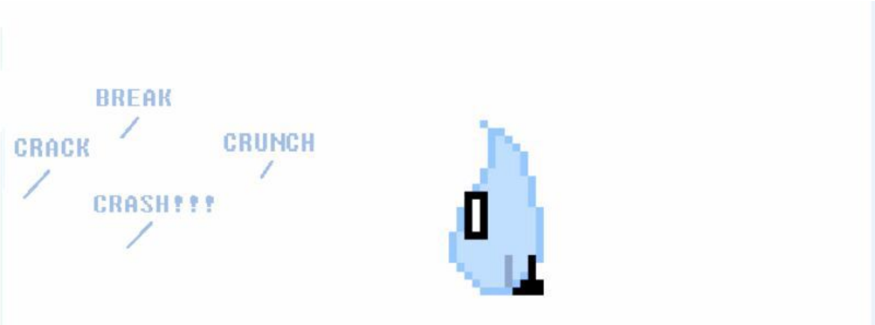


(WHEN YOU GO TO SLEEP AT NIGHT WHEN YOU WAKE UP IN THE MORNING AND WHEN YOU WALK THE HALLS BABY GIRL YOU KNOW YOU WANNA FLAUNT IT!)



Can I borrow these for a minute?
Go ahead.





BREAK

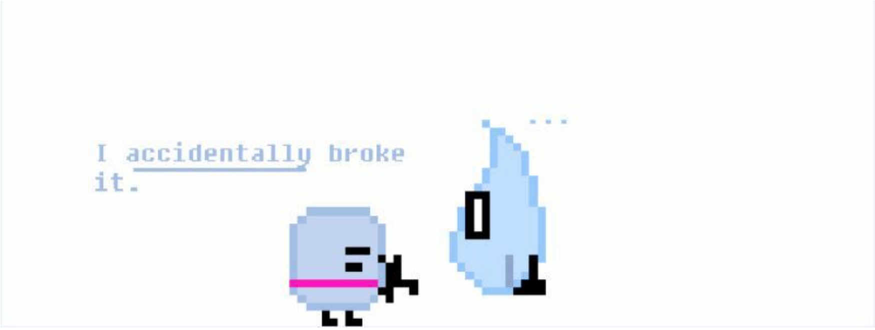
CRASH!!!



I accidentally broke it.

I love this joke way too much.

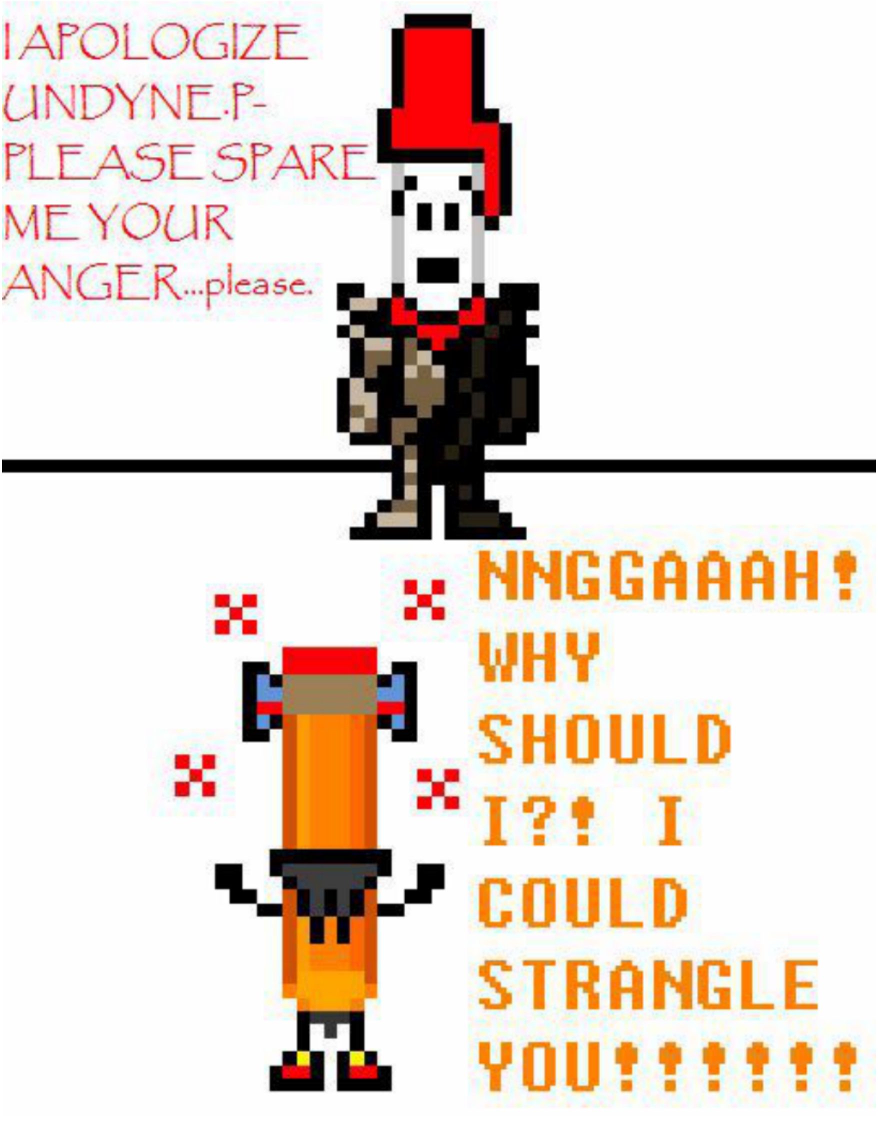
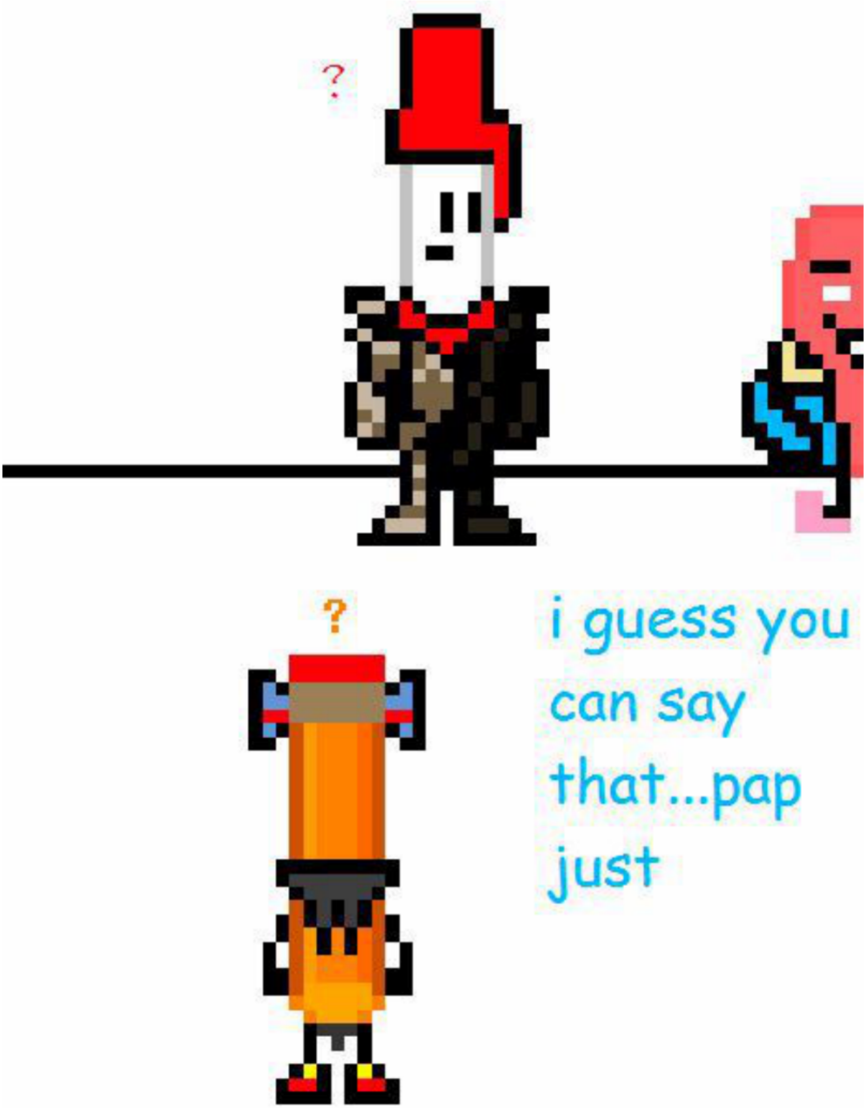
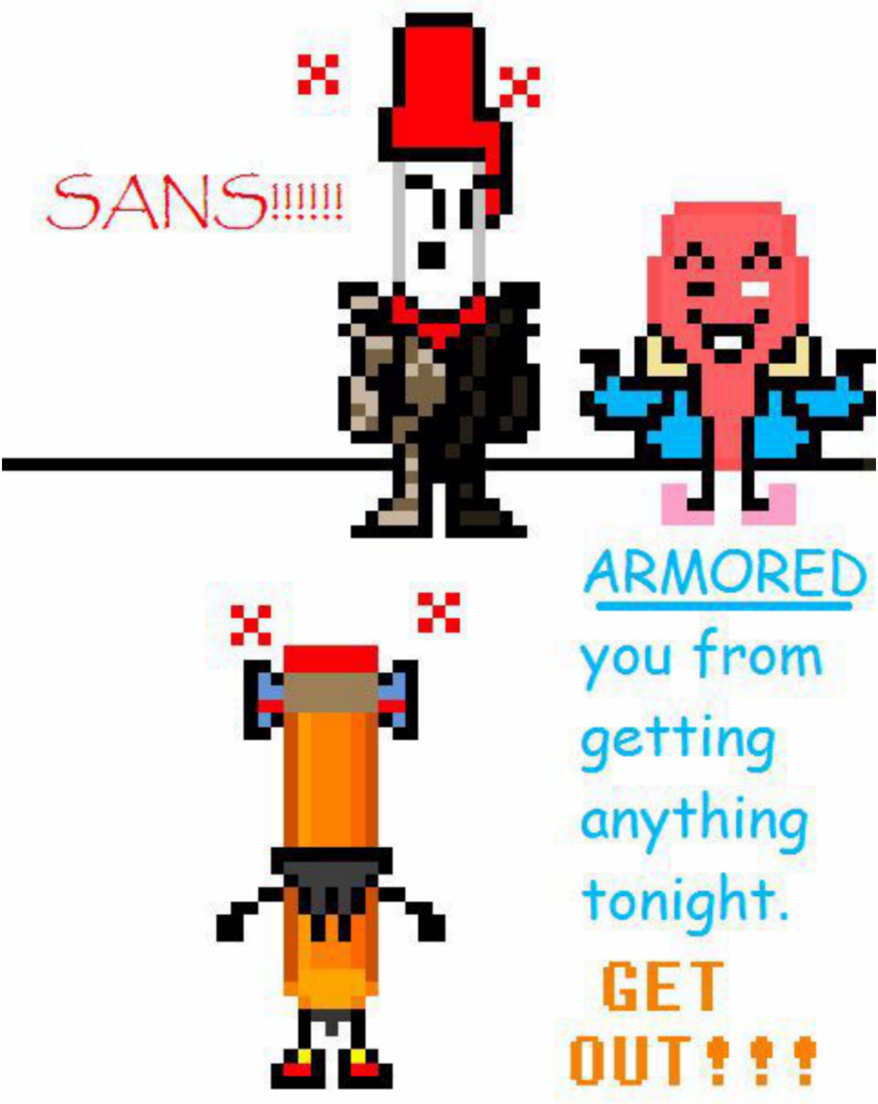
PAPYRUS! Did you break in to my house JUST to wear my armor?



I APOLOGIZE UNDYNE.P-PLEASE SPARE ME YOUR ANGER...please.
NNGGAAAH! WHY SHOULD I?! I COULD STRANGLE YOU!!!!!!



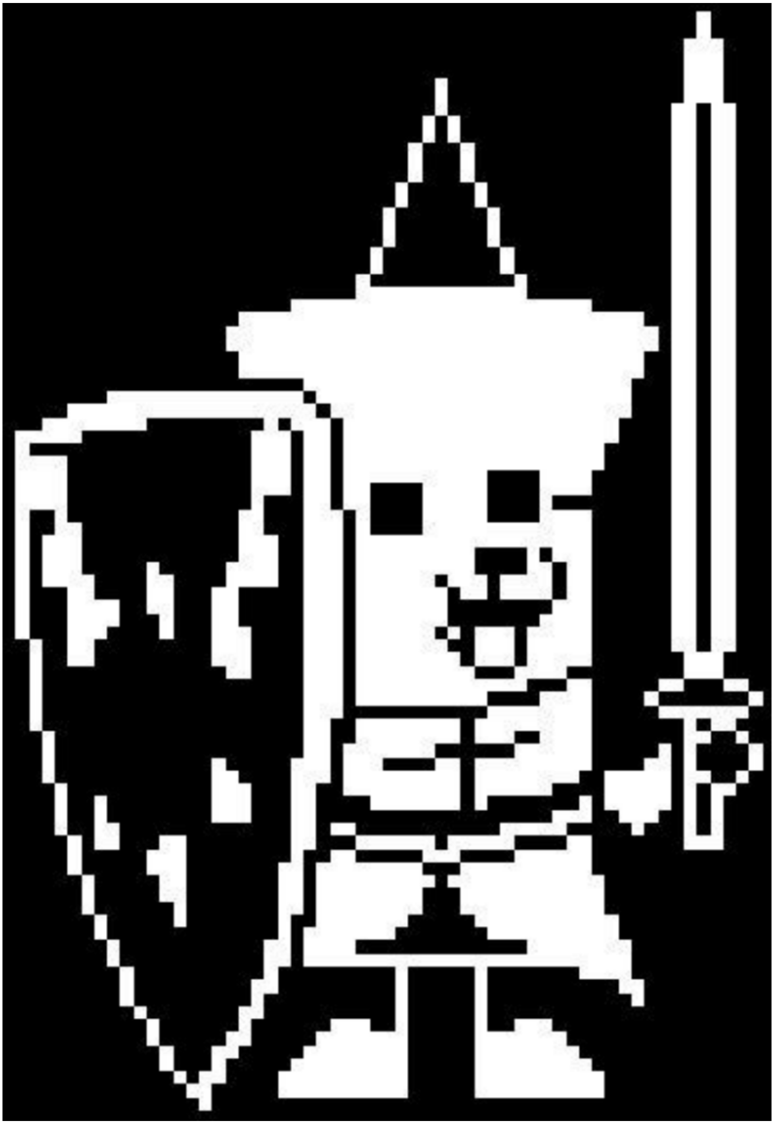
?
?
i guess you can say that...pap just



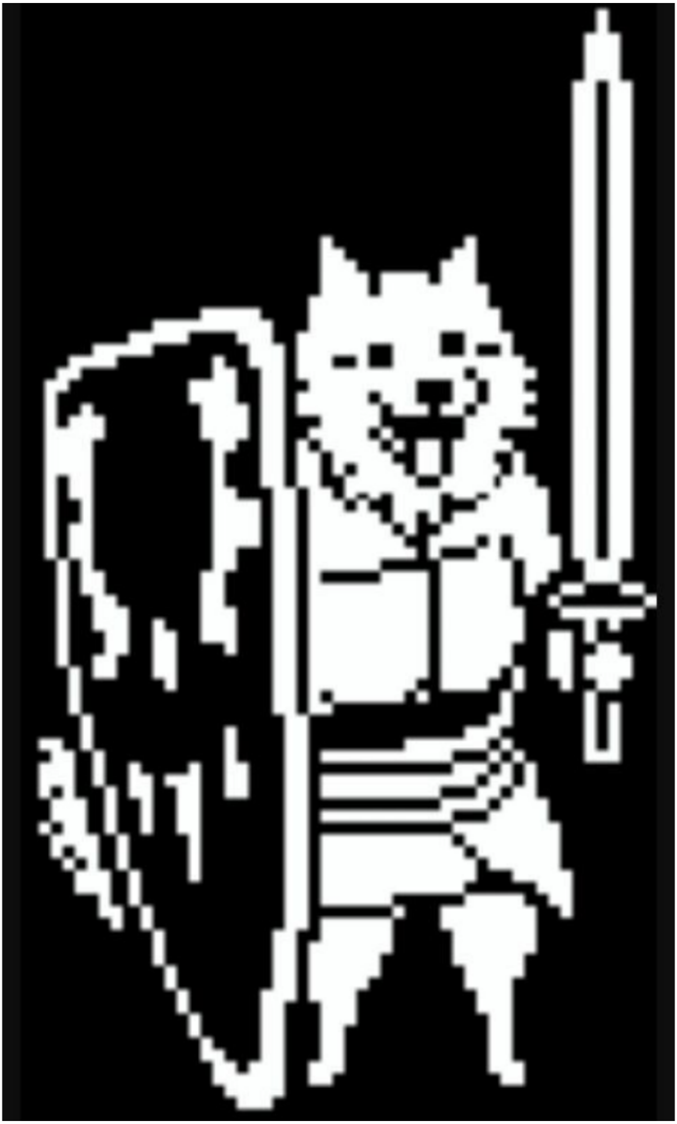
SANS!!!!!!
ARMORED you from getting anything tonight.
GET OUT!!!

This is lovely.
I'm gonna start making more comics like this.
Because yes...

Lesser Pin Sprite.



I made this long ago as well.This was actually a really easy sprite to make.But yet,most sprites are easy.



Lesser dog to compare to the one that I made.

Omega Flowery

I made this picture a while ago.I forgot to post it.

So it's basically Omega Flowey,But with less petals,a yellow face,and magenta claws.

I think I did good.

Picture.

All around me are familiar faces
Worn out places
Worn out faces.

I don't know why,but I love this picture.

And I heard this song while I made this picture.

Dingly Dangly Diddly Ding Dongs

Ignore the title
Ignore the picture

I wanna tell you something.

I'm gonna make a little plan for a few characters crossovers

Anybody who is a female bunny in Undertale will be gems.

Remember how Ruby has 30-something sisters.So it will nicely go with the number of bunnies in undertale.

Also,Ruby will probably be the Snowdin shopkeeper and the hotel owner will be one of her sisters.

Any monster in the slime class will be gelatins.

Remember about B.A.G.U.E.T.T.E everyone!

And probably a few T.W.O.W. contestants will be reptiles.

I may even use some reccomended BFDI characters to be a few characters.So expect that.

ALSO!need I remind you that YOU can RECCOMEND character crossovers for THIS book.I haven't getting any reccomendations at all for weeks now.I need YOUR help to make this book grow.

For those who have been reading this book since the very beginning.I have changed up older chapters.So if you'd like,you can read those now if you wanna stay current and stuff.

And I wanna say this.I'm getting a little tired of making crossovers of

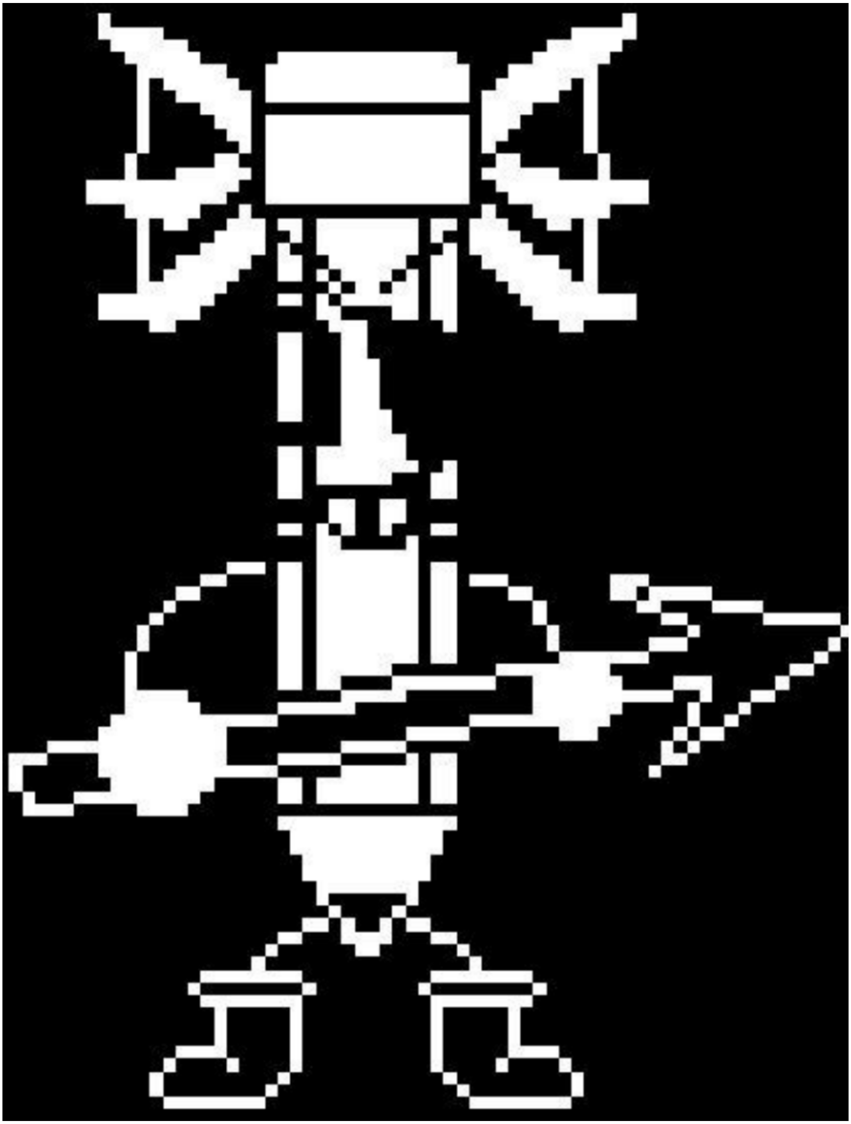
characters from just BFDI and I.I.
I might add some character crossovers of characters from other object shows.Like I'm kinda thinking of making Toaster the annoying dog.

So yeah.That's what I wanted to say.For the people who literally skimmed through this,please take your time to read this.Each paragraph is important.

Boi!!

Armor

Have I shown you this picture?
I don't think I did.



Or this one?
I might need to work on that one.

Mining the Craft

I made this in Minecraft.
Because I can.

I made Frisk-Cube out of ice blocks because yes.

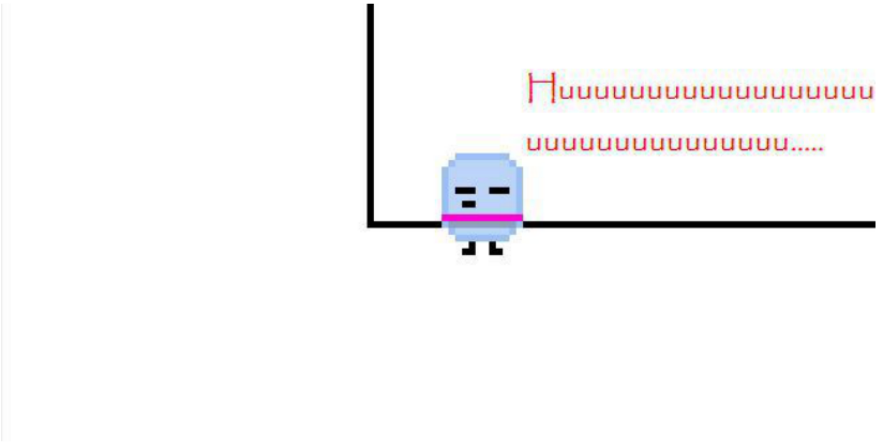
The Flowery one was actually the longest to make.Because (insert reason here)

God,these chapters have been vague and boring.Probably because I made them late at night.

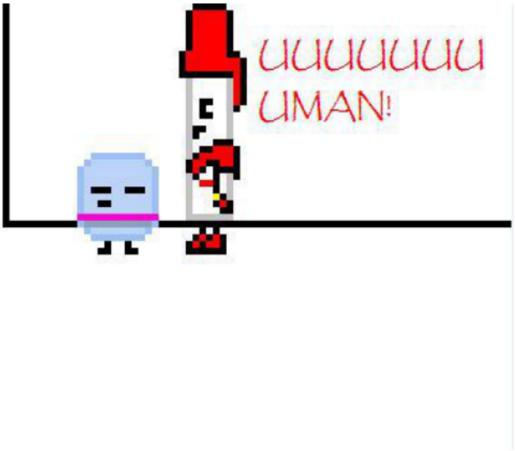
Look at that,the time I made this chapter at 12:14.

I need to sleep.
BOI!!

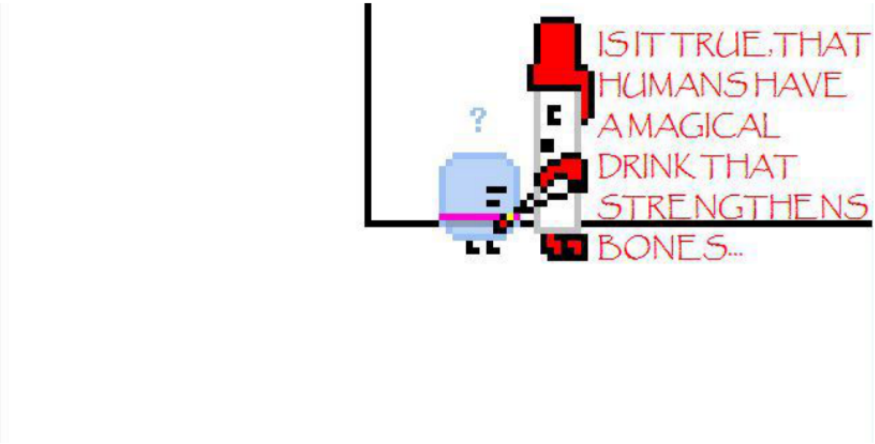
Milk.



Huuuuuuuuuuuuuuuuuu
uuuuuuuuuuuuuuu.....

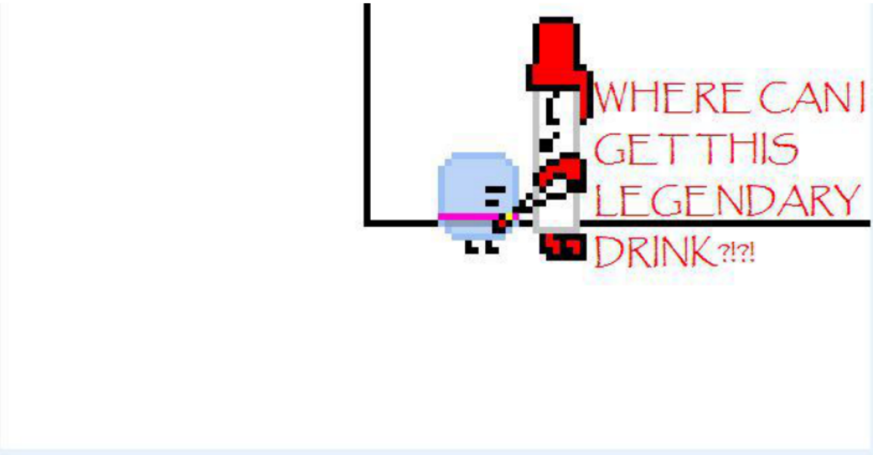


UUUUUUUU
UMAN!

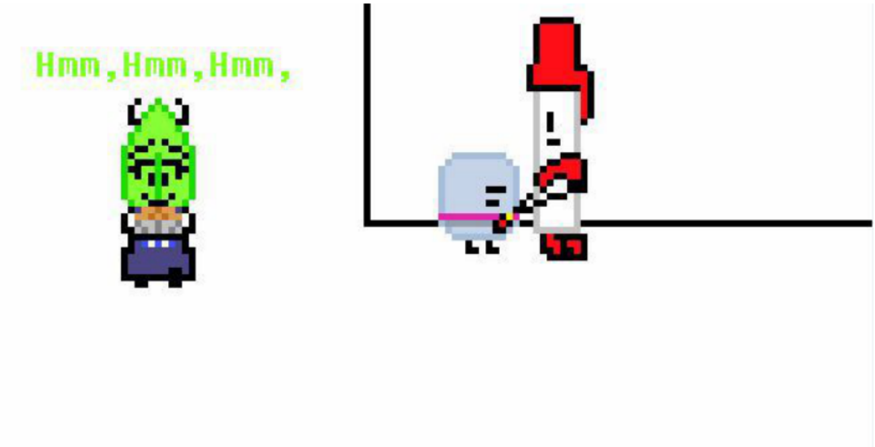


?
IS IT TRUE, THAT HUMANS HAVE A MAGICAL DRINK THAT STRENGTHENS BONES...

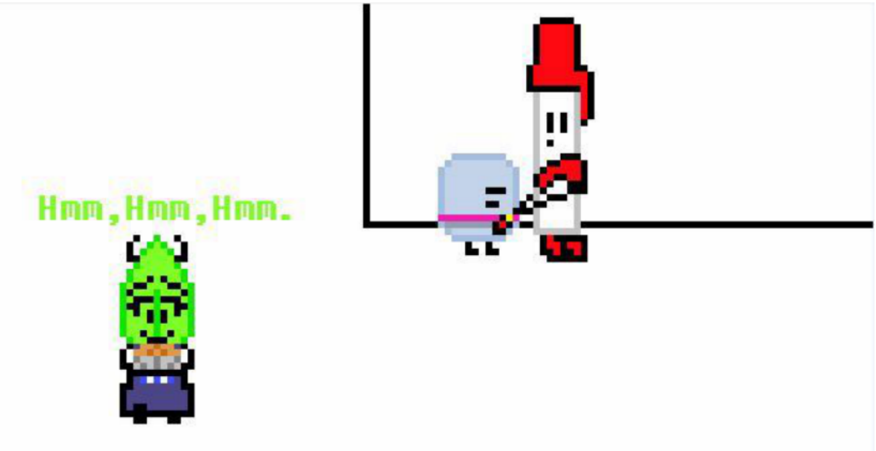
Called Milk?
Yeah.



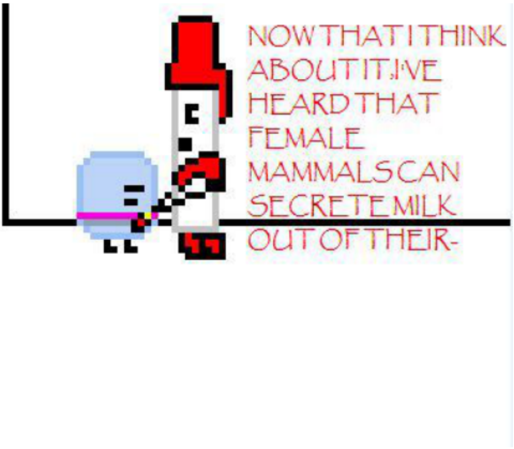
WHERE CAN I GET THIS LEGENDARY DRINK?!?!



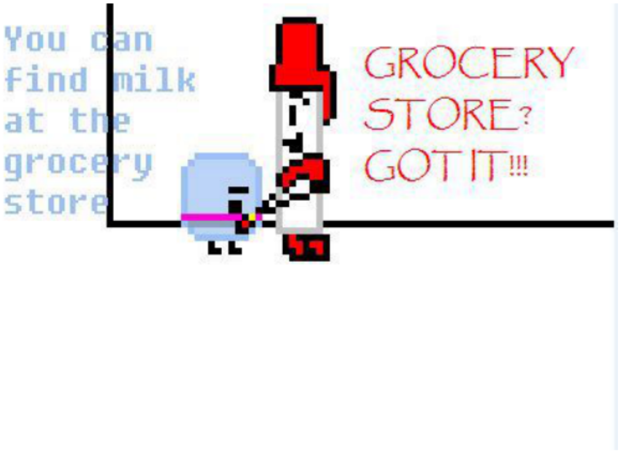
Hmm,Hmm,Hmm,



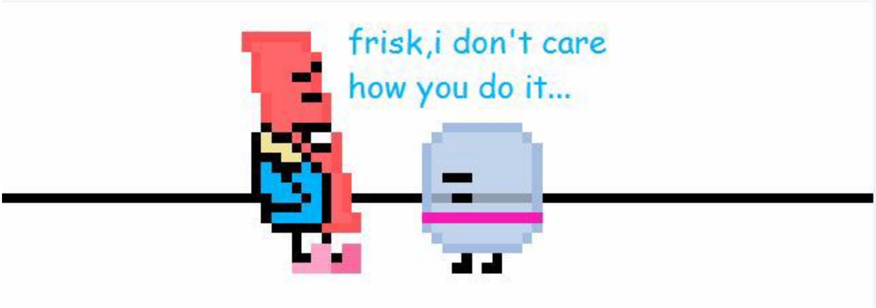
Hmm,Hmm,Hmm.



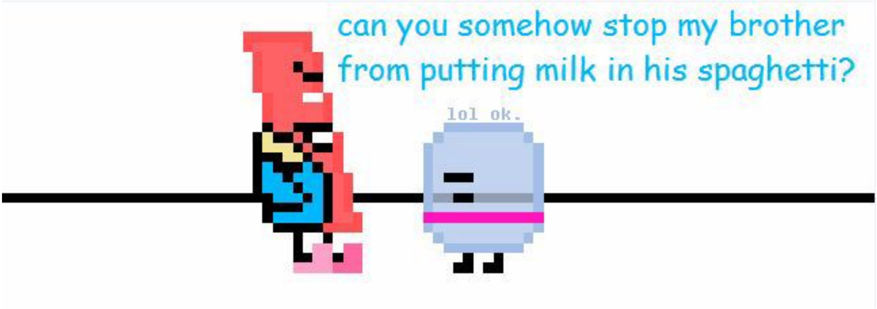
NOW THAT I THINK ABOUT IT, I'VE HEARD THAT FEMALE MAMMALS CAN SECRETE MILK OUT OF THEIR-



You can find milk at the grocery store
GROCERY STORE? GOT IT!!!



frisk,i don't care
how you do it...



can you somehow stop my brother
from putting milk in his spaghetti?
lol ok.

This is based of of a comic I've seen before,so it's not 100% mine.

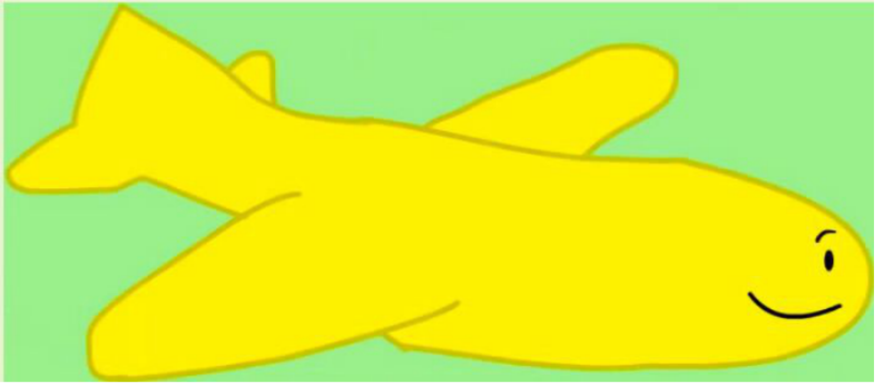
777 as Tsunderplane.

Remember when I said that I'm probably gonna use reccomended characters to make a few crossovers.

You probably didn't because you skimmed through that chapter.

Anyway,777 is a reccomended character of a giant,badly-drawn plane thing.

I found this character while browsing the BFDI wikia.Look it up,I'm not lying!



This is what 777 looks like.

This Cross was a little bit obvious,because,you know...they're planes.

The crossover name is Tsunder7.

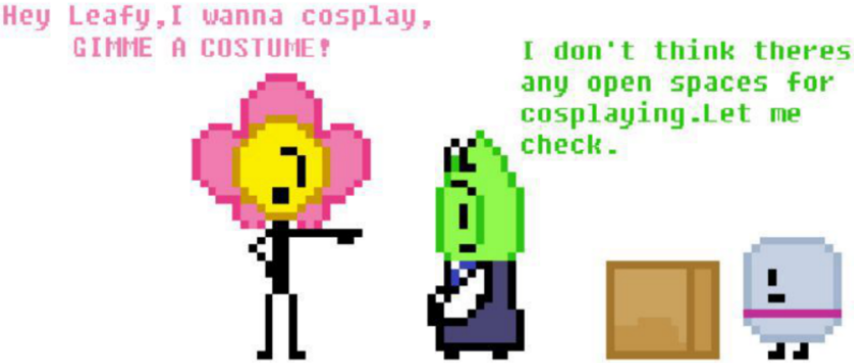
FOK THIS

So,I'm tryna read my "Pixel Comic" chapter but it doesn't let me.

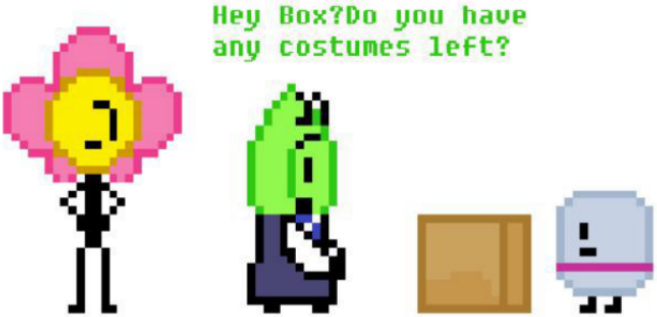
How could this happen in my own FOKKEN book!

Cosplay Theory Comic

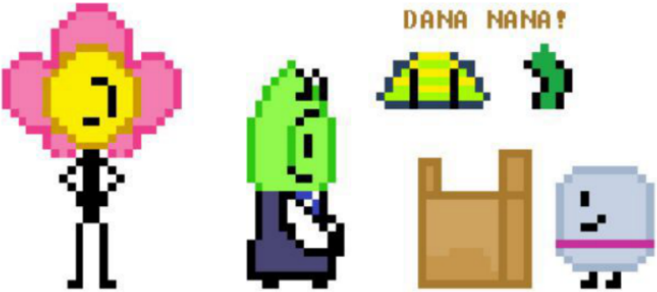
So this is a cosplay theory comic.



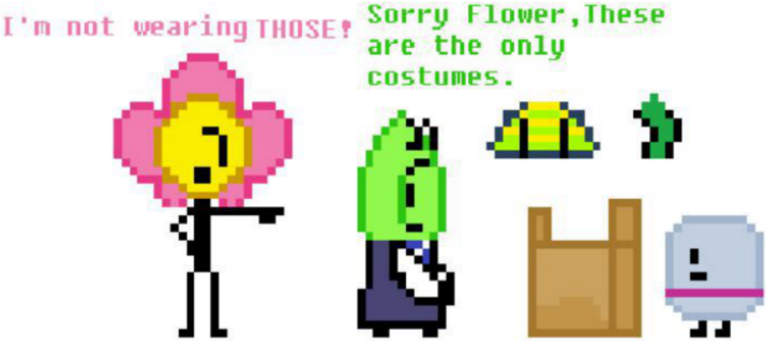
Hey Leafy,I wanna cosplay, GIMME A COSTUME!
I don't think theres any open spaces for cosplaying.Let me check.



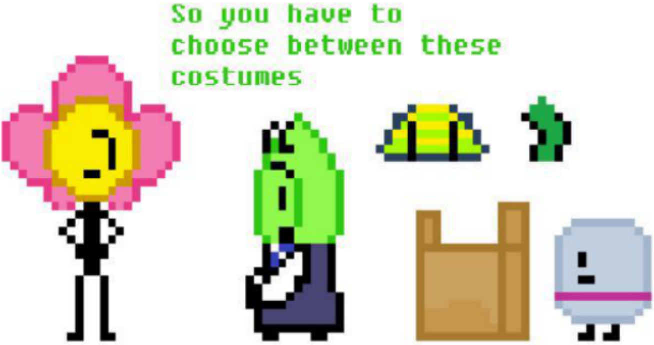
Hey Box?Do you have any costumes left?



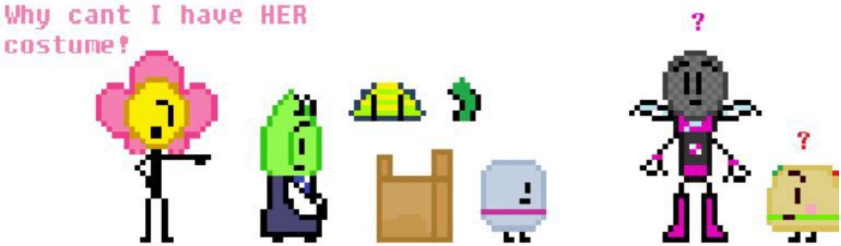
DANA NANA!



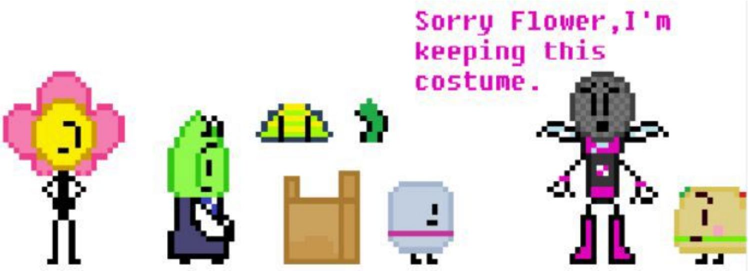
I'm not wearing THOSE!
Sorry Flower,These are the only costumes.



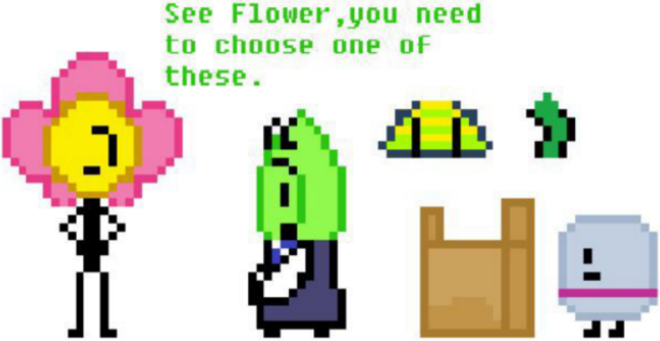
So you have to choose between these costumes



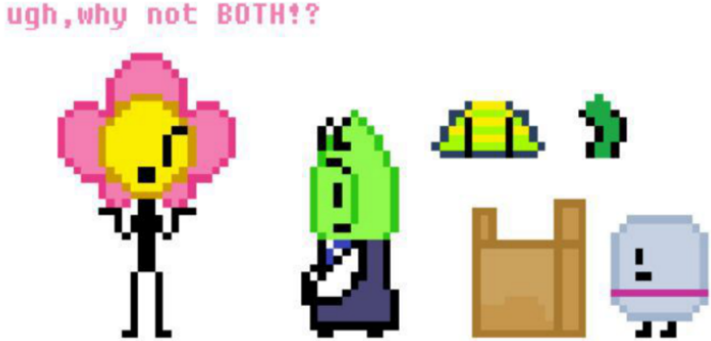
Why cant I have HER costume!
?
?



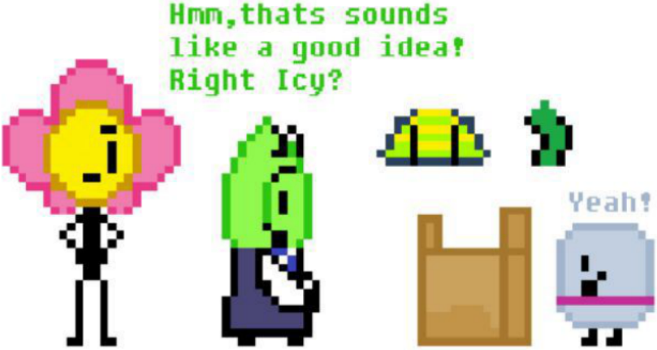
Sorry Flower,I'm keeping this costume.



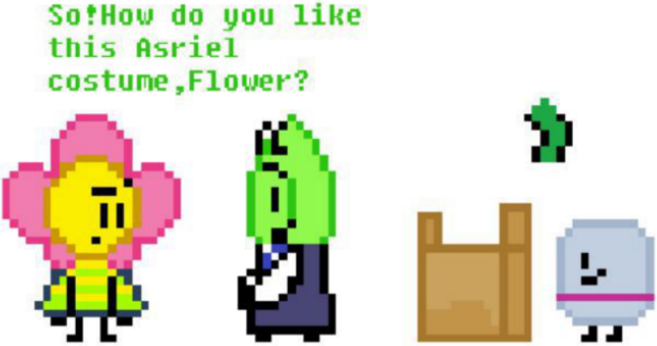
See Flower,you need to choose one of these.



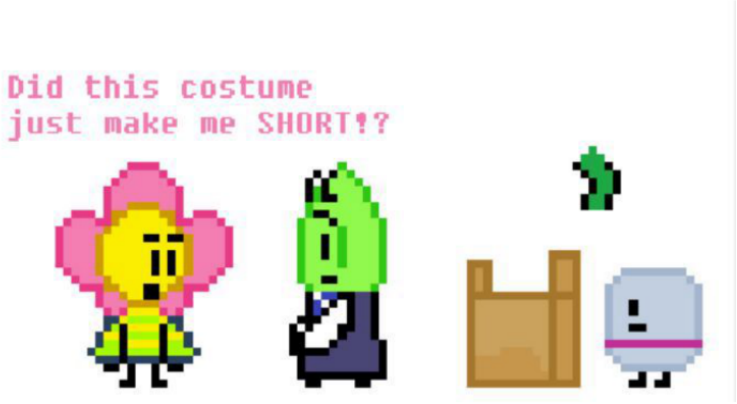
ugh,why not BOTH!?



Hmm,thats sounds
like a good idea!
Right Icy?
Yeah!



So!How do you like this Asriel costume,Flower?

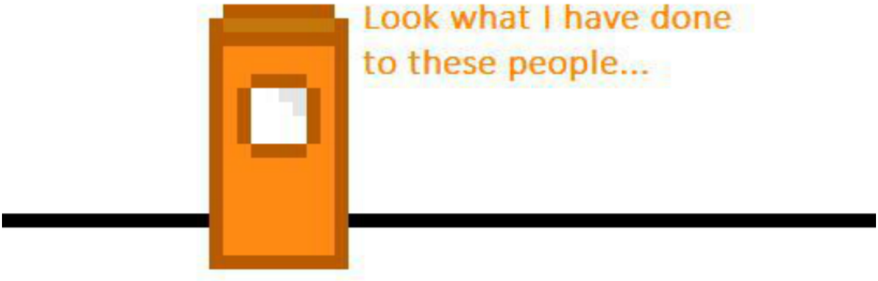


Did this costume
just make me SHORT!?

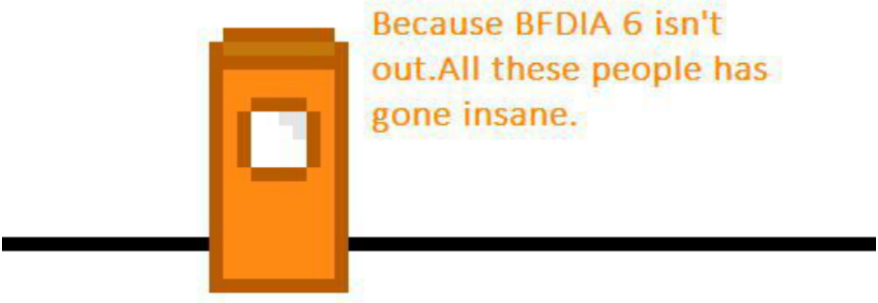
I'm obsessed with making pixel comics as of now.And I'm thinking of making more theory comics.

Another Cosplay Theory Comic

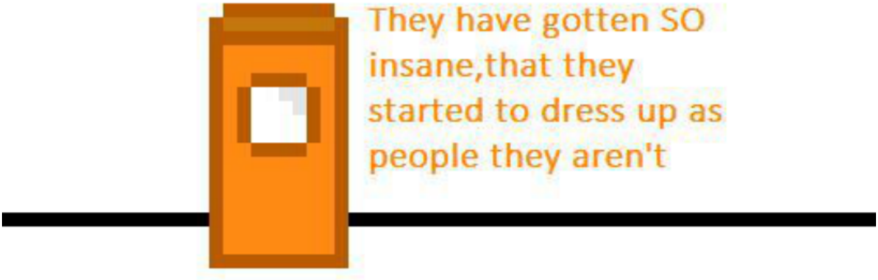
Do people even read the titles anymore?



Look what I have done
to these people...

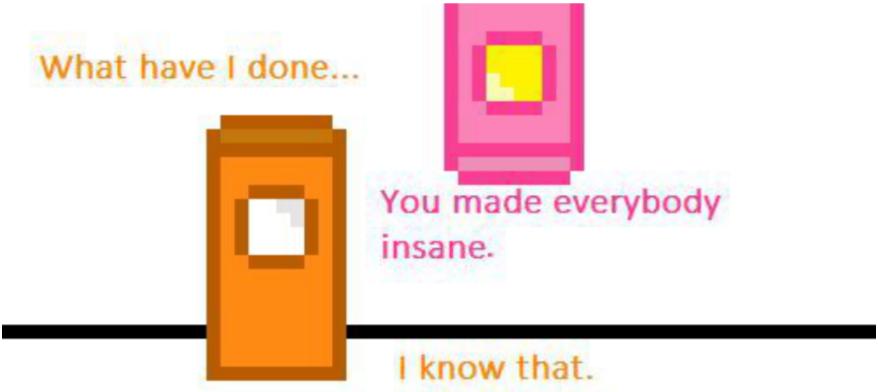


Because BFDIA 6 isn't out.All these people has gone insane.



They have gotten SO insane,that they started to dress up as people they aren't

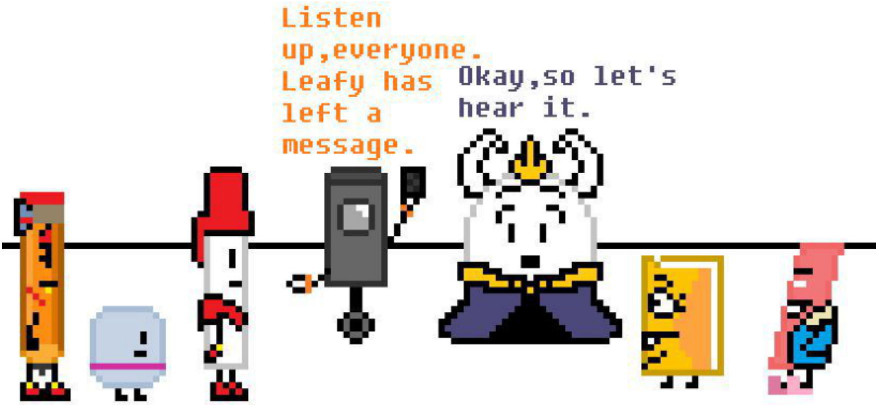
...
determination!
This armor is so expensive!
But it's worth it,right
I have baked you a pie!
IT'S KILL OR BE KILLED
Nyeh!
This is fun.
Agreed.
*pun
HOI!!
2 FAB 4 U BIATCH



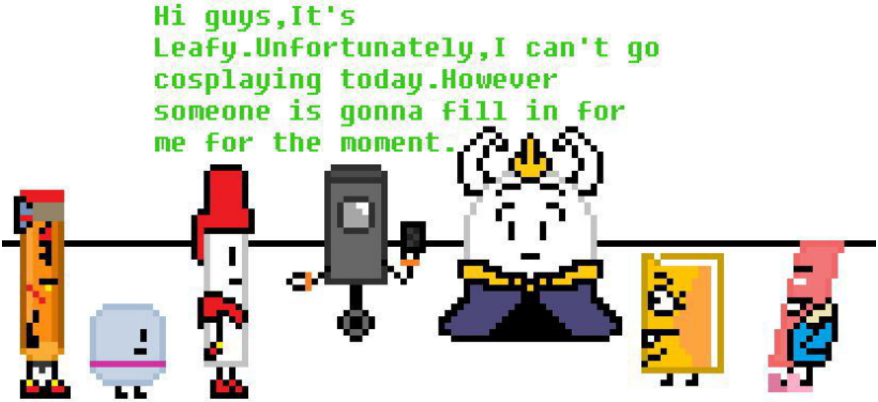
What have I done...
You made everybody insane.
I know that.

Yet ANOTHER Fricking Cosplay Theory Comic

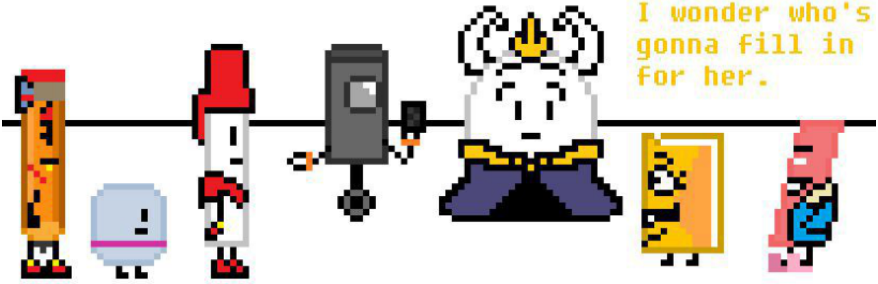
I need to stop this.
It's been 3 in a row.



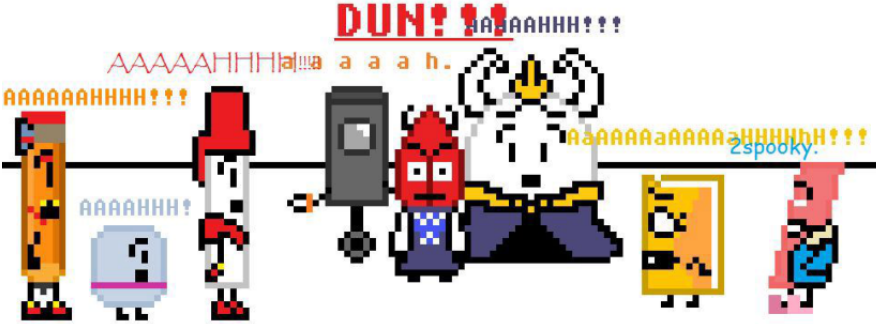
Listen up,everyone. Leafy has left a message.
Okay,so let's hear it.



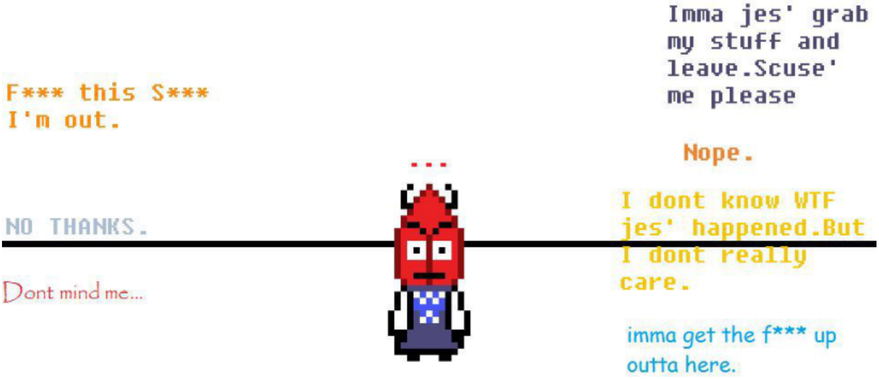
Hi guys,It's Leafy.Unfortunately,I can't go cosplaying today.However someone is gonna fill in for me for the moment.



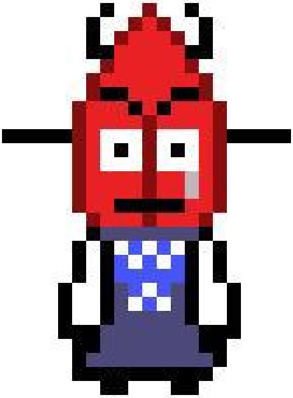
I wonder who's gonna fill in for her.



DUN!!!
AAAAAHHH!!!
AAAAAHHH!!!
a a a a a h.
AAAAAAHHHH!!!
AAAAHHH!
AaAAAAaAAAAaHHHHhH!!!
2spooky.



F*** this S*** I'm out.
NO THANKS.
Dont mind me...
...
Imma jes' grab my stuff and leave.Scuse' me please
Nope.
I dont know WTF jes' happened.But I dont really care.
imma get the f*** up outta here.



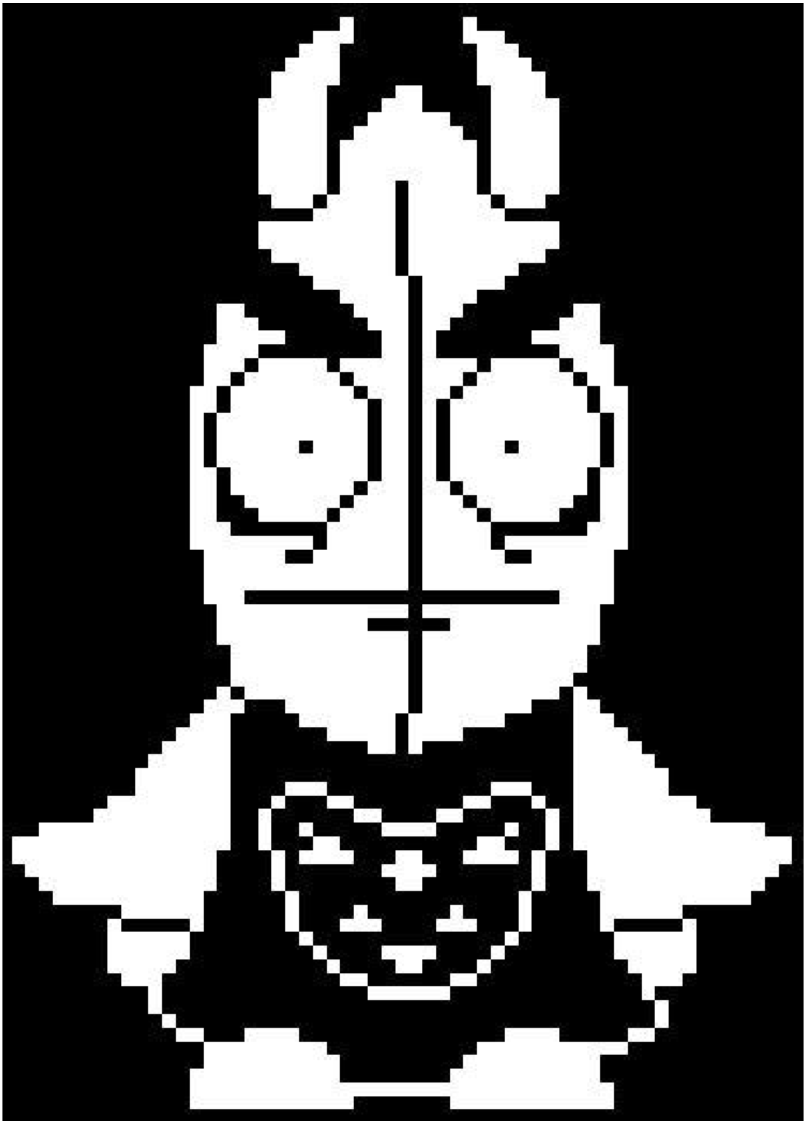
Wake me up
Wake me up inside
I can't wake up.
Wake me up inside
SAVE ME
Call my name and save me from the dark.

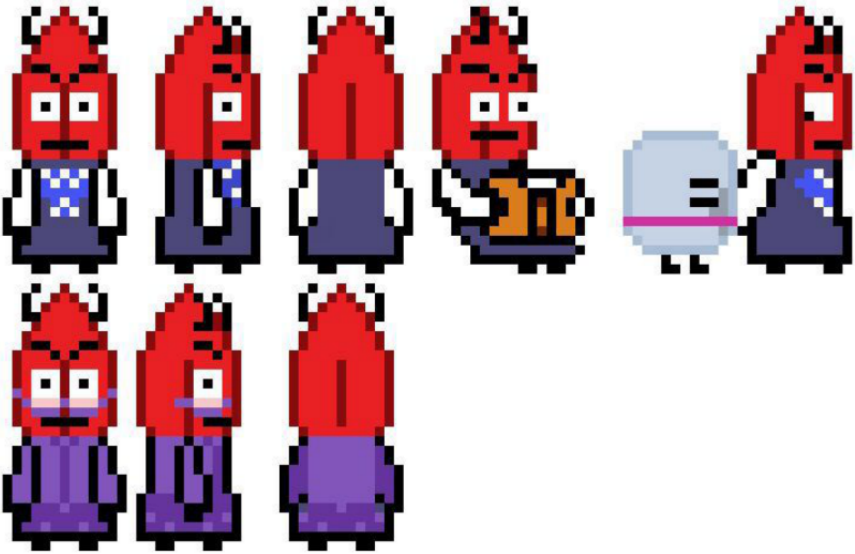
Poor Evil Leffy.All she needed were friends.

Also,2 songs are stuck in my head because of this chapter.

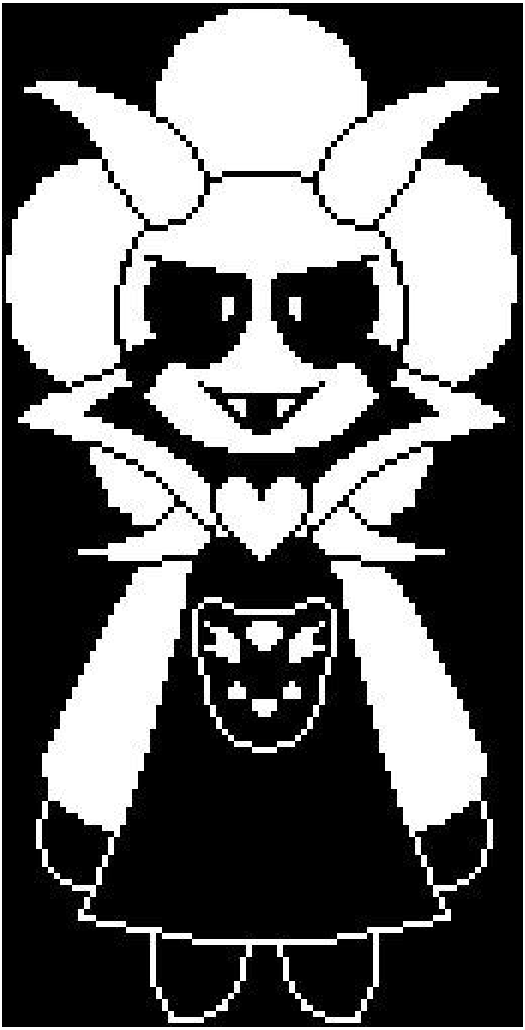
And I'm gonna take a break from cosplay theory comics right now.I'm sure some of you guys are tired of them.

A Bunch Of Stuff I Did.

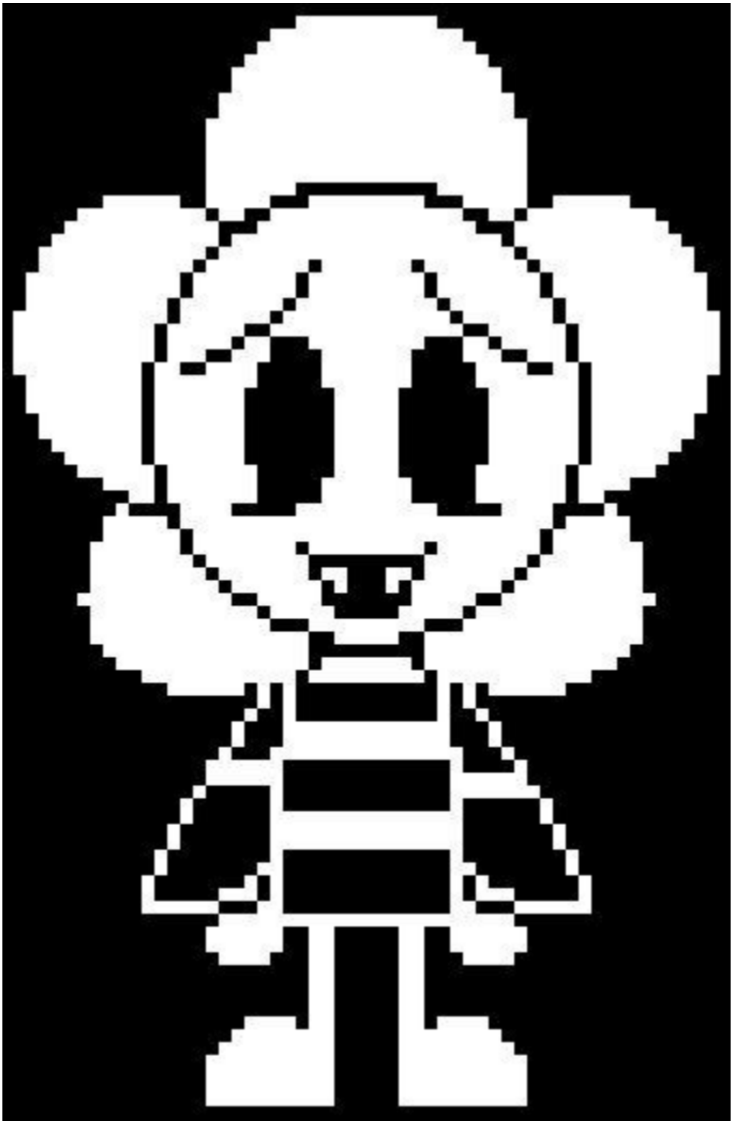




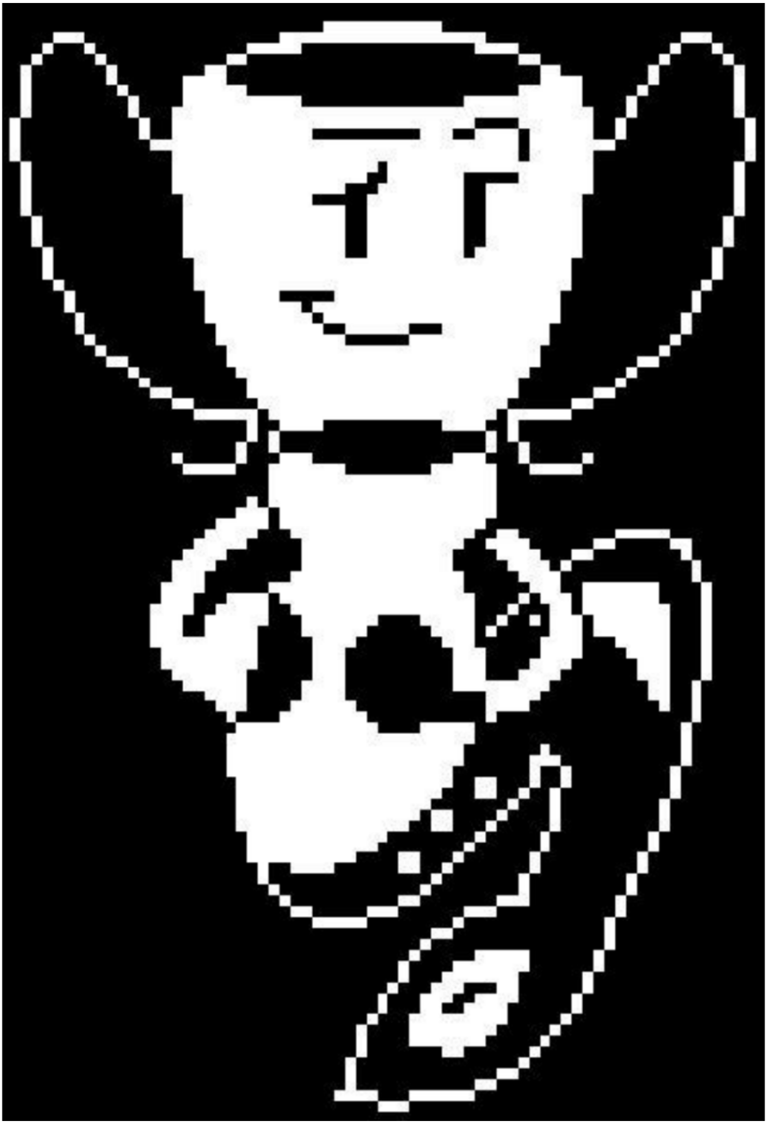
Evil Leafiel.Idk why,but I really like this for some reason



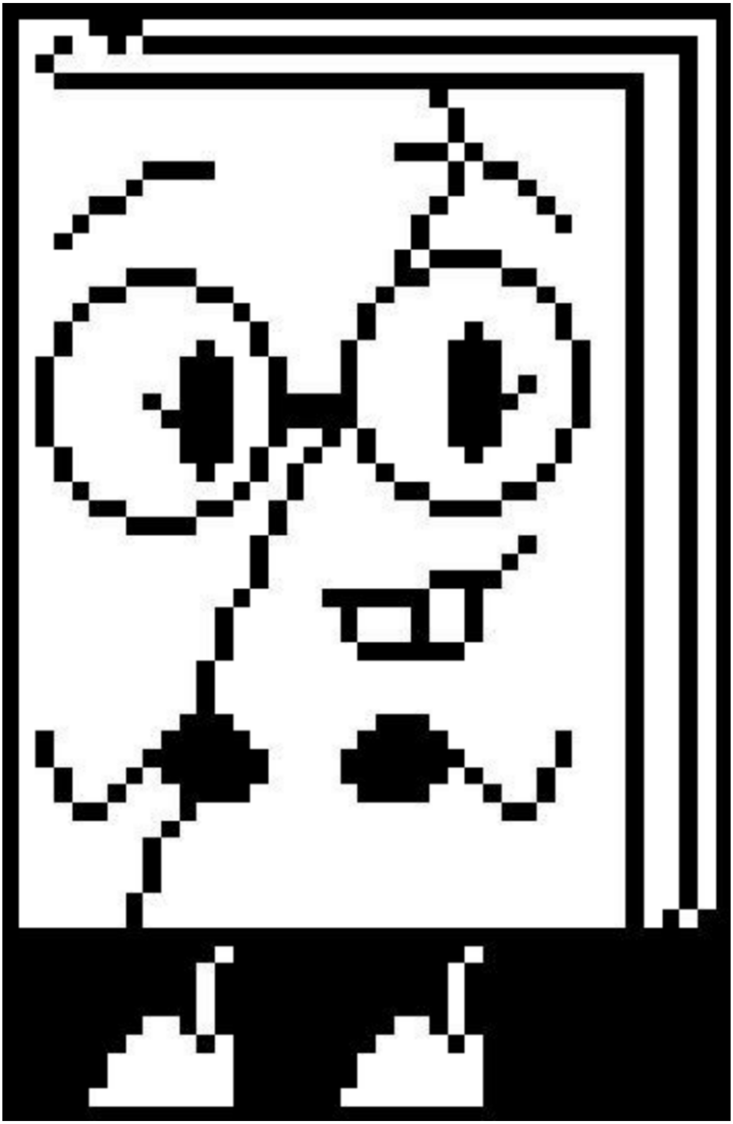
Flowiel Dreemur!This is the biggest sprite I have ever made.



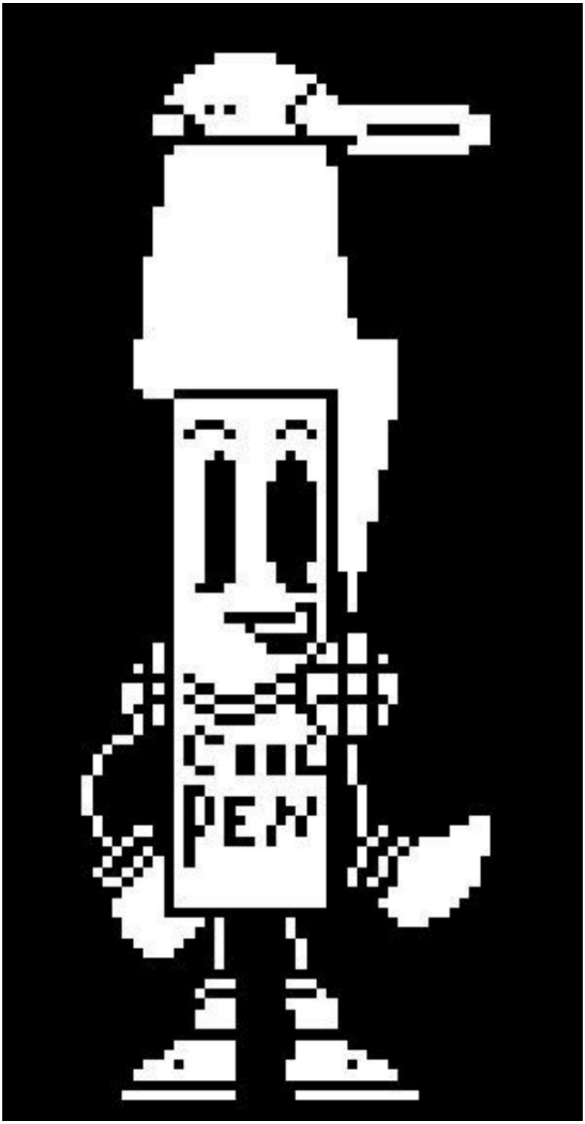
Just your best friend Flowiel



I have made a preety sexy(sarcasm)Traaron right here.This was easier than it looks ;)



I have remade Albook's battle sprite.The other one was too small.



Penpyrus's date sprite.I like

Something I've been thinking of.

So...I was thinking about the part where you name the fallen human.

Maybe,if ObjectTale was an actual game,you could change the names of characters name with your name.

Take for example you put "Chara" as your name.The characters would be named as the normal Undertale characters

-Frisk

-Toriel

-Undyne

-Papyrus

If you put "Tachara" as your name everyone would have their crossover name.

-Frisk-Cube

-Leafiel

-Pencedyne

-Penpyrus

And if you put "Taco" then everyone will have their names from the object show.

-Ice Cube

-Leafy

-Pencil

-Pen

But if you put another name(Ex:your own name)that doesn't follow any naming rules,then the names would be crossover names.

This also goes with other character names you put.ex:Bratty,Salty,or Salt.

As simple as that!

What I've been doing.

If you can't clearly see,it's a bunch of Mettannouncer EX's poses.

It took me like,half an hour to make 4 of these.

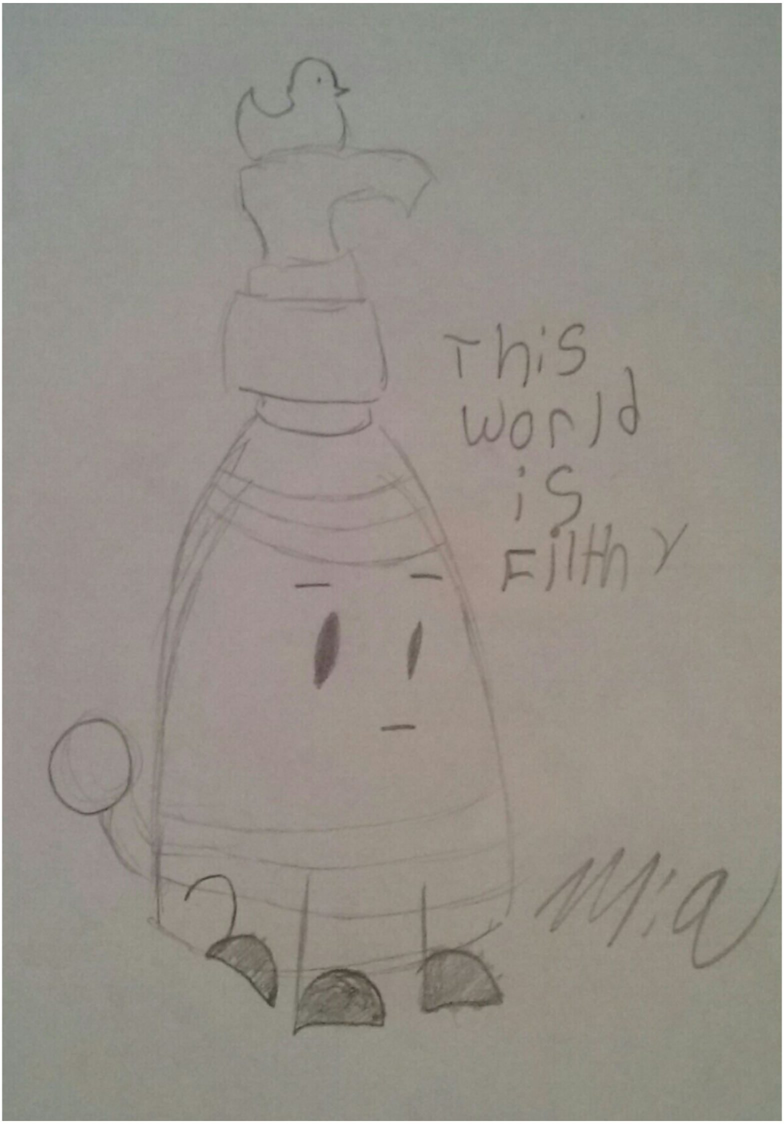
I'll post them soon in a different chapter.

BOI!!

Soap as Woshua

So yeh...@epiczany1234 reccomended that Soap be Woshua.You get spaghetti.

I have lost my colored pencils.So the picture isn't in color DBM.



This world is Filthy
Mia

This was actually a good crossover.Extra spaghetti for you! Because you know.They don't like germs and they're obsessed with cleaning.

I have two names I have in thought for the cross

-Soapshua

-Woshusoap

So yeah!This is the 2nd reccomendation!If you'd like,you can reccomend character crossovers in the comments!

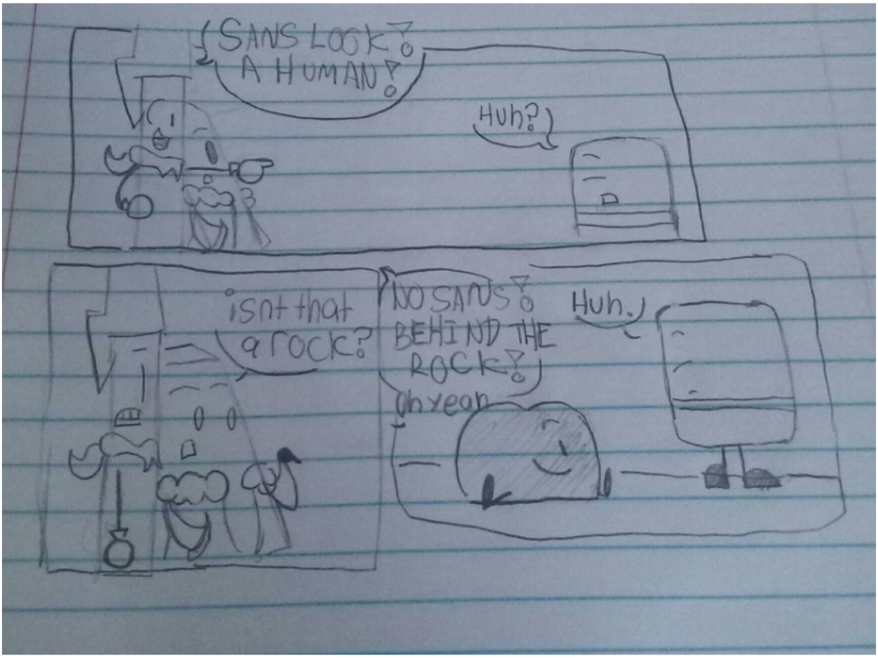
Old ObjectTale Crap

So...I was cleaning out my old bookbag(To put the still fresh stuff in my new one,School is almost starting!)

And I came across some OLD pictures I made of ObjectTale.Like pictures I made before I wrote this book!

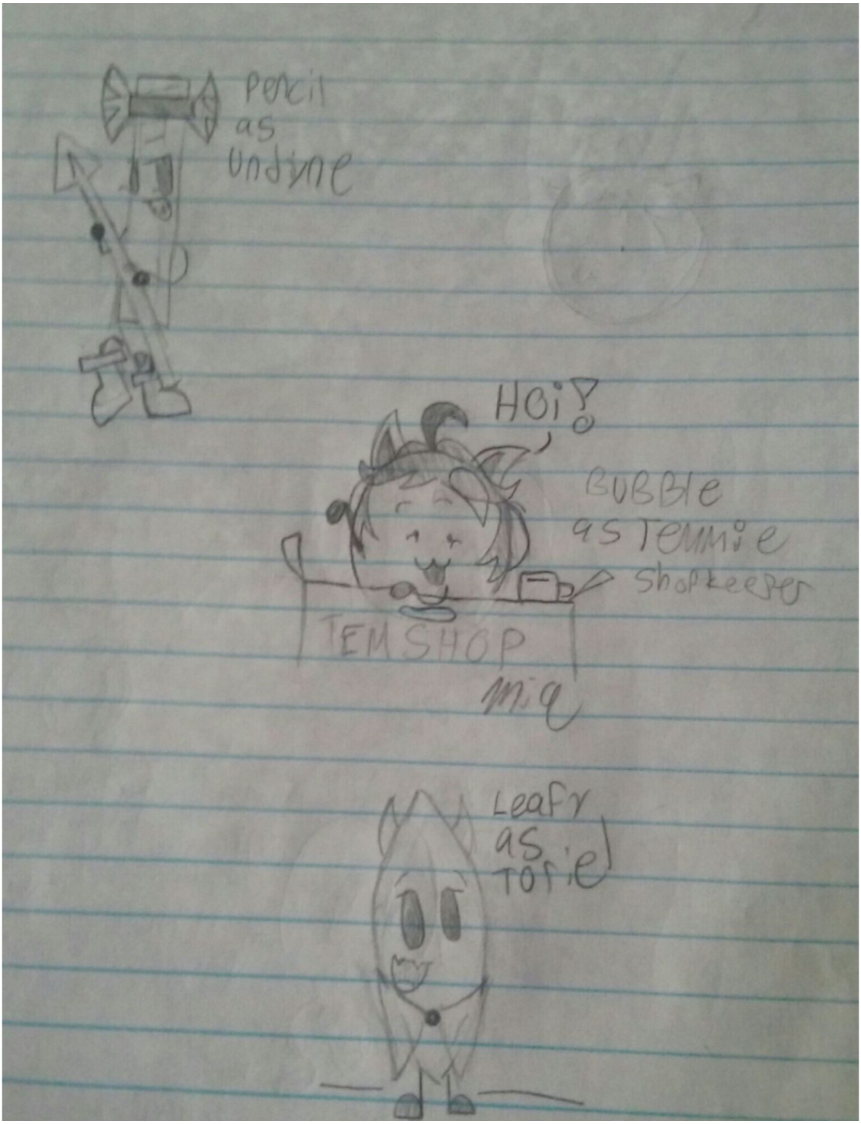
So,I wanted to show you some of the art I found.Need I remind you,I made these pictures MANY months ago(my estimate is 5/4 months) so it's not as good as my art now.

Okay!Let's start.



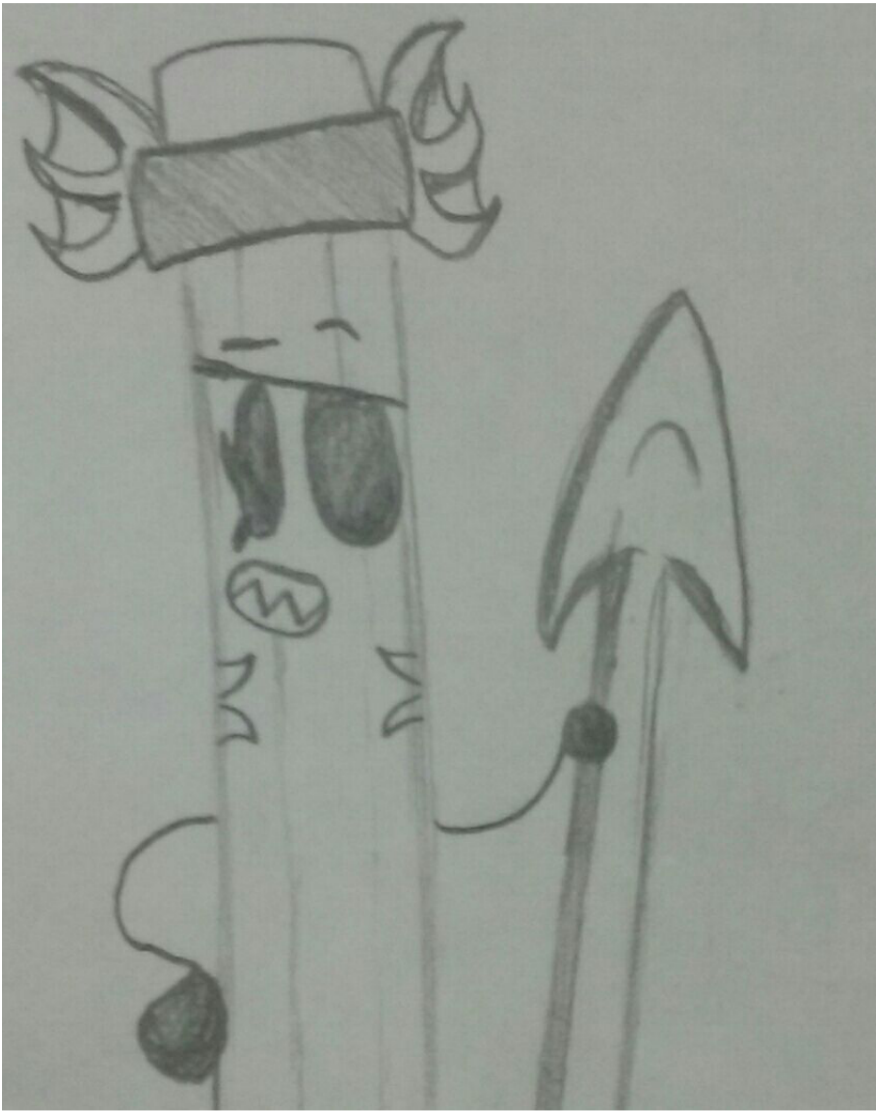
SANS LOOK! A HUMAN!
Huh?
isnt that a rock?
NO SANS! BEHIND THE ROCK!
Huh.
oh yeah

So this is a comic I made,This was before I made Rocky as Monster kid.I thought Rocky wouldn't get a role in ObjectTale,but I guess I was wrong.

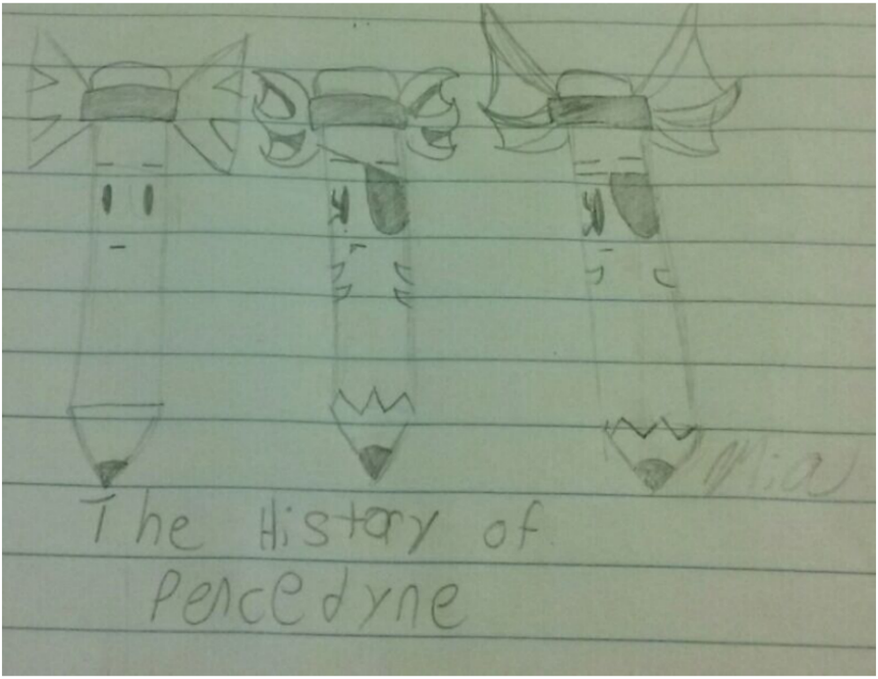


Pencil as Undyne
Hoi!
Bubble as Temmie shopkeeper
TEM SHOP
mia
Leafy as Toriel

Oh nothing,just a bunch of outdated crossovers.OMG Tebble looks so fricken weird!And Pencedynes "Fins" are so edgy and boxy,Plus,I forgot she had an eyepatch.

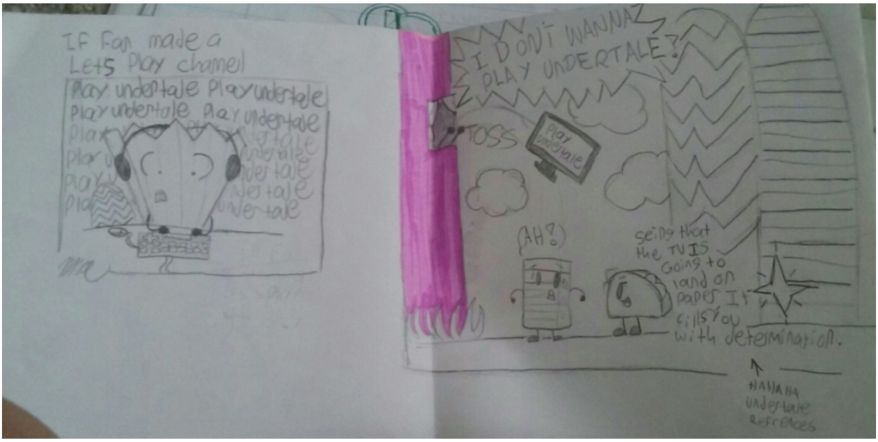


This one is not as old as the other one,however Pencedyne's style is weird.Also,this is my account picture for Wikia,I dont really know why I kept it.



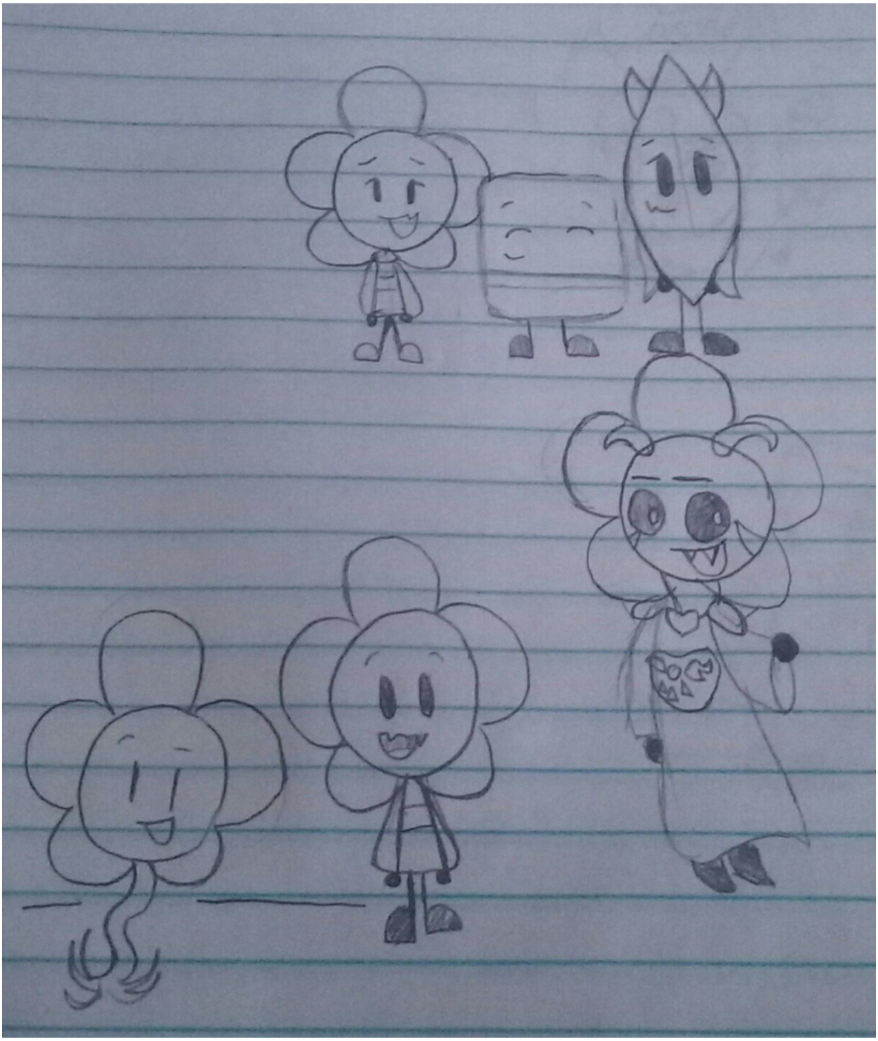
The History of Pencedyne
Mia

This picture is not old,I made it today.It just shows how much Pencedyne changed over these months.Okay,moving on.

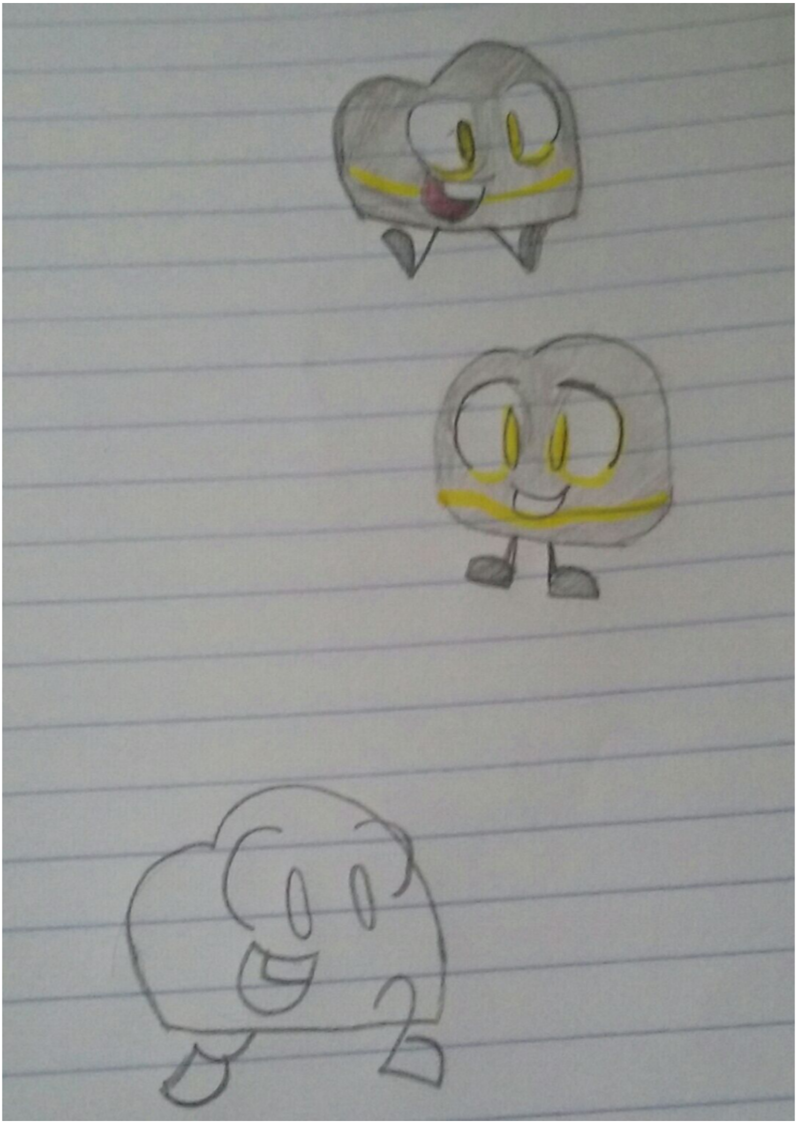


If Fan made a Lets Play chanel
Play undertale Play undertale Play undertale Play undertale
I DON'T WANNA PLAY UNDERTALE?
TOSS
Play undertale
(AH?)
seing that the TV IS Going to land on paper It fills you with determination.
HAHAHA undertale Refrences

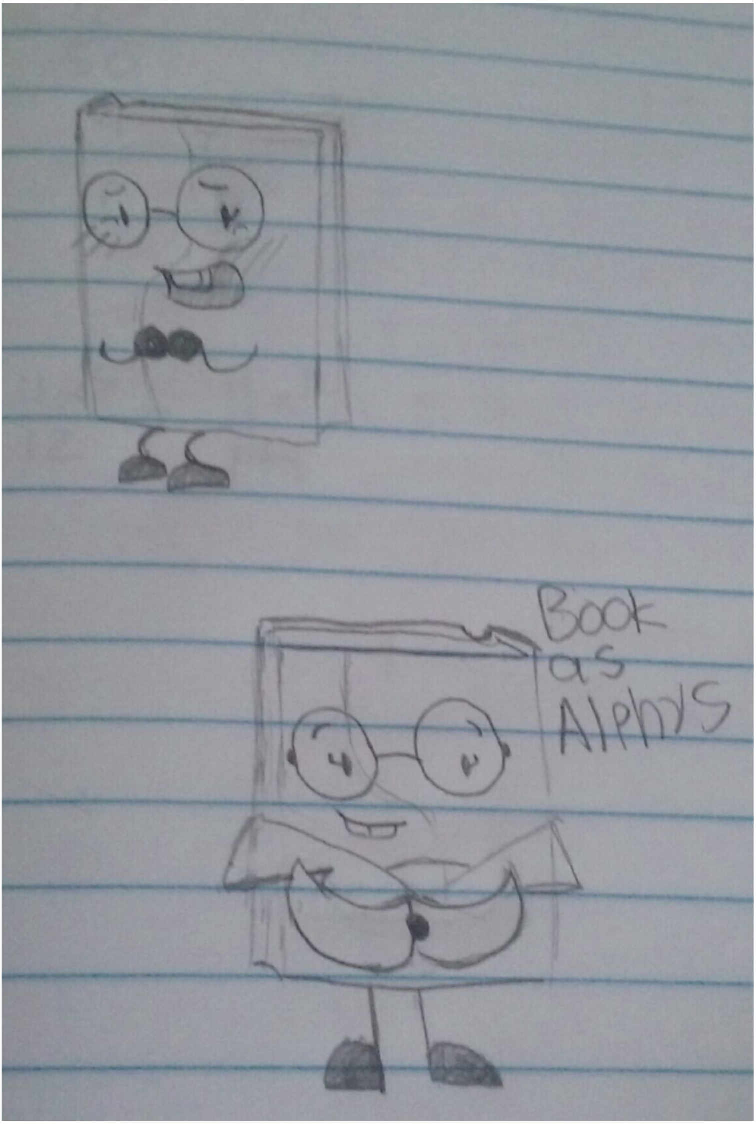
This is a comic I made with Inanimate Insanity Characters.It doesn't really have to do much with ObjectTale,but this comic gave me the Idea to make Taco cross with Chara.



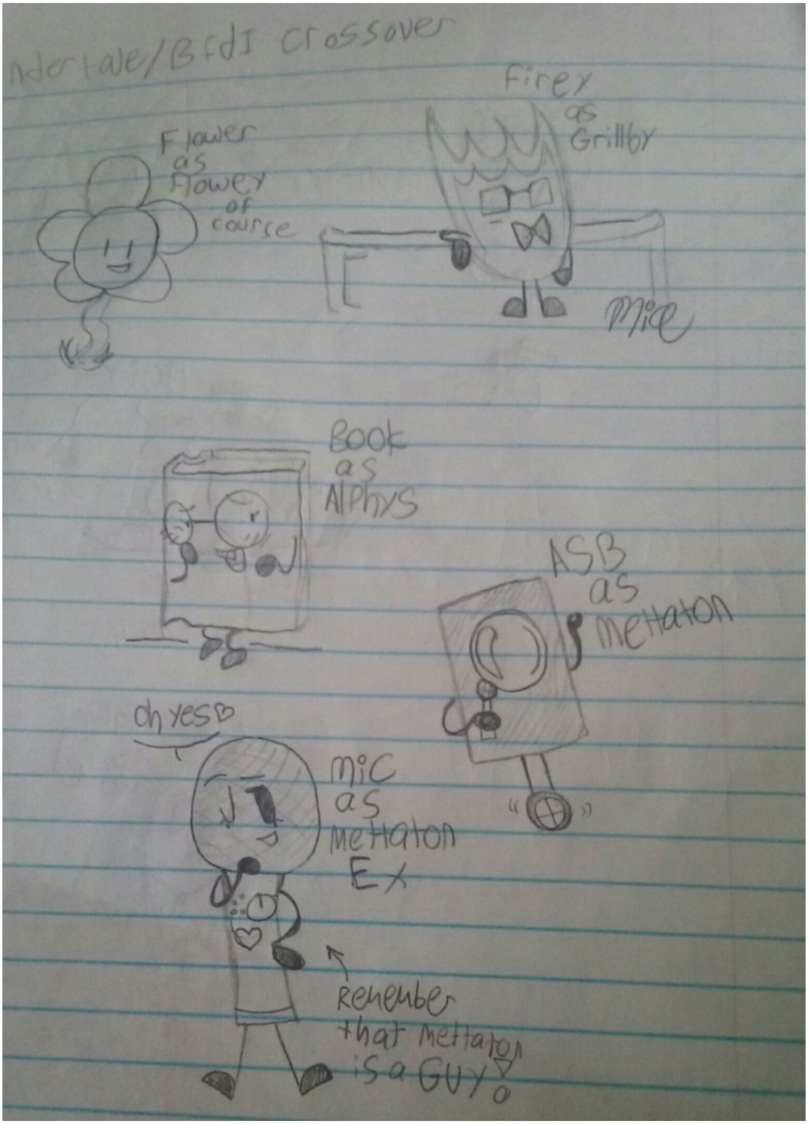
A few early drawings.This was the first time I drew Flowiel Dreemur.And it shows an early drawing of Leafiel,back then,she only had horns and sleeves.I redesigned her so she can have a dress.



A few early drawings of Rocky Kid.

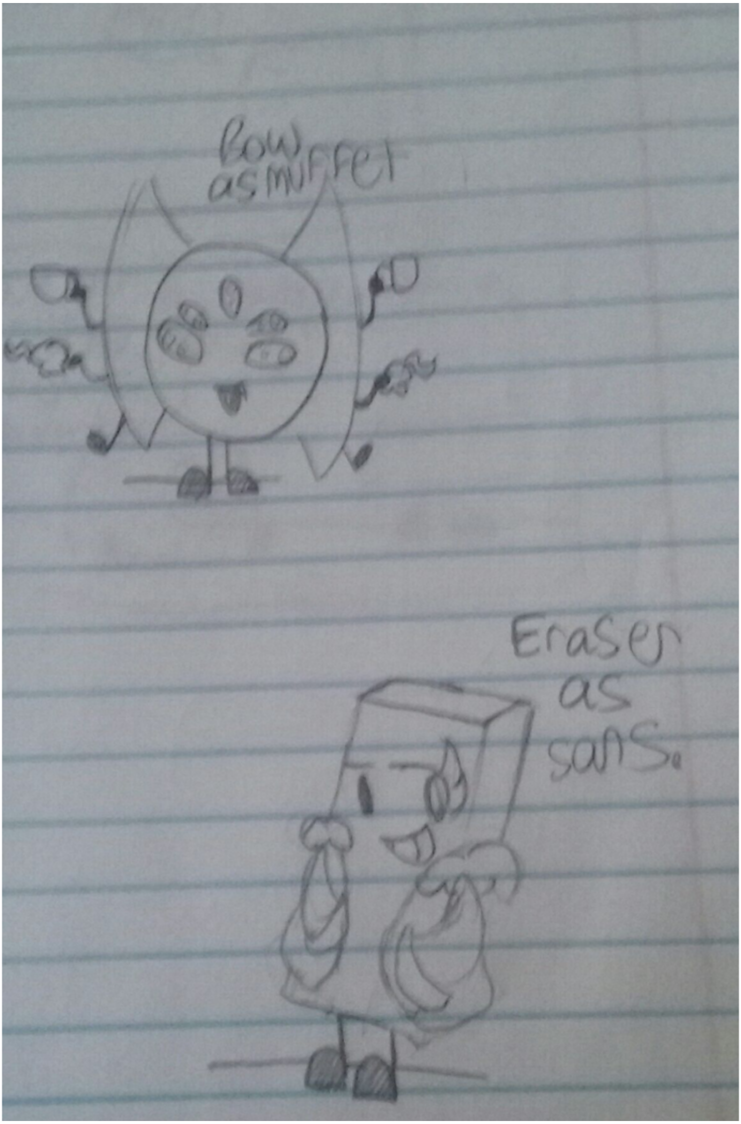


When I first drew Albook,She didn't have a lab coat.But I thought she'd look better with one.Turns out,I was wrong.Back then,I felt really weird when I drew clothes on objects.But now I don't much.Just,as long as it doesn't have to do with PANTS.



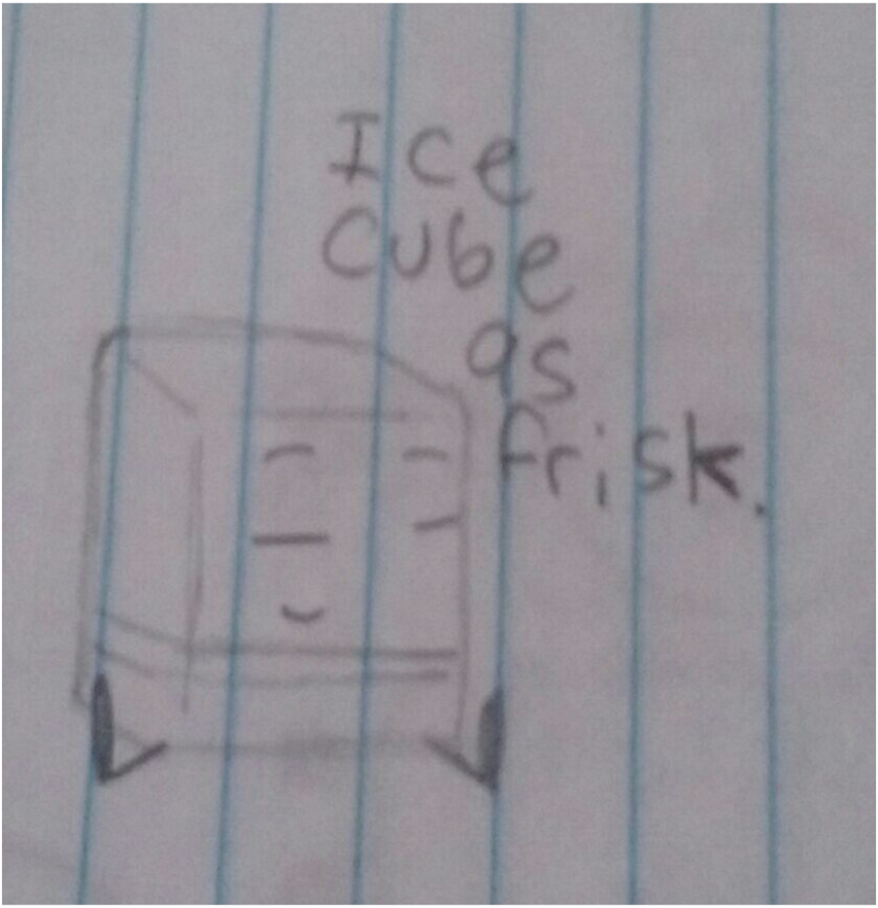
ndertale/BfdI crossover
Firey as Grillby
Flower as Flowey of course
Mic
Book as Alphys
ASB as Mettaton
oh yes♡
mic as Mettaton EX
Remember that Mettaton is a GUY!

More outdated crossovers.In this one,Firey Grillby has a mouth,which I regret drawing.(BTW this is the first time I drew him)And an early Mettannouncer EX.What even is this?I'm so glad I drew boots on him later on.Because early Mettannouncer EX makes me cringe.



Bow as muffet
Eraser as sans.

Early drawings of Bowfett and Erasans.



Ice Cube as Frisk.

Early Frisk-Cube.The only thing that actually changed was the stripe around them,there is only one now.

Now I'm going to talk about the EARLIEST ObjectTale picture I have made.I do not have it,sadly.But whatever.I clearly remember who was the first ObjectTale character I drew.

The first character I drew is

PAUSE,How about you guess who I first drew in the comments here?
If you do know,don't spoil it for the others!

Ready to see?

Penpyrus.

Yep,that was the first ObjectTale cross I ever drew.It was late at night when I got the idea to draw it with a little inspiration from *another book*.And there it was!My first drawing of Penpyrus.I wish I could find it now.But I beleive I accidentally threw it away.

That's it for now,
BOI!!

OJ as The Nice Cream Guy

Oh shit.I thought I made a chapter of him.Prolly some of you would know about this cross if you actually take your time to look at the pictures.

Anyway,OJ as Nice Cream Guy.I like this cross.I haven't actually seen a guy in an object show who is overly happy AND doesn't have recycled lines at the same time.OJ seemed to the CLOSEST to have these traits(I may be wrong,but whatever,I like it and I'm keeping it.)

There might be OTHER crosses I forgot to show you.Let me check...

Why are you worrying about yourself?

HueHue.I made a meme.

BTW this is my sixtyninth chapter.

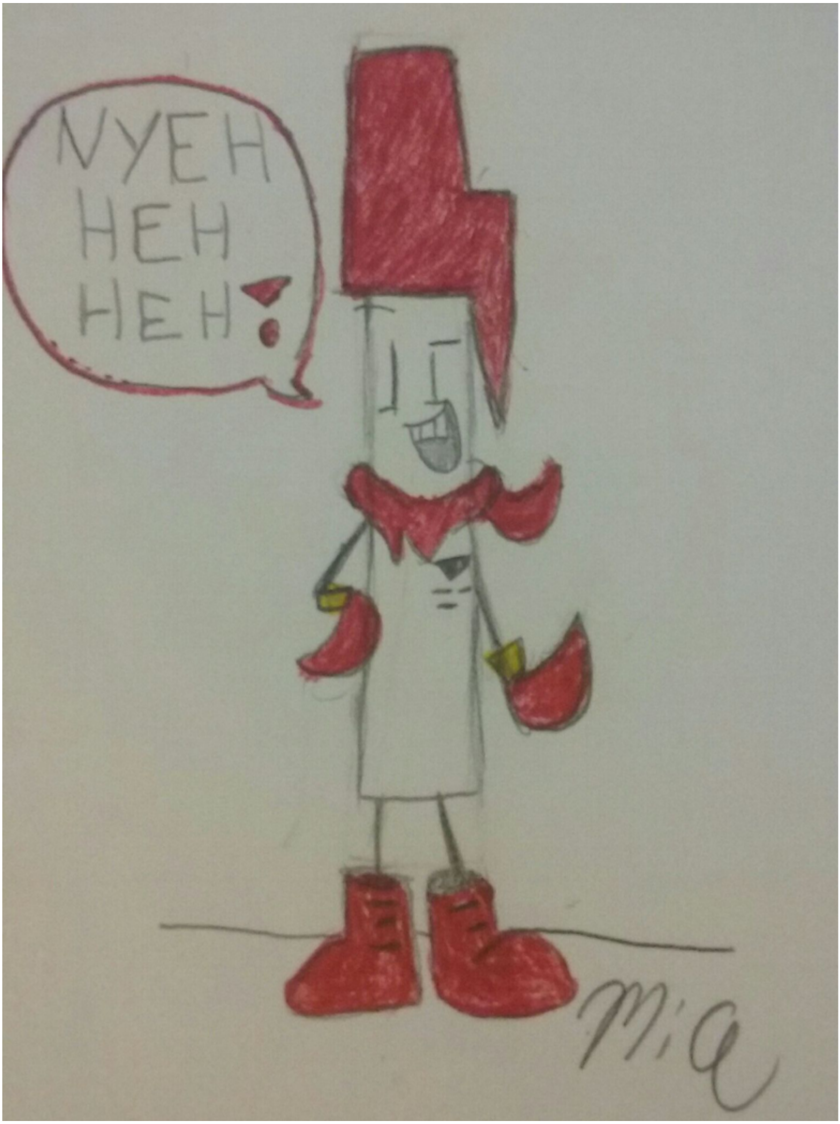
:-))))))))))))))))))))))))))))))))

I found it.

OmgomgomgomgomgomgomgomgomG!!!!!!!!!!!!!!!1!!!!!!!!!!!

I found my first drawing of Penpyrus.(Well,my sister did but shhhhhhhhhh)

I got it riiiight here.



NYEH HEH HEH!
Mia

The funny thing is that I colored this picture with a red pen.

Absolutely Beautifully Beautiful

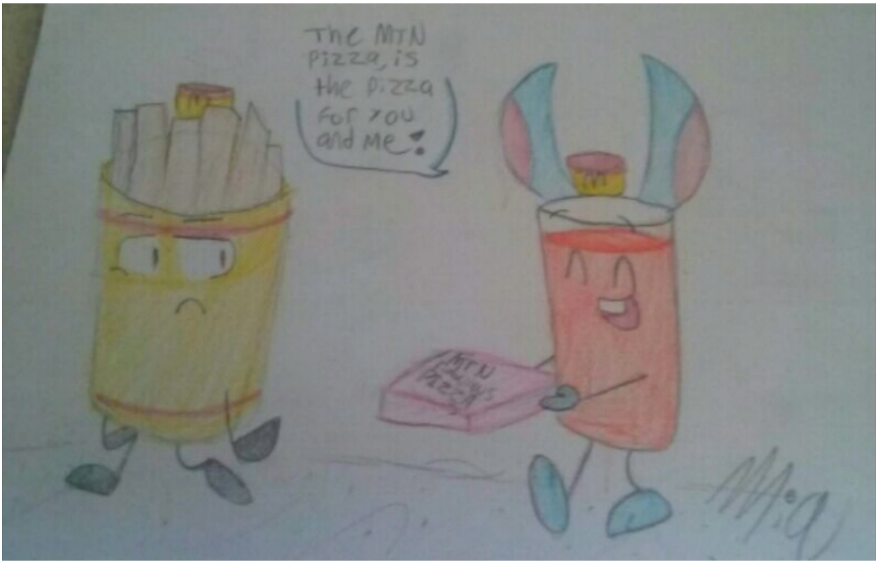
It's not Mettaton EX.IT'S METTANNOUNCER EX BIATCH!!!!!!!

It's just Humanized Mic(meh...It's not really humanized) with a Mettaton outfit.It's fabulous.

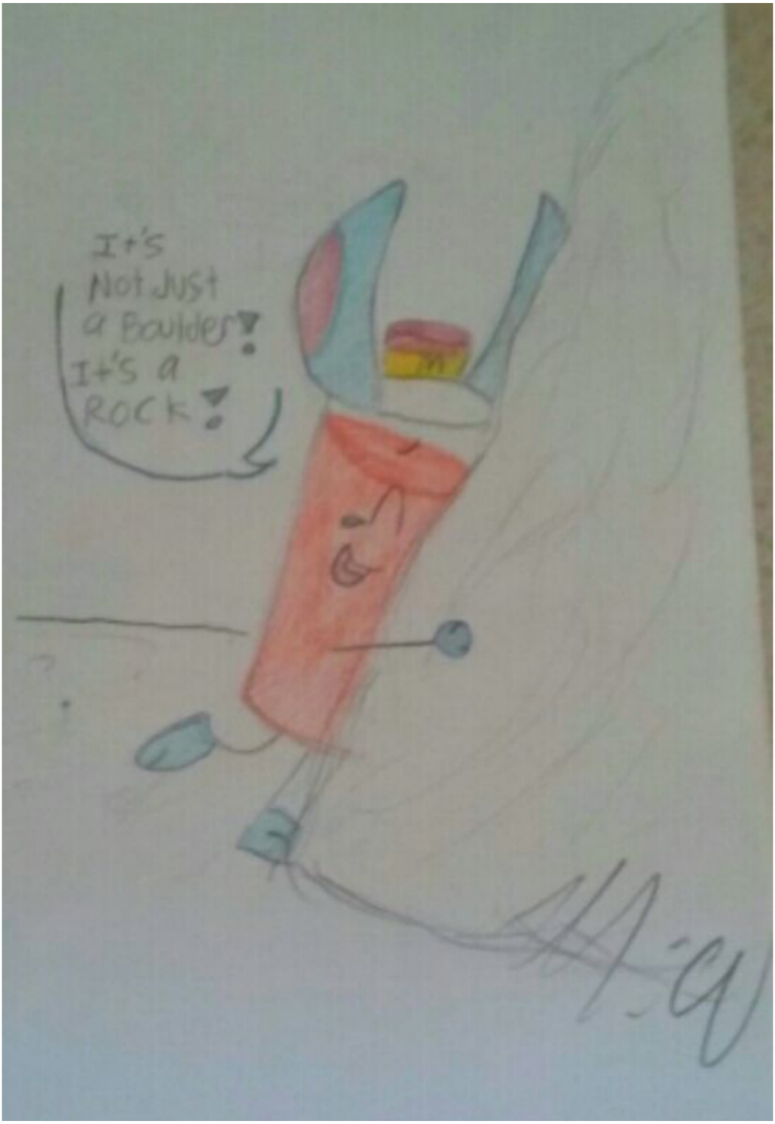
So I guess this is what Humanized Mettannouncer EX looks like.Basically Mettaton with longer hair and curves(dem curves are absolutely beautiful).

The MTN Pizza

I had a dream about the Spongebob episode where Squidward and Spongebob were delivering pizza.But it was OJ and Fries as them.I had to draw it.



The MTN pizza, is the pizza for you and me ♥!
MTN
Pizza



It's Not Just a Boulder! It's a ROCK!

That is one of my favorite episodes of Spongebob.

I don't know what to name this chapter.

This is an A/N,keep scrolling if you don't wanna read.

I got ideas on new books I could write.And by that I mean two ideas.

I have a boredom book in my works,And there is a chapter where I look at cancerous object show art.

So I got an Idea to make a book dedicated to that.I think that book will be really funny,If you can stand cringe.

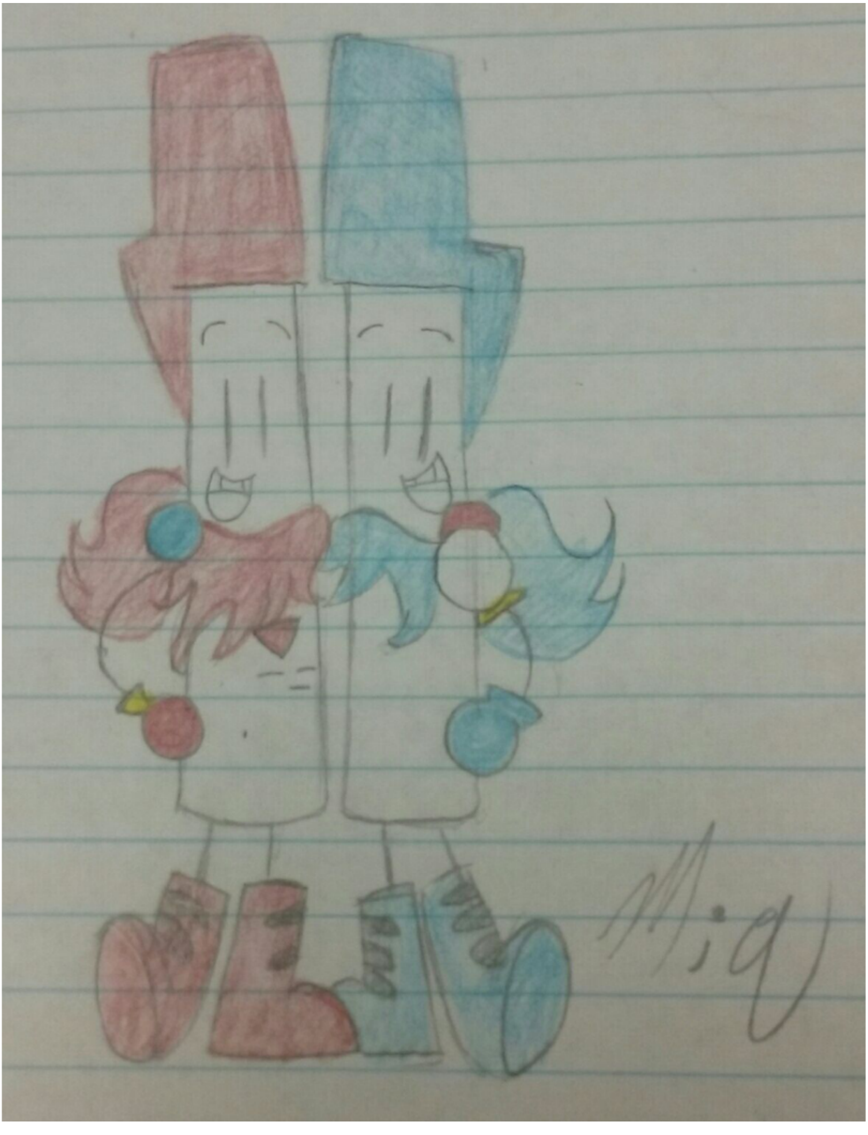
Or...I also got an Idea to make a drawing book.I have TONS of drawings that I have and I wanna share with you!I also could put pictures and stuff like that.

So if you wanna see these books.Comment,I guess.

newjgidiwbfisjsnvjsjqkbak fbwbdkfffn

Today was my first day of school,it's hella hard being an 8th grader.But you don't really give a shit about that do you?

I made this during lunch

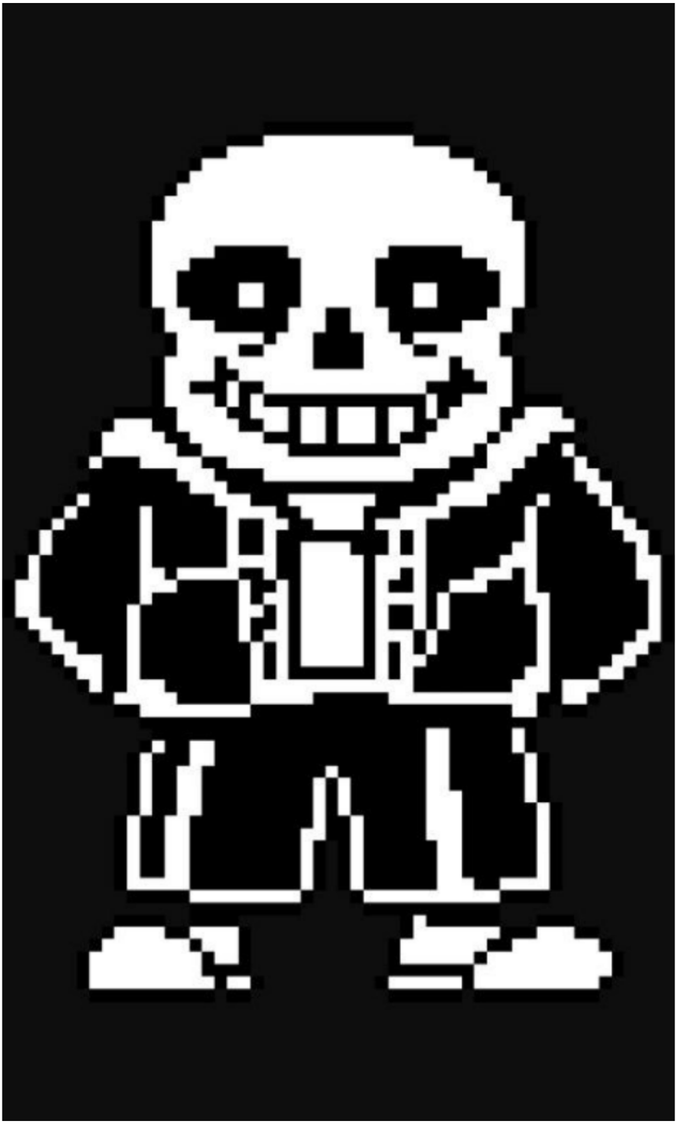


Because lunch has enough time for me to draw a picture.

How I make sprites.

I guess this is a step by step procedure,It can teach you how to make sprites if you are interested in that.

First of all,I need a reference of a character.



I always need a reference when I'm doing a character sprite.

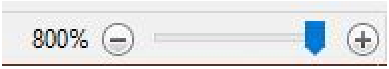
nice and Spicy

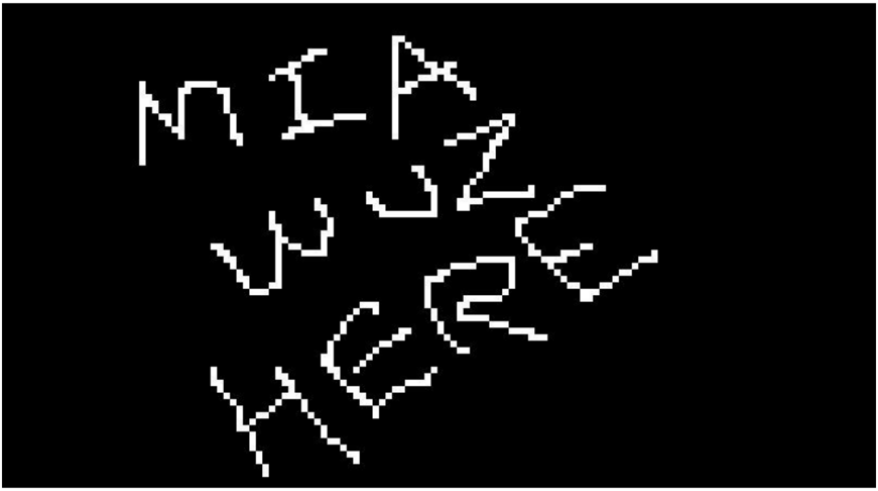
I open up MS paint,because I have no other art software because I'm poor.



I zoom that shit to 800% because I'm a bad bitch.

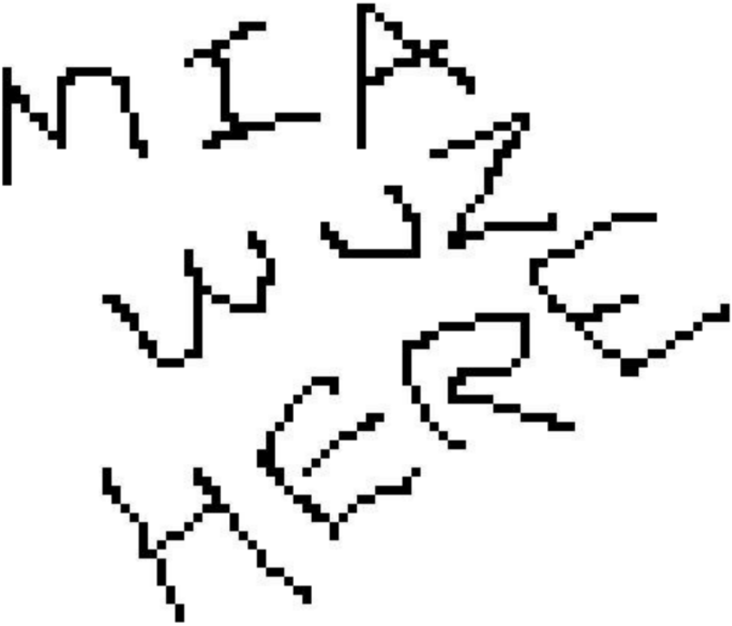
But if it's too big I zoom out.

If I want to make it a battle sprite,I make the canvas black and and have a white pencil.



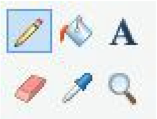
MIA
WUZ
HERE

But if it's not a Battle sprite I use a white canvas.



MIA
WUZ
HERE

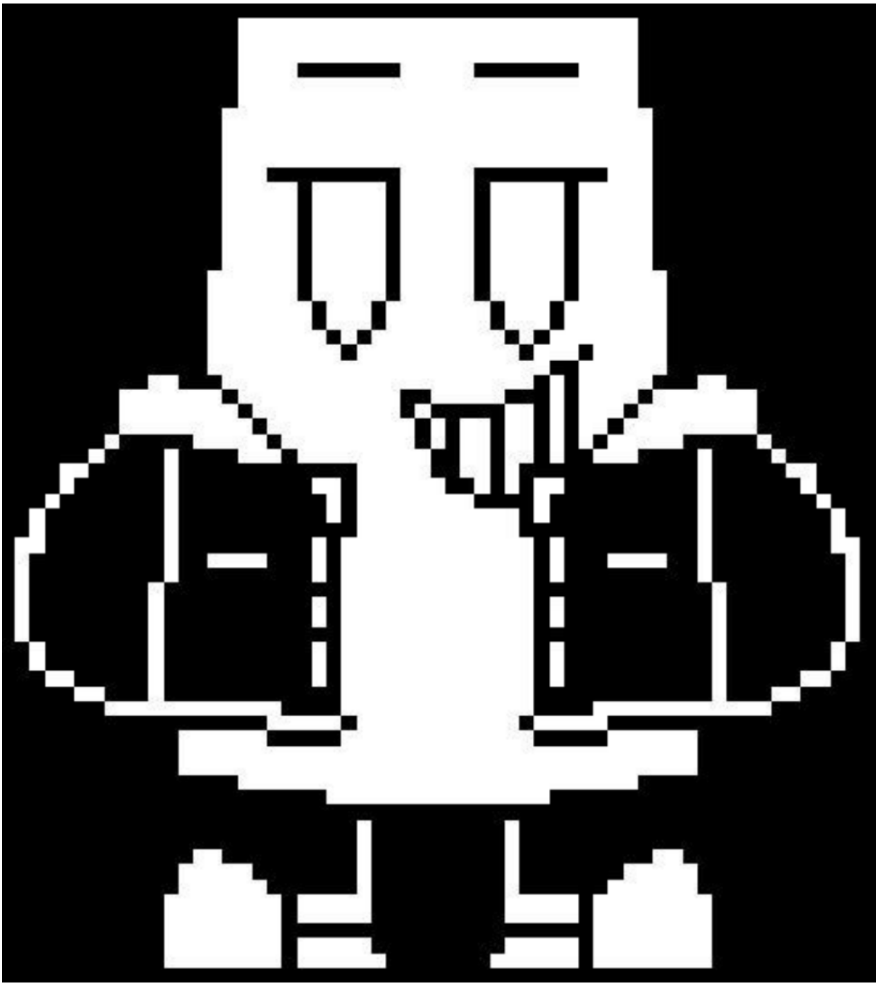
Always use a pencil as your tool!If you don't you are doing it wrong.And the pencil has to be the thinnest as can be.



Now I get to where the REAL action is.The drawing.

Remember the canvas pixels are huge to its gonna look all pixely and stuff.So don't expect it to look like normal MS paint art.

I want the cross to look similar to the original,character while still giving them the impression that they are an object.So if you wanna do that,do it.



Here's my cross picture.

Don't make the sprite too small,or too big.(Tebble is my smallest battle sprite,and Flowiel Dreemur is my biggest)

But remember,the picture is **TINY**,so if you wanna make it bigger,use the snipping tool.

After that,Save it and you are done!

So there it is!How I make sprites.

Mettannouncer NEO

I made this during afterschool.I really like this!

I'm gonna make a battle sprite of him soon when I get the chance.

Jesus,he is so fabulous I can't even right now.

That's it for now,Boi!!!!!!!

Me RN

Me:I have internet!

Me:That means I can make a chapter for my ObjectTale book!

Me:*Makes a new chapter to write*

Me:*Now suddenly has NO MATERIAL FOR A NEW CHAPTER CRAWLING IN MY SKIN WAKE ME UP INSIDE ALL AROUND ME ARE FAMILIAR FACE*

Me:Screw this,I'll just browse iFunny.

The Power of,you know.

God,the quality is kinda bad,but I can't do much to it.

So yeah,I made Mettannouncer NEO!This took about 30 minutes to make.I like this very much!What do you think?

Just a Short Comic.

The drawing was a bit lazy,but I blame the paper,and the pencil I used,DBM.

If you get the reference,you get spaghetti!

I can't be the only one who gets the reference.

I'm in The mood to get Spammy

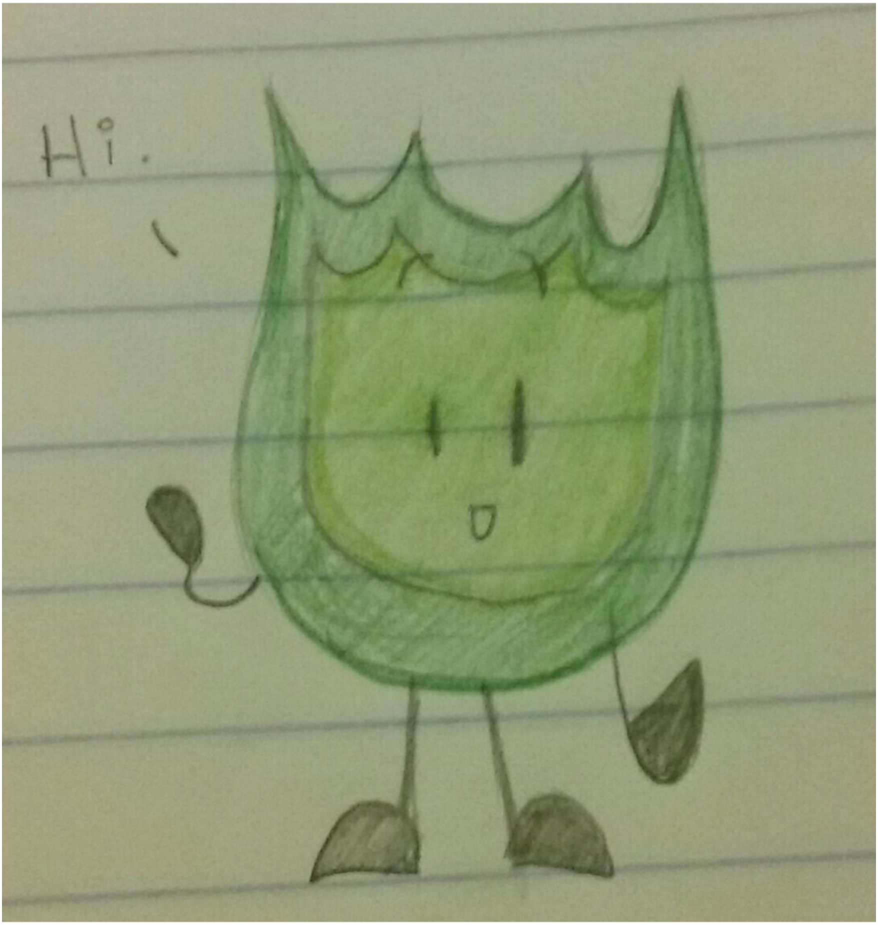
So...I wanna do a few random doodles of a few ObjectTale characters for a chapter.But I don't know who I should start with...

Leave which character I should doodle in the comments.Because yeah.

I'm really not feeling it today,I'll try to lighten up a bit.

Fuku Fire.

You know that one Fireafy fanchild?That green fire thing...



Yeah,her.

She's now Fuku Fire,because they're both fire and they're green. It obviously makes sense.

woh!

Leafiel Spamming

I'm going to do some Random drawings of Leafiel.

However....

It's called IDFB...

That's gonna take some time to get used to.

#WaterJizz

I'm thinking about something.

You know Asgore.I can tell....That he really likes plants.

Now,think of ObjectTale.Think of Snowgore.

What is his wife?

Leafiel.

Leafiel is a plant.

So I guess this means Snowgore loved plants so much he married one.

He married a plant.

But not only that.

He had a child with one...

He had a child with a plant.

Snow has water.

Plant's need water.

#WaterJizz

Snowgores son...Flowriel.

Is a plant.

He has a plant wife and a plant son.

And it's possible because of water.(It's prolly cold too *ugh...)*

But....What about Tachara....

Tachara is a Taco.

That's not a plant.

BUT

Taco shells are made of corn.

Corn is a plant.

Inside Tachara.Is lettuce and tomatoes.

What are those?

Plants.

OMG why am I so serious about this?

Snowgore loves plants so much that he married one,had a child with one.Has a plant child.AND has adopted one made of plants.

This has to be a fetish.

Honestly.

OMG UNDERTALE IS CANCER GO KILL YOURSELF FAGGOT

Ignore the title.

I officially introduced Objectale to my iFunny audience.

I am a little embarrassed knowing that there are "Offensives" waiting to hate on my hobby.Or maybe there isn't.There are TONS of things Offensives can hate on,like DDLG or anime or furries.

I like that AU

WHOREorTale.

So...I did this.

I'm beginning to browse HorrorTale stuff a lot.

And of course I have a book to update.

So I made a chapter with the HorrorTale/ObjectTale sprites.

I think I'm gonna call this AU HorrorJect.Because I think "Ject" would fit for AUs where there is no "Under".

FUCKING COMPUTER

My computer is a goddamn asshole right now.The A key won't FUCKING WORK.So that means I can't type my password THAT HAS A FUCKING A IN IT I WILL SEND YOUR ASS TO HELL IF YOU WON'T WORK FUCKER.

If my computer won't work.I can't make sprites.And I can't recreate them all.Because that will take HOURS.

Basically this book lives off 4 major things.Undertale,Object Shows,art,and SPRITES.and I can't make it now cause my computer is a FUCKING ASSHOLE!

Actually.The A key is.FUCK YOU A KEY.

I'm sorry.I'm just really pissed...about this.I can't play Sims,go on the internet,and especially make sprites.

Look at how many reads this bitch has!

WAY 2 MUCH

This is my most popular book.It has skyrocketed with READS since it was made last spring.

But nooooooooooooo...It's undiscovered.

You can undiscover my DICK(it doesn't exist so why discover it in the first place)

Honestly this is something pretty new in the object show community in Wattpad.And It's something you can turn heads to.

Honestly.Please count how many Fireafy fanfics there are in this site.WAY 2 MUCH 4 ME.

There are COUNTLESS Fireafy fanfics that has less reads than this mountain here(su reference lel)And yet this book is UNDISCOVERED??

Okay look at this.

Make up your mind WattPad!!!!

On the computer

I'm on the computer now.But its the school computer and not mine because the A key is being the fucker it normally is.

I read this whole book in one sitting and I realized something.

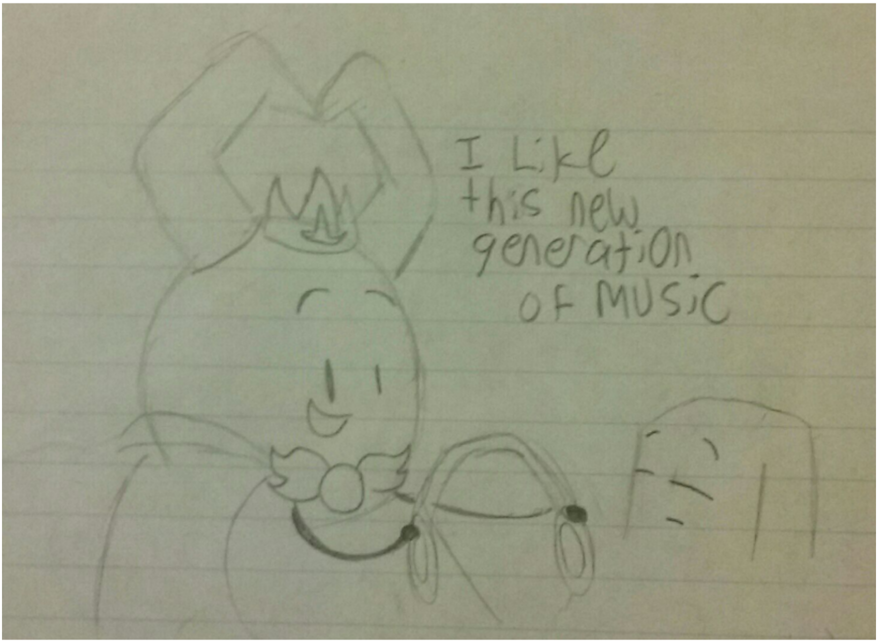
THE PICTURES ARE SO HUGE OMG!!!!

Look at my AU chapter on the computer.Holy mother of mothering mothers!They take up,like,the whole page!And you have to scroll to see the whole picture!

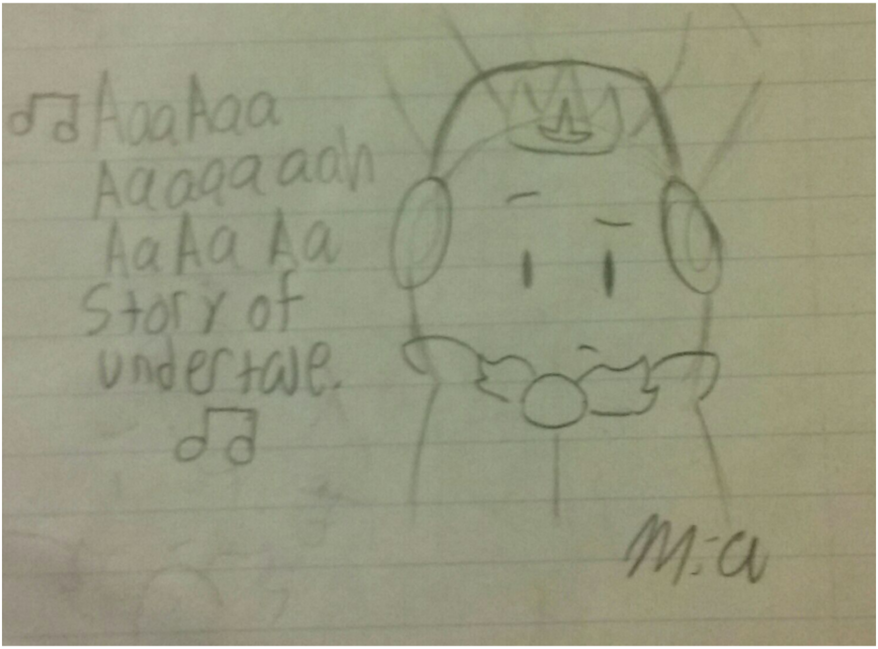
I make almost all the chapters on my phone if you wanna know...So i'm not really used to using the computer.

And especially the pictures omg.

Don't dedicate a shit song to a dead dog plz



I Like this new generation of MUSiC



Aaa Aaa
Aaaaa aah
Aa Aa Aa
Story of
undertale.
M:a

If you don't know what this song is.That's a good thing.

It's basically an Undertale version of this song from Lady Gaga.It's complete cringe.If you watch UNDERTALE CRINGE COMPILATIONS,there is a chance that you know what I'm talking about.Because that song is everywhere.

Also,this comic is a refrence.And also a meme.

I don't know what to name this.

I am EXTREMELY surprised right now.Okay,not really.I'm just surprised.

No one who reads this book found out the message/puzzle in my David as Gaster chapter.

I made that months ago and yet nobody has found it out...

Hell,I even made a list of wingding codes so it could be easy for you!

I'm not mad.I'm just surprised.Don't take it personally,k?

your Story Part

Hello to whomever might be reading this.

I'm here to talk about this book.
I haven't updated this book for a HUGE while now.

Most of the people who I follow on Wattpad are inactive.

I only open Wattpad to read a crackbook now.

I try to update my books when I have material.But I don't have much to write...

And especially this book.

The Undertale fandom is dying.

Have you seen the signs?

More and more people are being disinterested in Undertale for like,a month now.

However,The object show community is fairly small.So that fandom won't really die anytime soon.

But does this mean my book is dying too?

Yes.It probably does.

There has to be a time when this book is done being valuable.

Because all books must have an end.

All books have an end.

I know some readers will be like,"Nuuuuuuuuu this book must stay strong!"

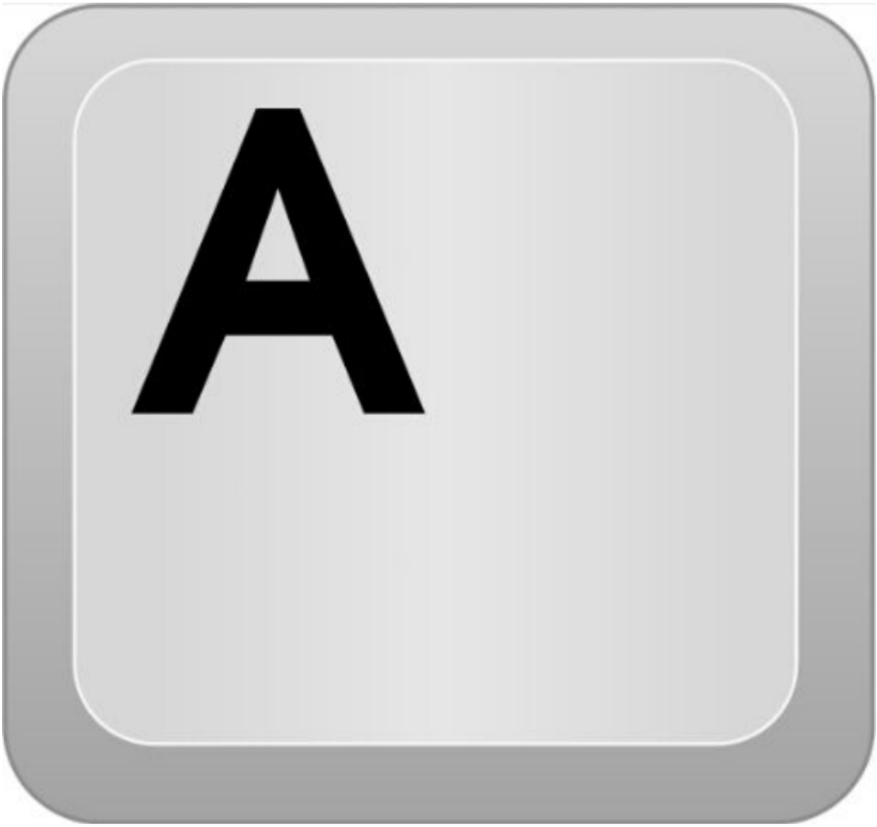
I'm trying to keep this book alive.

But there is one major factor that this book can't live without.

Sprites.

This book is dying because of the lack of my sprite art.

And some would know why.



This thing.

This thing is why this book is dying.

I'm not joking.

The A key is a spawn of hell and I fucking hate it.

I need to fix my laptop's keyboard ASAP.

Or else this book will forever be in a grave of dead fandoms.

This is depressing.

I can't go on like this.

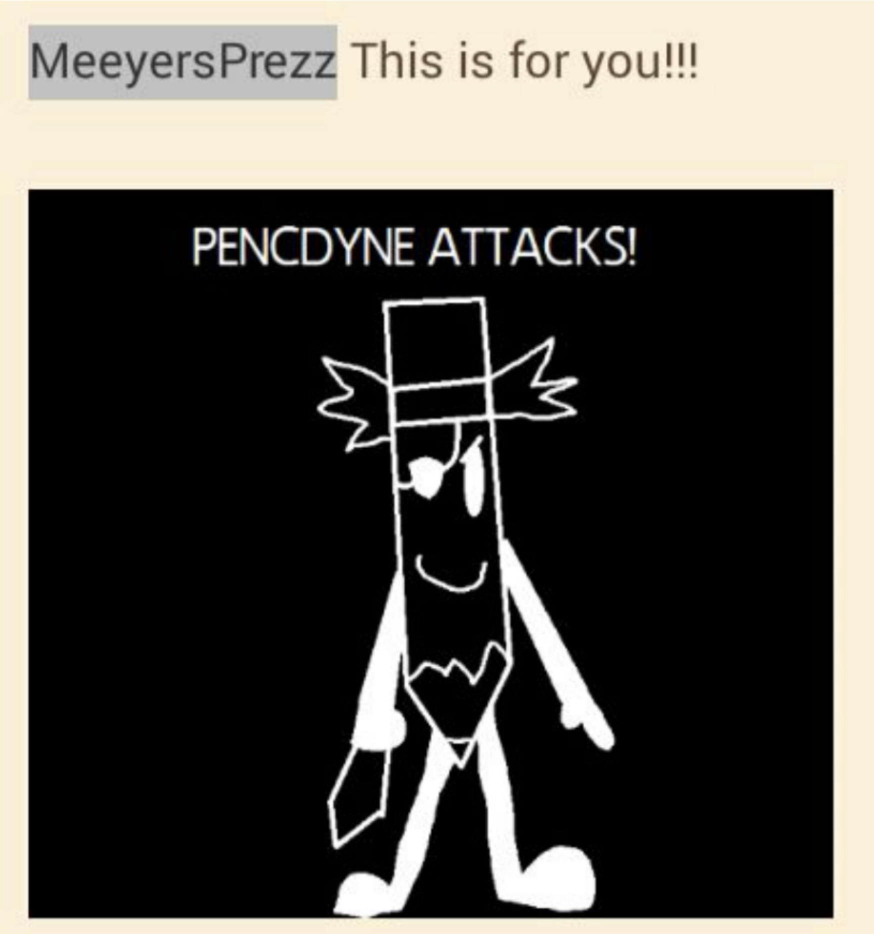
Hurricane Matthew

I live in Florida.

And Matthew is probably gonna fuck us up.

Yay.

Fanart Of Pencedyne



MeeyersPrezz This is for you!!!

PENCDYNE ATTACKS!

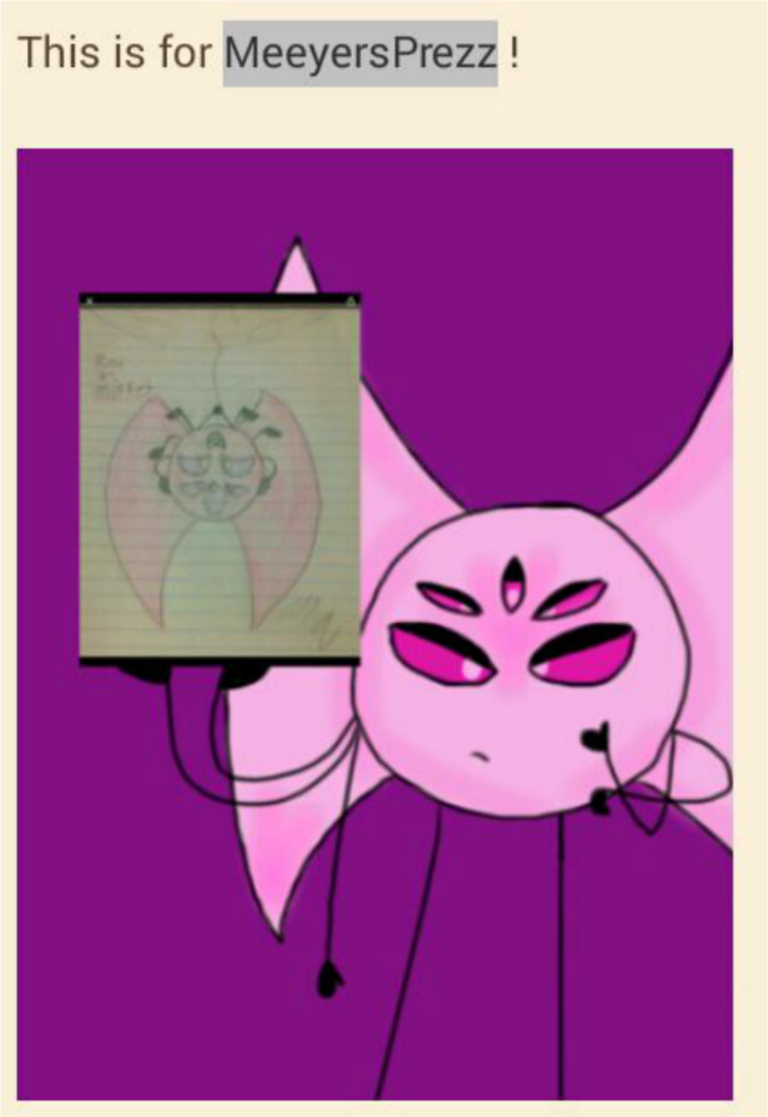
This fanart was made by keb083 on their artbook

This isn't my first fanart however.Somebody made a fan-cover a few months ago.Sadly,I lost the picture.(don't kill me pls)

Actually.Fanart is a pretty cool thing to receive.And I kinda want to receive some more.

So...if you'd like to make me fanart of any quality (I don't really care.) Just tag my name in a chapter of your artbook (if you have one)

Fanart Of Bowfett



This is for MeeyersPrezz !

This wonderful art was made by trashcans_unite in her artbook.This is awesome!!I love how she put one of my drawings in it.

I wish I could make digital art like this.But the only art software I have is MS paint (which is only good for making sprite art and making purposely bad photos)

So yeh...That's it for now.

Boi!!!(It was so long since I typed that 😭😭😭)

Mooooooosic!!!!!

To add a bit more style to my book.I added music of character themes to the chapters.

You should read the book all over again to listen to the themes of characters.

But if you don't wanna do that.Ok.

i'm fine with that....

Put a Damn Canon in your Head

I made yet another new book.

It's about BFDI headcanons.

You should read it.

I Think my Book is Officially Dead

I HAVEN'T UPDATED I'M SO SOOOOOOOOORRRY.

I'm busy writing other books and stuff.Let me tell you the aliveness of each of my books.

I Can Draw.:Still alive,an "artist" always update their drawing books.

W.I.P:I just updated a chapter a few days ago.I'm still writing on the 3rd chapter so if you read it go there.

Just a Bunch of BFDI headcanons:The new kid is having trouble fitting in with the others.But W.I.P. likes them.I'll try to update it.

Yandere Simulator/Object Show Crossovers:I made,like,3 new chapters,I kinda want some people who like Yandere Sim and Inanimate Insanity so reccomend some crossovers,please?

Object Show/Undertale Crossovers:Prolly dead.Oh wait.It's on a severe life support.I NEED MATERIAL!!!😣😣😣😣😣

DON'T JUDGE ME FOR SHIPPING IT:Who's that??Never heard of them.

My Boredom Book:Psshhh...they've been dead for a long time.

My Yandere Simulator Fanfic:That sounds like something that never existed.

The End.

I have struggled to try to keep this book alive.

And it's not working at all.

My computer's keyboard is still broken.

And not many people are reading this now.

I'm being disinterested in Undertale...

I said a few chapters ago that all books must have an end.

I think nows the right time I end it forever.

Object Show/Undertale crossovers is officially over.

I'm sorry.

But.

Don't worry.

I still keep my other crossover books alive.

You can read those.

But this is the last chapter of this book.

It has been fun writing this.

All of these crossovers are a part of my heart.

But I can't keep going.

So I guess this is.

THE END.

That's it for this book.

Boi.

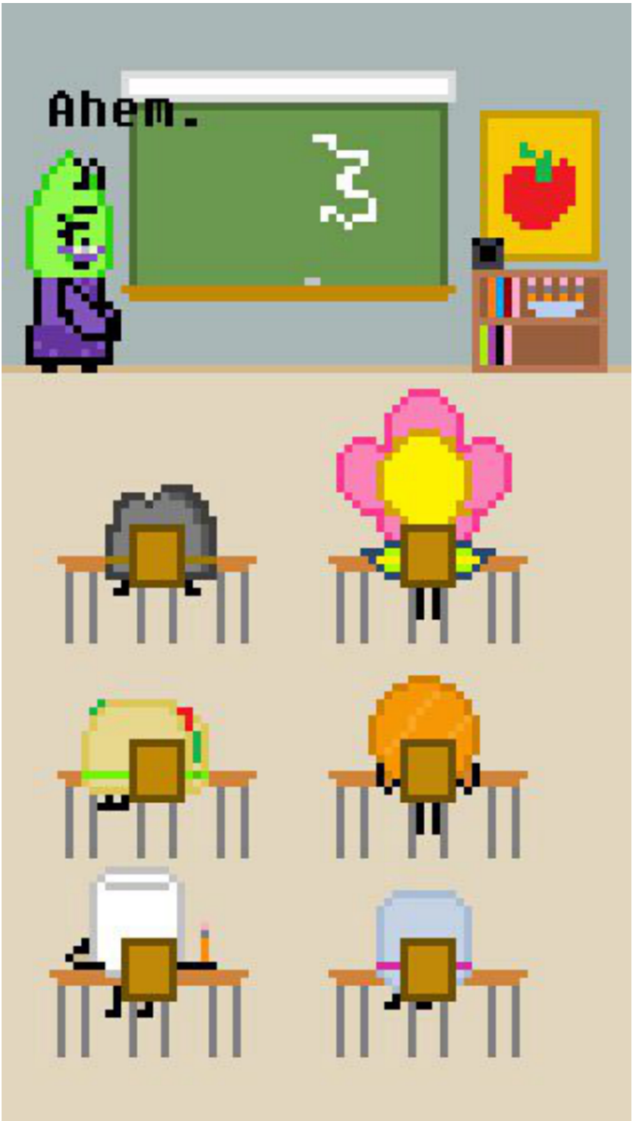
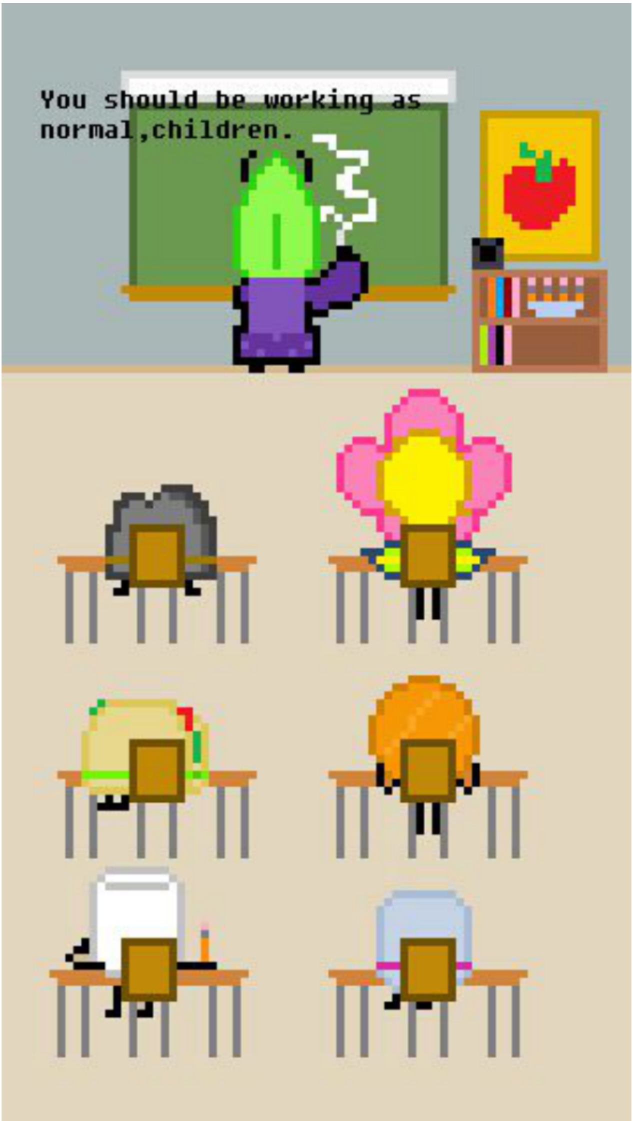
Sigh.



Ahem.



You should be working as normal,children.

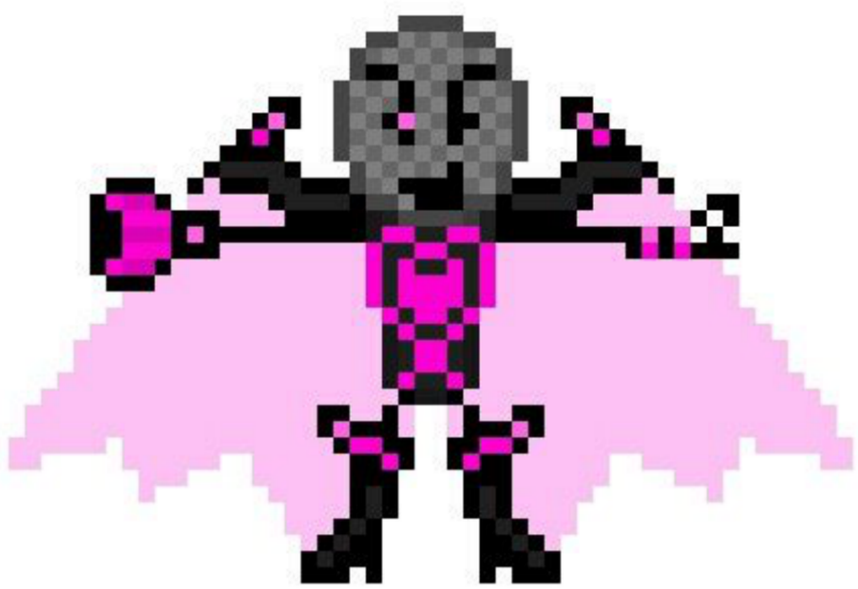
Hopefully you can read this.

This is actually the most detailed comic I made.

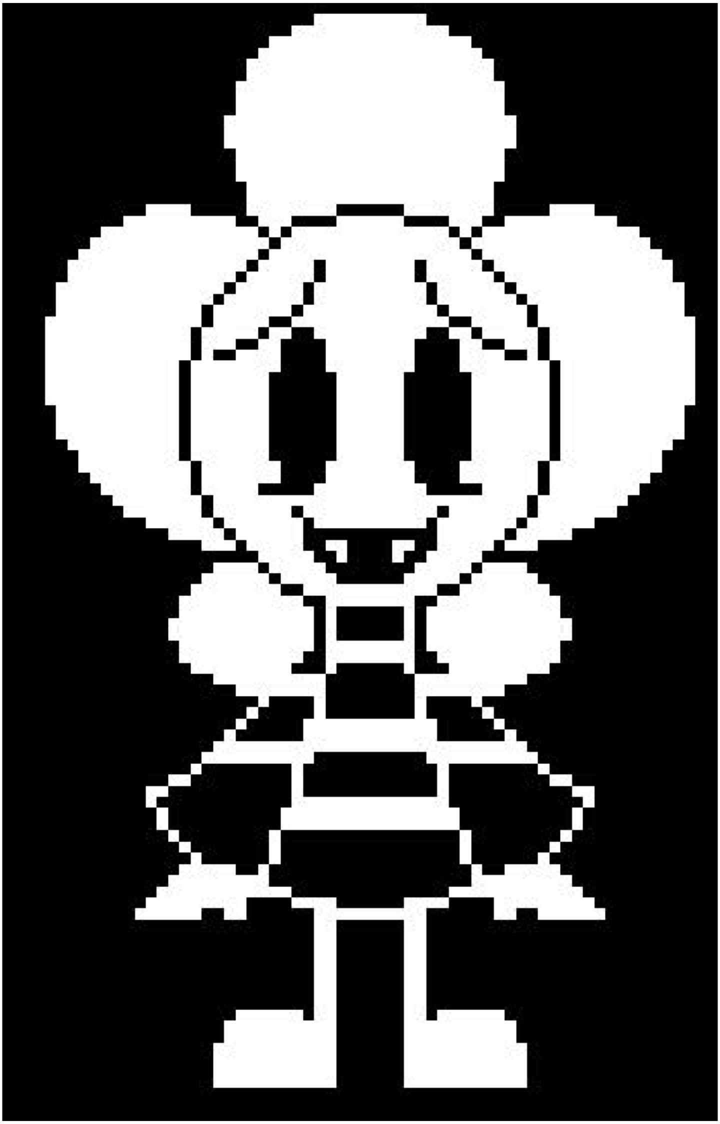
And I think you might know who the three people who made those little drawings are.

I really like this one.

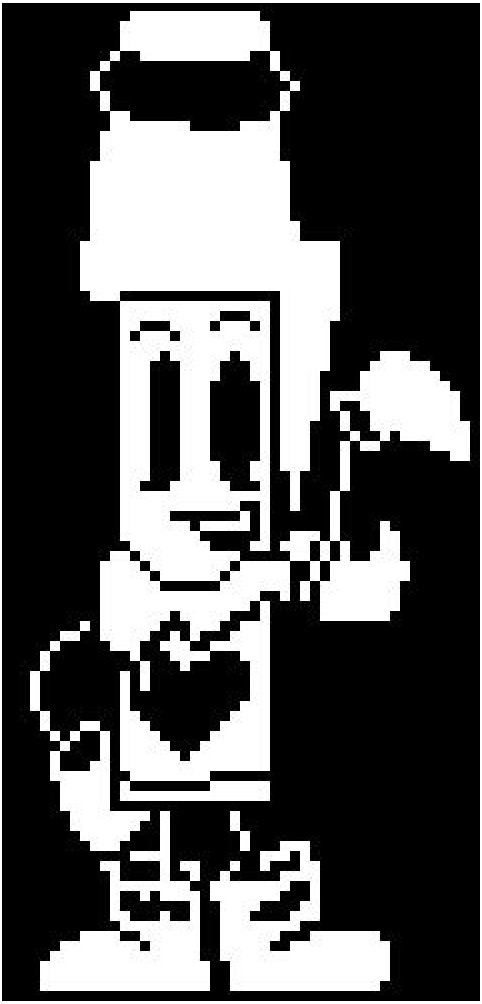
Made a Few Sprites



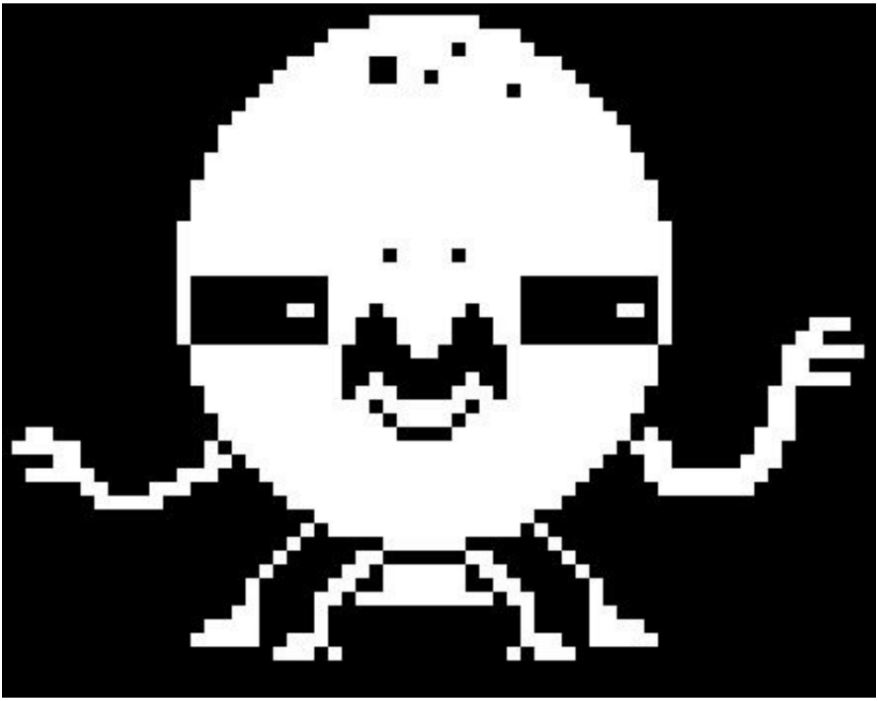
I made an overworld for Mettanouncer NEO.Though it's kinda useless cause you don't see NEO overworld in Undertale.



And I remade Flowriel's Battle sprite.The old one looked ugly.



I don't think I showed you this one.During Alphy's date,Papyrus would be seen wearing this.

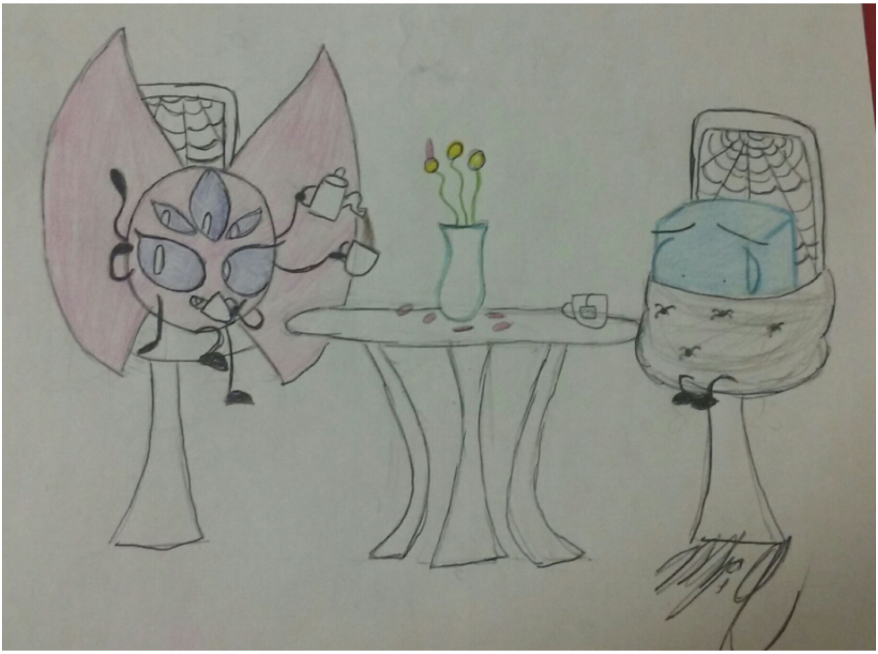


And this.

Sip.

I made this a few weeks ago.

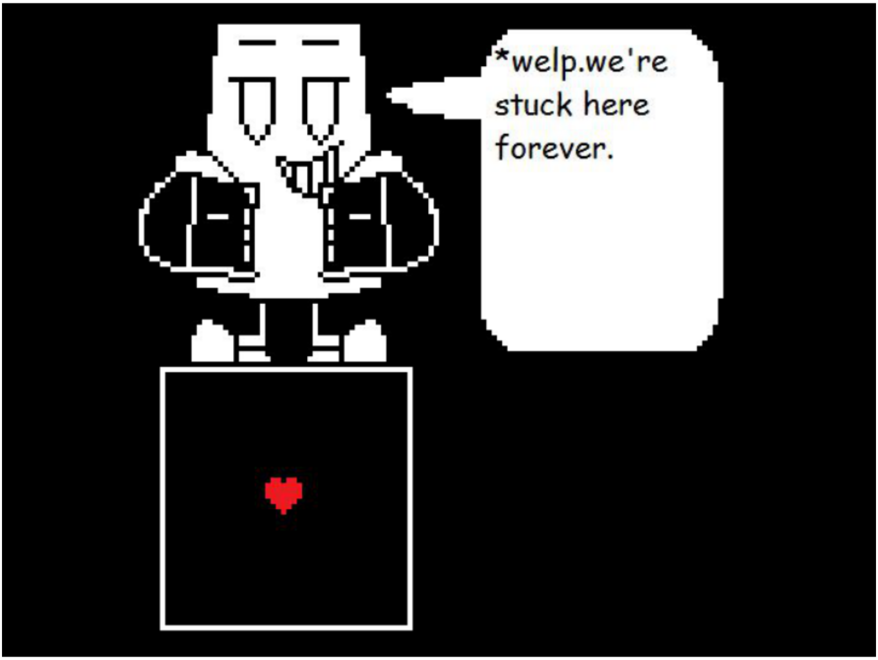
It's a picture of Bowfett and Frisk-Cube.



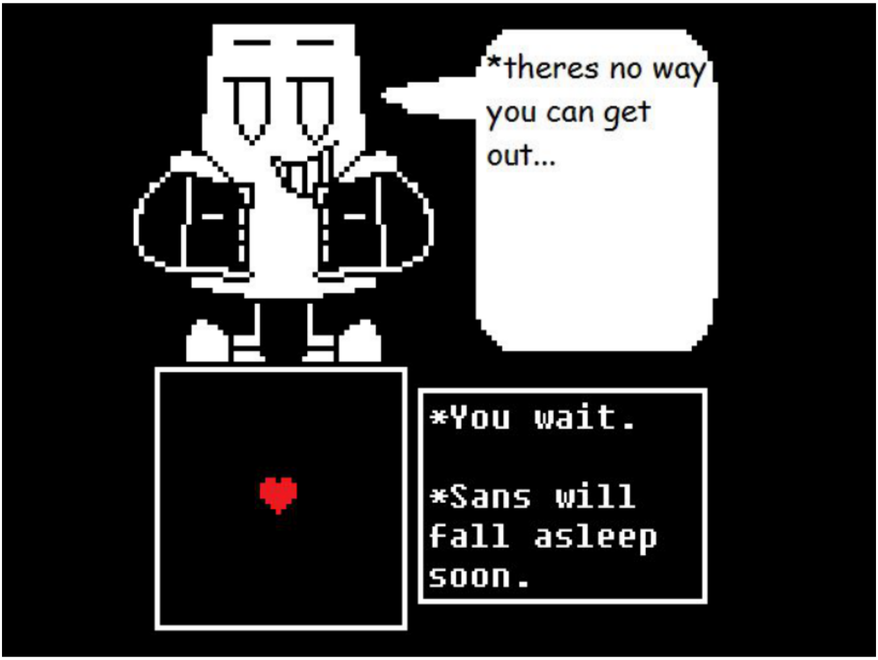
I like it.

Don't BEE mad.

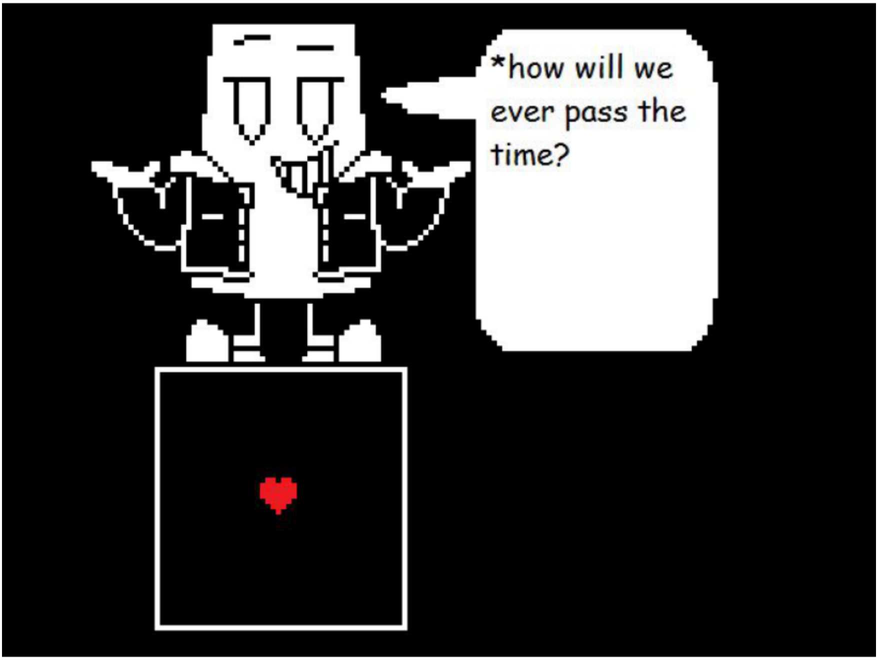
I'm sorry if you hate this meme.



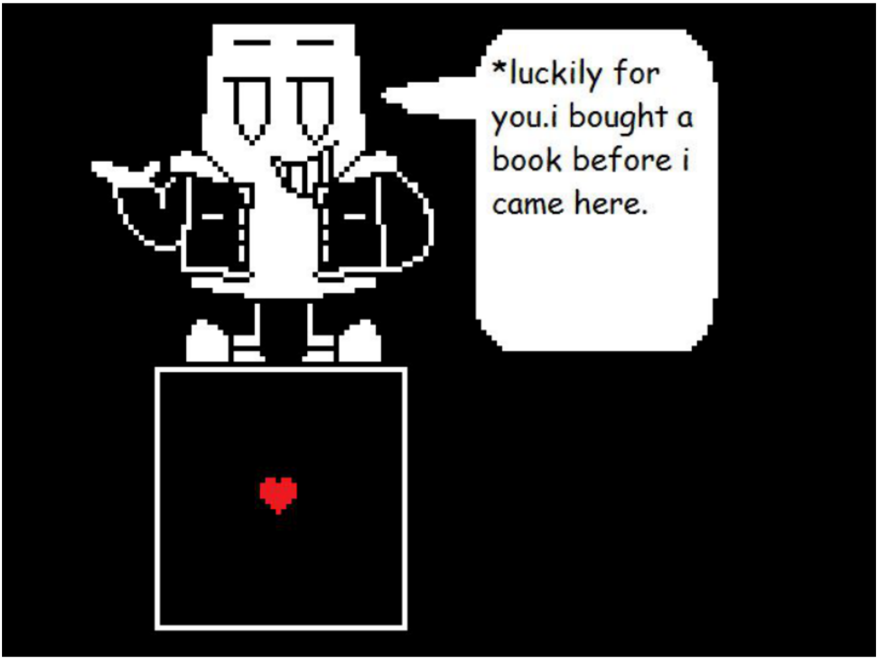
*welp.we're stuck here forever.



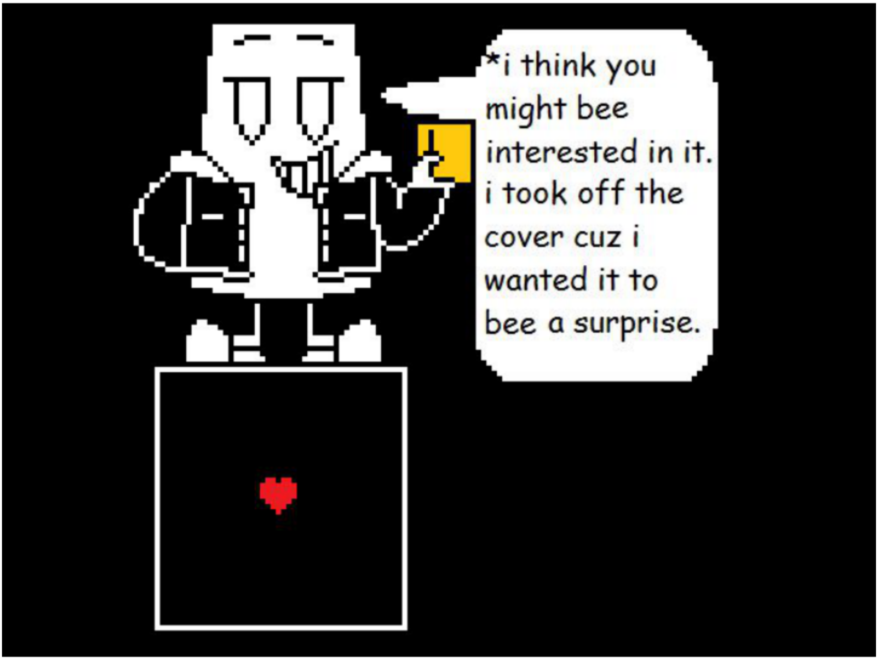
*theres no way you can get out...
*You wait.
*Sans will fall asleep soon.



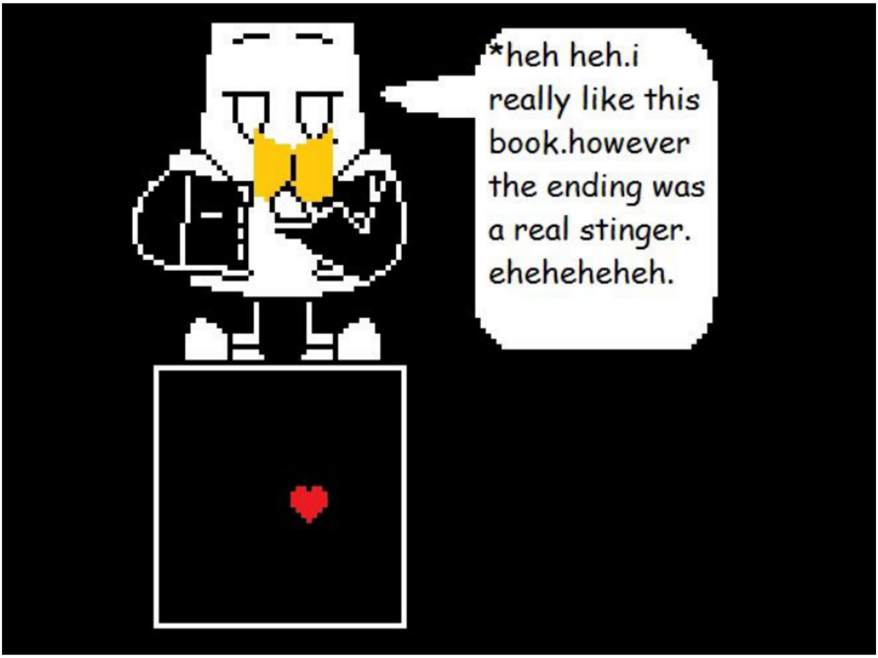
*how will we ever pass the time?



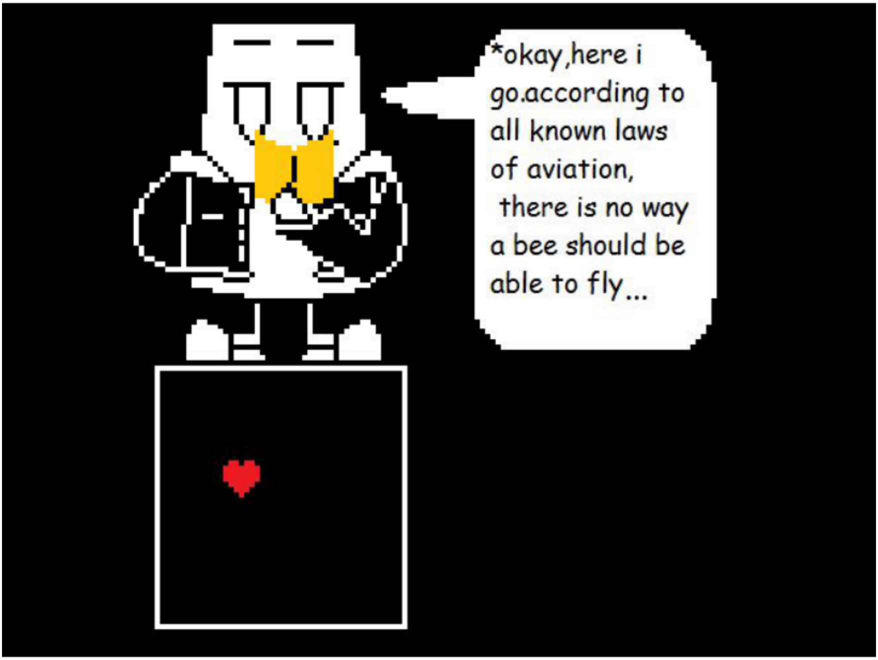
*luckily for you.i bought a book before i came here.



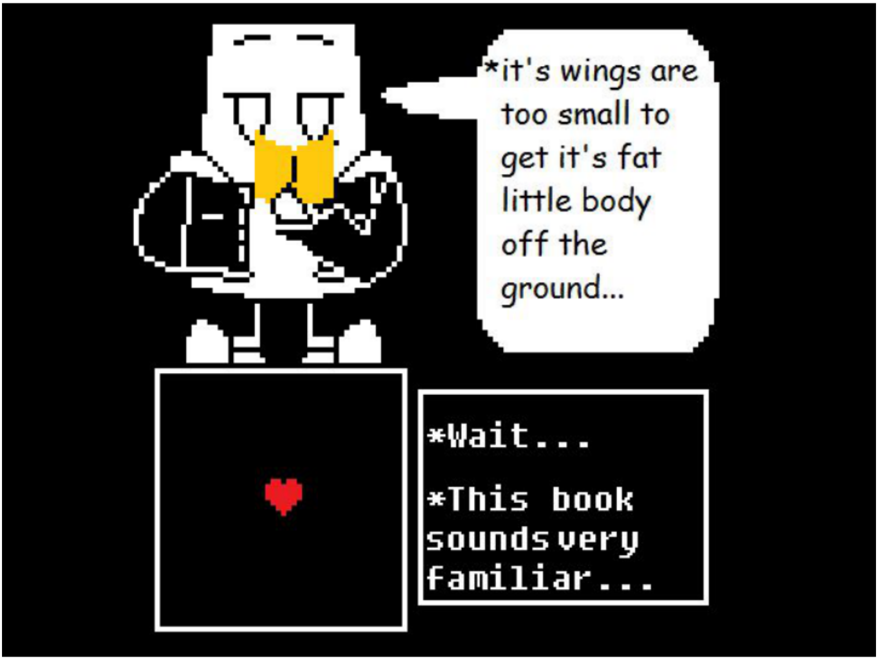
*i think you might bee interested in it. i took off the cover cuz i wanted it to bee a surprise.



*heh heh.i really like this book.however the ending was a real stinger. eheheheheh.



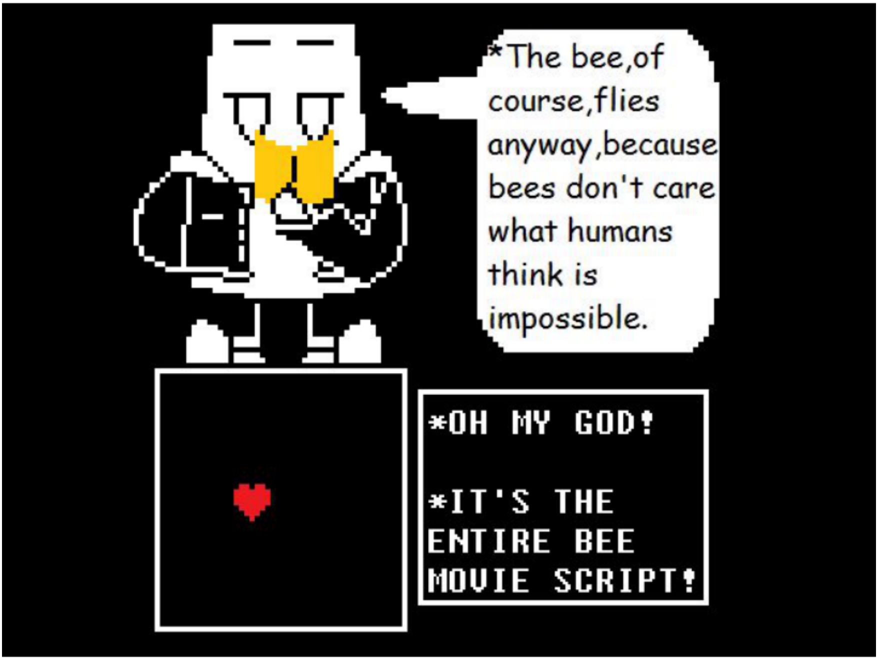
*okay,here i go.according to all known laws of aviation, there is no way a bee should be able to fly...



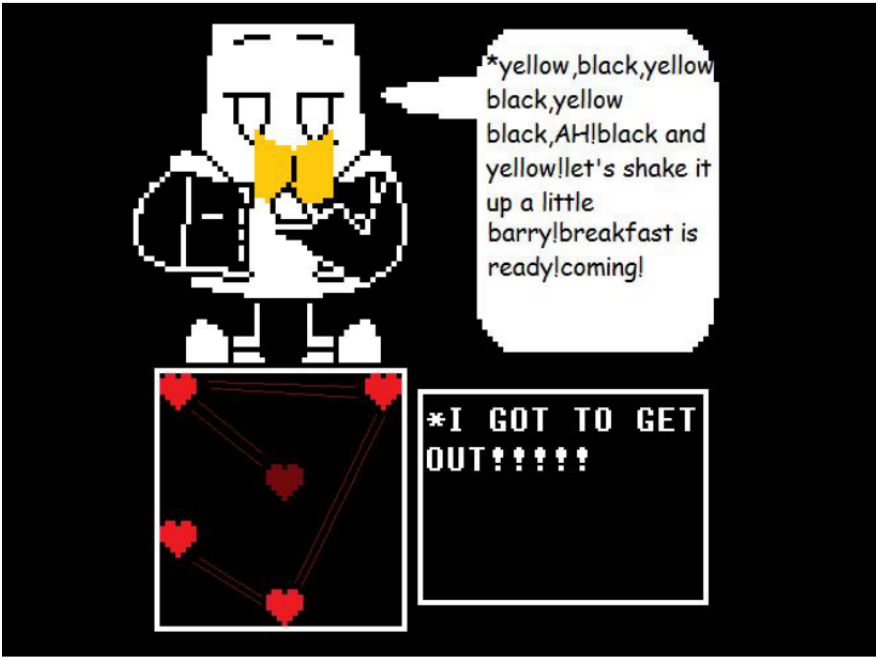
*it's wings are too small to get it's fat little body off the ground...

*Wait...

*This book sounds very familiar...



*The bee,of course,flies anyway,because bees don't care what humans think is impossible.
*OH MY GOD!
*IT'S THE ENTIRE BEE MOVIE SCRIPT!



*yellow,black,yellow black,yellow black,AH!black and yellow!let's shake it up a little barry!breakfast is ready!coming!
*I GOT TO GET OUT!!!!!

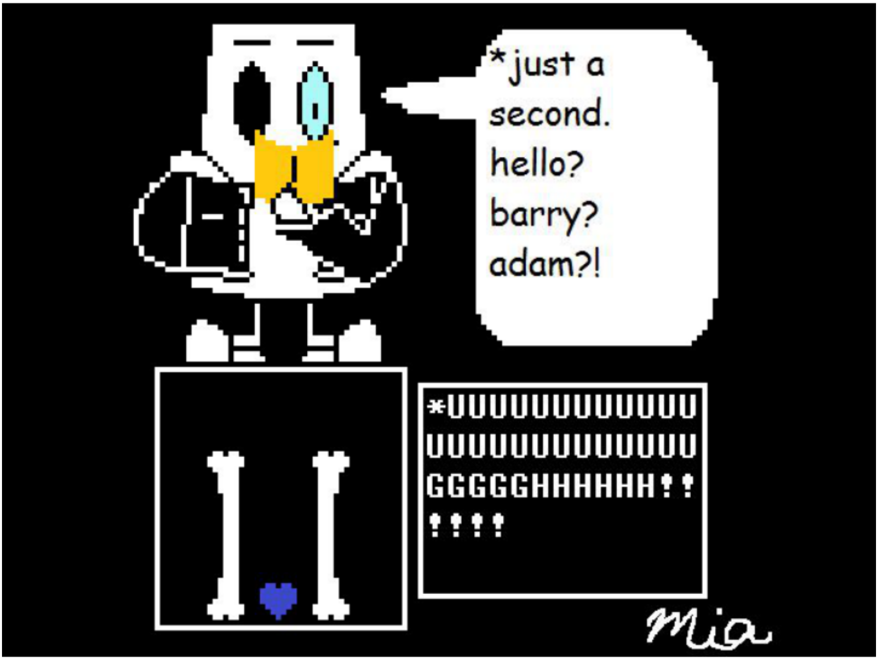
*you're gonna stay here and listen to me read the bee movie script forever,and ever AND EVER! so i reccomend that you get comfy,kid... cause,it's going to BEE a long one.
SHING!



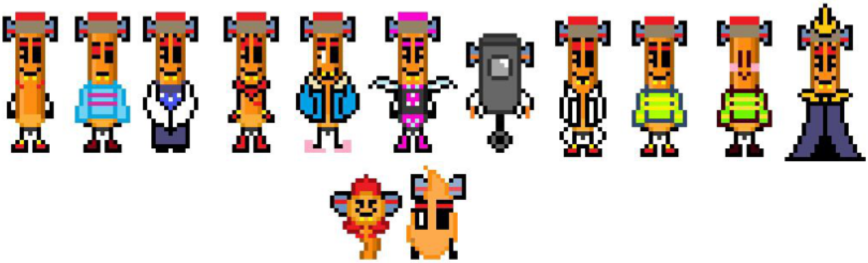
*just a second. hello? barry? adam?!
*UUUUUUUUUUUUUUUUUUUUUUUUUUGGGGGHHHHHH!!!!!!
Mia

Hehehehehehehe!I'm sorry.

This is actually the first Battle Comic I made.

I should make more.

Pencedyne-Tale



There.

The best AU of all AUs.

TAKE IT AND LEAVE PUNK!

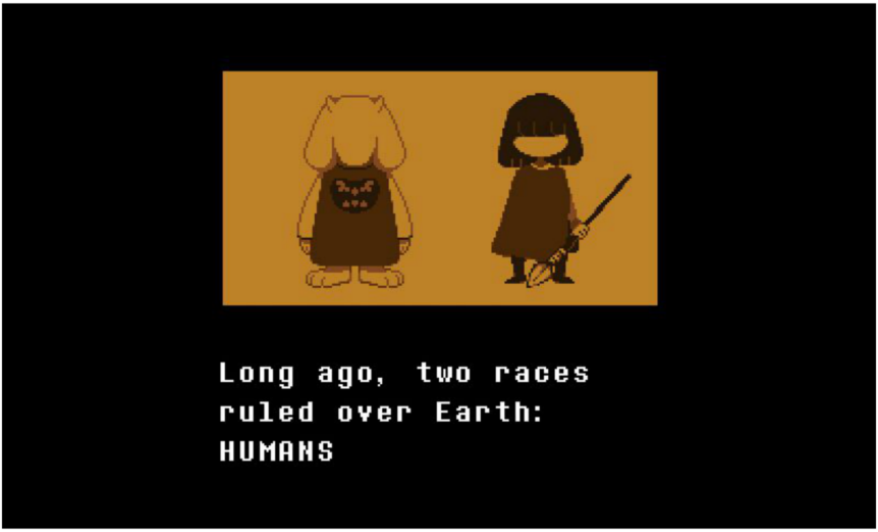
Okay....so....

I'm starting to play Undertale again.And I looked a bit at my own sprites for the game....

They need to be recolored.

I'm gonna take a while to recolor the sprites.

I'm also planning to make the intro for it.But the only thing I got done is



Long ago, two races
ruled over Earth:
HUMANS

Leafiel in this picture.

And,boy.It's hard.

I just finished making the snowmen that Papyrus and Sans would make.But I didn't transfer it into my phone,you might wait until tomorrow.

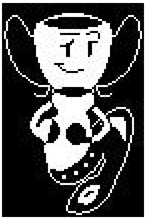
Please do this.

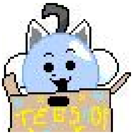
I want you to save these pictures in your computer.If you have one.

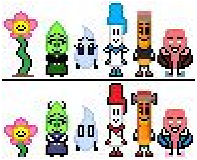
These are a bunch of sprites.Don't use the snipping tool or anything.

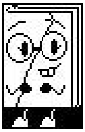
Save them in you're computer.

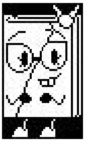
I'm trying something out.

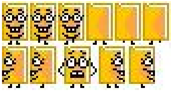


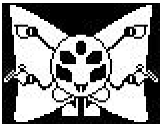


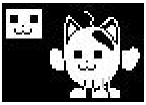


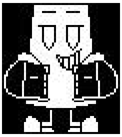


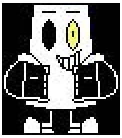


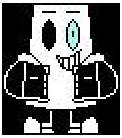


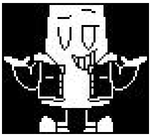












These are only a few.

Save these in your computer,and then go in MS Paint.

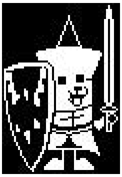
Soom into a picture.And try using paint with it.

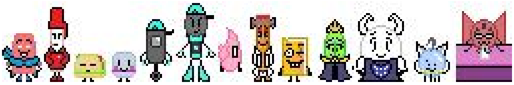
If you can use it perfectly.THANK YOU!

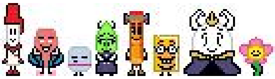
You have these sprites in your computer!

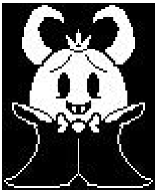
And now you can make sprite comics!

More sprites.

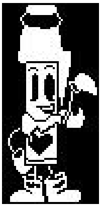


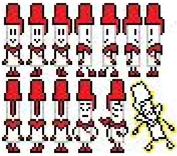




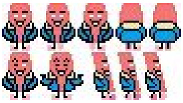


PEN

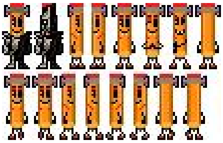


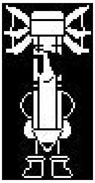


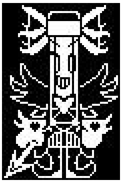
You can use these sprites for Penpyrus for now.I'm recoloring them tomorrow.

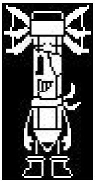


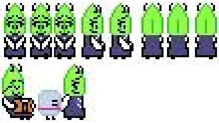
Same for these Erasans sprites.





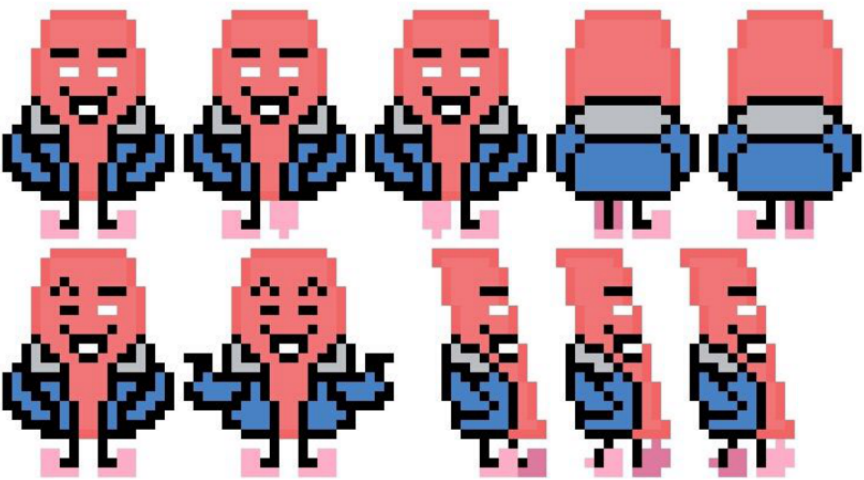


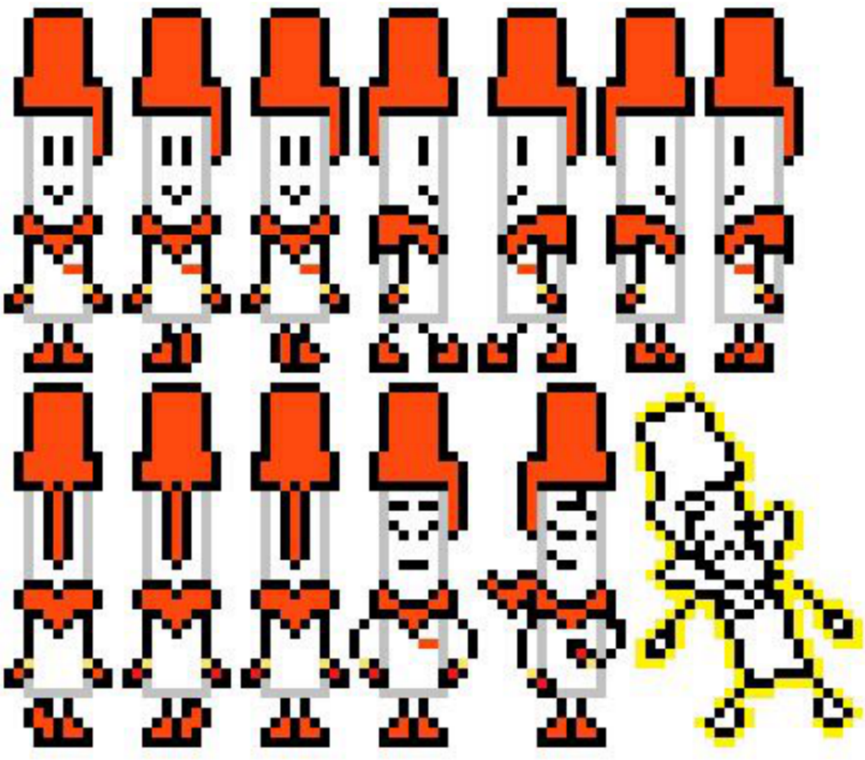




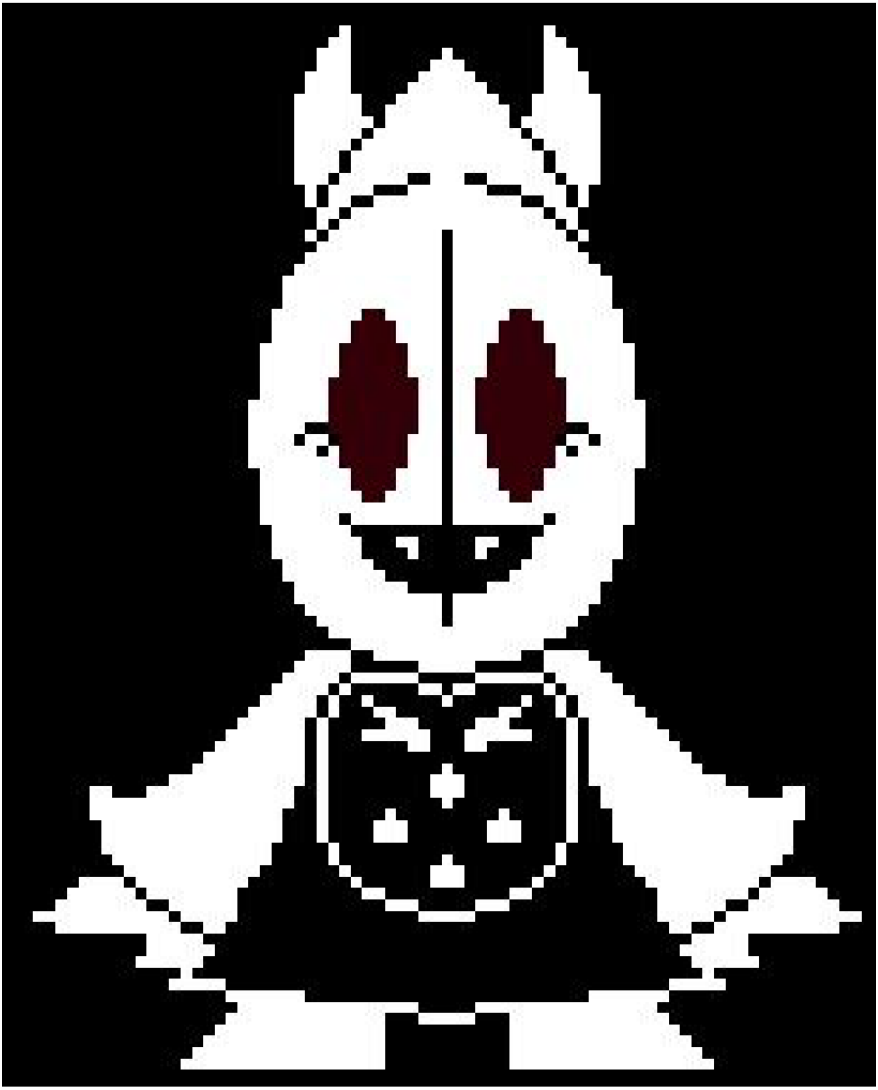
I reached the limit.

finished some things.

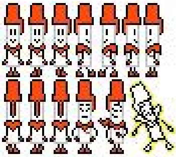


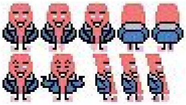


Recolored these two.

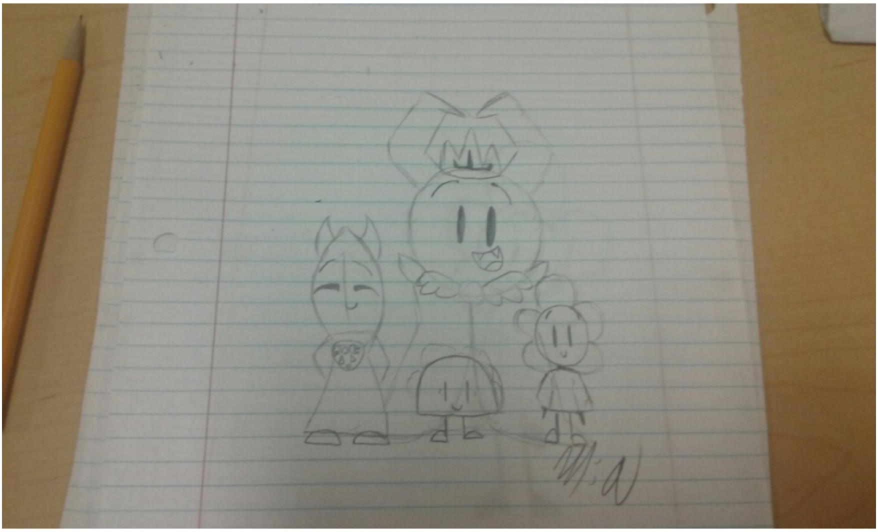


And I remade Leafiels battle sprite.





The Dreemurr family.



I don't really have much to post as of now.But since this book is my responsibility,I drew this picture of the Dreemurrs.I'm sorry if this is a bit lazy.But I like it.

I really wanna make a comic on paper.

But I don't really have motivation now.

Heheh...

Sorry.

Also.

I remember making a chapter with these really small and compressed versions of these sprites.

I uploaded them so you can save them in your computer.And you know,make other sprites or comics with them!

It may be hard at first but It's really fun!I would really wanna see some that you make.I might make another chapter for sprites I might of missed.

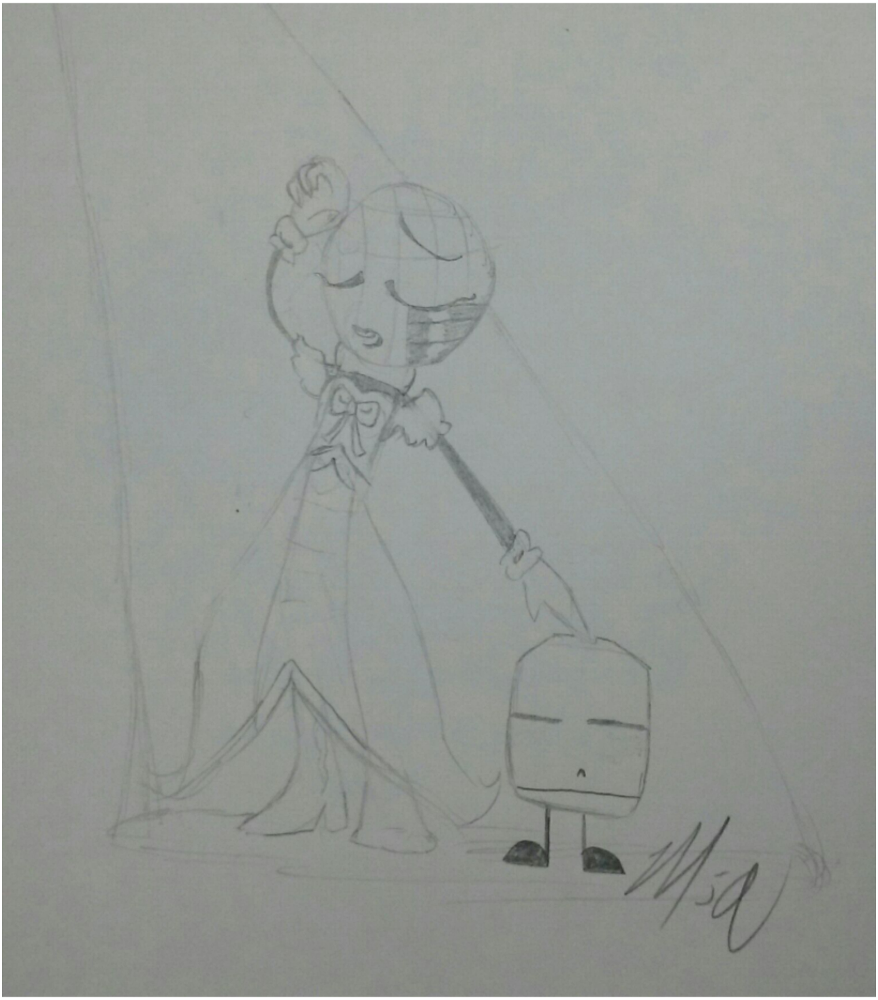
This lovely drawing of Flowriel.It took me a while to make that.



This might be hard to see.It's Mettanouncer in a dress being all dramatic.

I want to not live.

Okay,so I'm here,late at night.

I think of an Undertale AU.

Called.

Underage.

Get this,get this.

It's like,Underlust.

Everyone is a

Teenager.

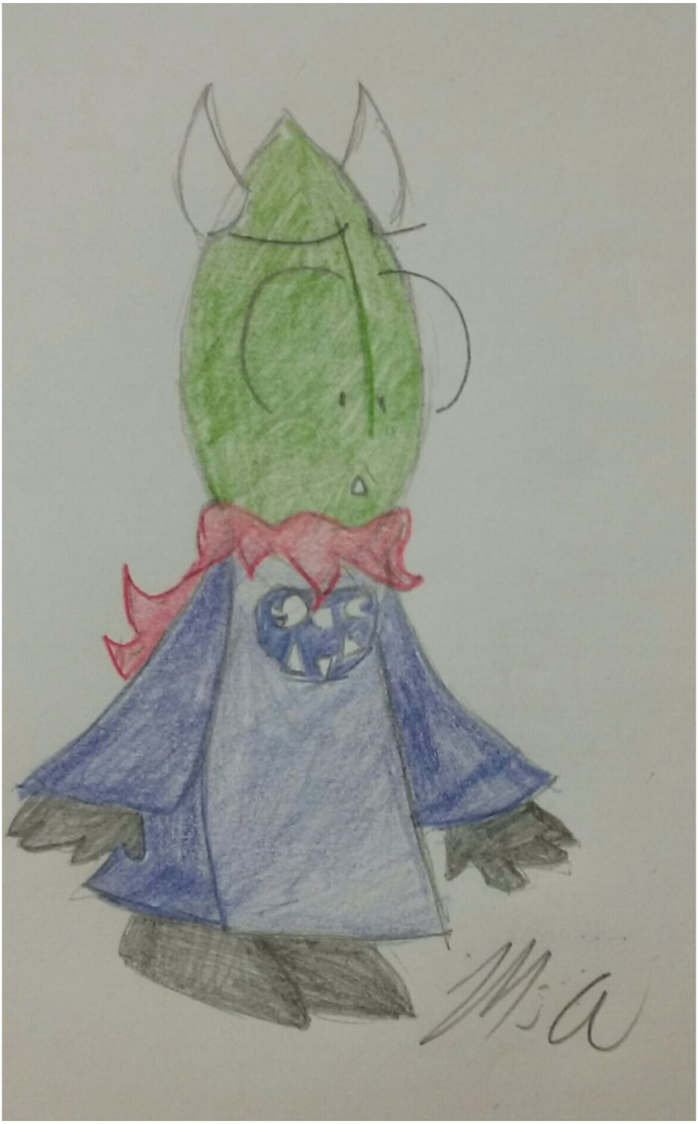
Talk about this at A L L.

Undertale Yellow

I'm beginning to be interested in Undertale Yellow.

So I drew Undertale Yellow Toriel



Does anyone know who Clover (The cowboy kid) should be?

Box as The Dummies.

I know,some people might already know this.But I never made a chapter on it so yeah.

MeeyersPrezz this is an objecttale fanart for u

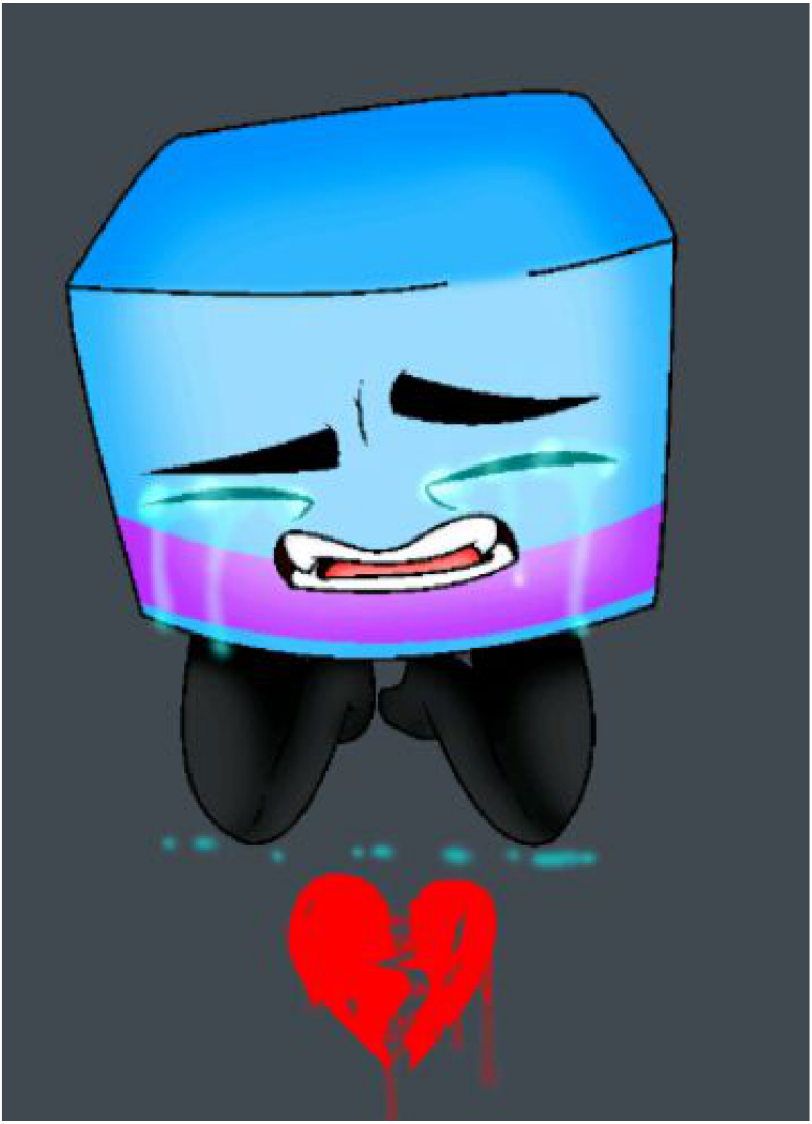
A drawing of Frisk-Cube.



(Your heart hurts so much,you killed all these innocent people.But you MUST keep going.You NEED to see the end.You are filled with DETERMINATION.)

This amazing piece was made by CanIHazMeep thank you very much!

Words cannot describe how good this drawing is.Not even I can make something as good with my own two hands. (btw what art software do you use?)

Me:(You are filled with JEALOUSY)

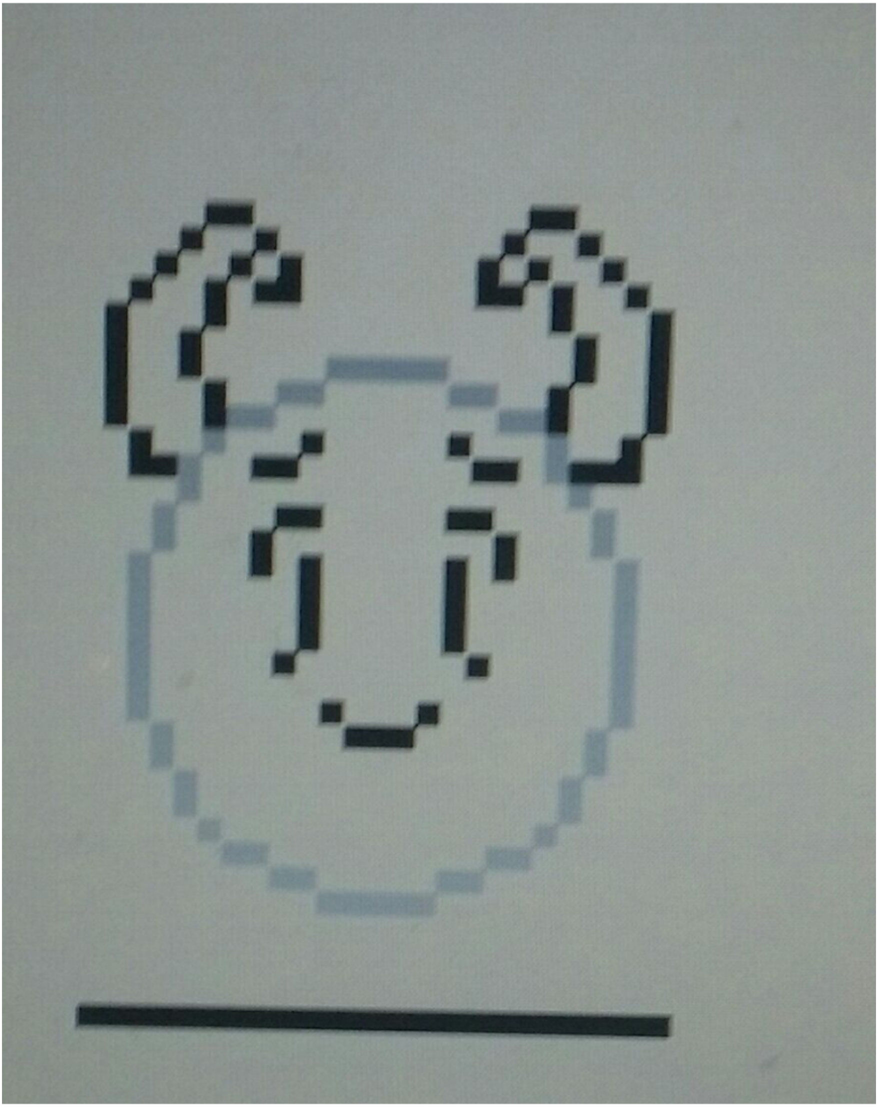
And everyone.It was actually her who made me start this book.She's responsible for giving me the inspiration to start this book.If she wasn't here this book wouldn't be here.It would mean a LOT to me(and her) if you would check her books out because her art is OBVIOUSLY better than mines (Like seriously, have you ever seen me make something as good as this?!)

Thank you CanIHazMeep.

That's it for now.

Bye.

Mmm…You like that,Toriel?



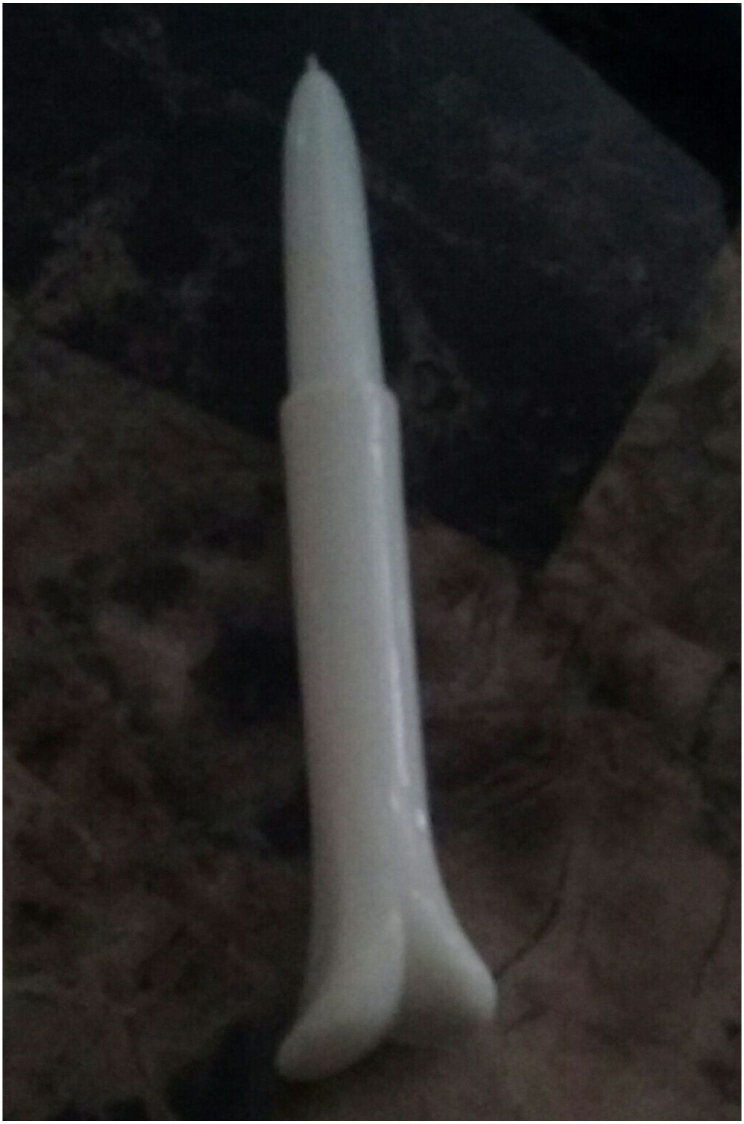
AAAAAAAA HE'S NEK!!!!!

AAAAAAAAAAAAAAAAAAAAAAA

I'm sorry.

I'm working on a sprite comc right now with Asgore.But my computer doesn't want to cooperate with me.

It's not a dick.



It's a bone pen.

Cough Cough

PENPYRUS.

The Six Human Souls

You are filled with
determination.

Wow,it's been a while,huh?

Okay,I've been thinking a bit of who should be the six human souls.

I'm thinking that Coiny be Justice/Clover cause I like it.

Marshmallow is Patience.

I want Apple to be a soul but I don't know who.I'm thinking Kindness.

Test Tube is Perseverance.

And I need ones for Integrity and Bravery.Who do you think should be them?

Also...

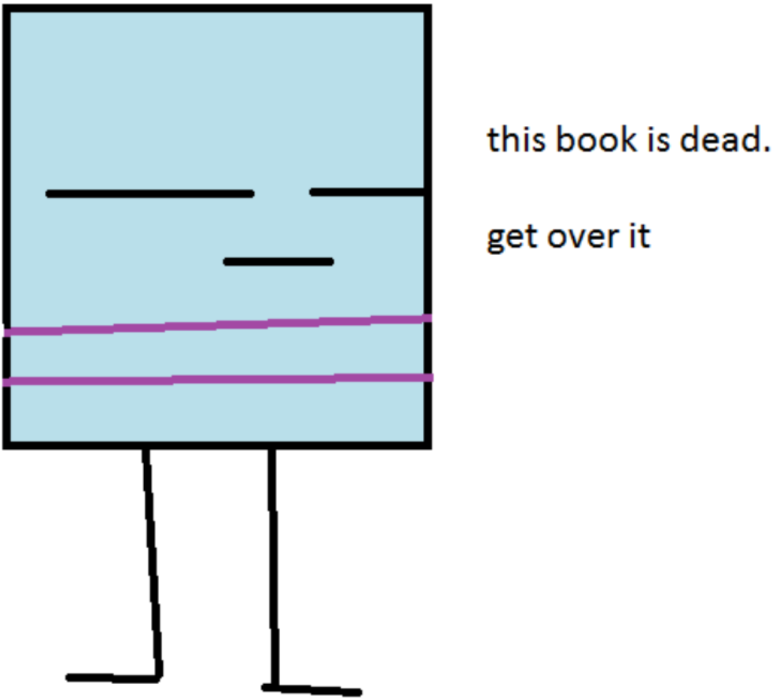
I'm sorry I haven't updated in a long time,I'm not really in the Undertale fandom anymore.

I'm making a sprite comic,but it's taking a long time and it might not come out.

That's it for now!

Boi!!

HEYYYYYYYYY



this book is dead.
get over it

Listen...if you still have this book in your library.

Then I congratulate you for still believing I would post again.

But things aren't really looking that way.Mostly because I'm not in the Undertale Fandom anymore.

However,there is a way that this book can still live on...

Let me ask you a question.

Would you guys want to download my sprite sheets?

You can use them to make sprite comics in MS Paint and you could send them to me,and I'll post them here.

it's actually really easy to make sprite comics.

If you'd like,I can upload them soon.

:)
